MINUTES

California Housing Finance Agency (CalHFA) Board of Directors Meeting August 13, 2020

Meeting noticed on August 3, 2020

1. ROLL CALL

The California Housing Finance Agency Board of Directors Meeting was called to order at **10:08 a.m**. by Acting Chair Gunning. A quorum of members was present.

MEMBERS PRESENT: Patterson, Ma, Gallagher, Gunn (for Imbasciani),

Gunning, Miller (for Bosler), Hunter, Velasquez, Prince, Sotelo, Russell, Castro Ramírez, Campbell

(for Gordon), Avila Farias*

*Avila Farias was present remotely but was unable to connect to the video conference with audio capabilities. She remained in listen only mode for the duration of the meeting.

MEMBERS ARRIVING

None

AFTER ROLL CALL:

MEMBERS ABSENT: Johnson Hall

STAFF PRESENT: Claire Tauriainen, Melissa Flores, Kathy Phillips,

Kate Ferguson, Francesc Martí, Don Cavier

2. APPROVAL OF MINUTES – July 9, 2020

The minutes were approved by unanimous consent of all members in attendance.

3. CHAIRMAN/EXECUTIVE DIRECTOR COMMENTS

Chairman comments:

 Acting Chair Gunning congratulated Executive Director Patterson on her reappointment by Governor Newsom. He also congratulated members Sotelo, Johnson Hall, and Prince for the Senate confirmation of their re-appointments to the Board.

Executive Director Patterson comments:

- The first CalHFA deal to use recycled bonds closed last month. It was a successful transaction with no issues or problems to report.
- The Agency has interviewed several canidates to fill the vacant Director of Enterprise and Risk Management position.
- The 2020-21 Capitol Collaborative on Race and Equity (CCORE) program starts at the end of the month and CalHFA will be represented by 16 staff members during the 15-month, multi-agency program that is designed to increase racial equity in institutional culture, policies, and practices. She acknowledged Director of Administration, Jennifer LeBeouf, for her hardwork to include CalHFA in the program.
- NCSHA's Annual Conference and Showcase will be held virtually in October and any members interested in attending should contact Melissa Flores.
- 4. <u>Discussion, recommendation, and possible action regarding approval of the implementation of the National Mortgage Settlement Housing Counseling</u>
 Program Resolution No. 20-15

Presented by Phillips and Tauriainen

On a motion by Castro Ramírez, the Board approved staff recommendation for **Resolution No. 20-15**. The votes were as follows:

AYES: Gallagher, Gunn (for Imbasciani), Gunning,

Hunter, Ma, Sotelo, Velasquez, Prince, Russell, Castro

Ramírez

NOES: None

ABSTENTIONS: None

ABSENT: Johnson Hall, Avila Farias

5. <u>Discussion, recommendation, and possible action to increase the Executive Director's delegated approval authority pertaining to Multifamily lending Resolution No. 20-16</u>

Presented by Ferguson

On a motion by Russell, the Board approved staff recommendation for **Resolution No. 20-16.** The votes were as follows:

AYES: Gallagher, Gunn (for Imbasciani), Gunning,

Hunter, Ma, Velasquez, Prince, Russell, Castro Ramírez,

Sotelo

NOES: None

ABSTENTIONS: None

ABSENT: Johnson Hall, Avila Farias

6. Review and discussion for possible Board action to take a position on pending legislation

Presented by Martí

Director of Legislation and Policy, Francesc Martí, reported to the Board the negative impact that proposed legislation, AB 69 (Ting), would have on the Agency. AB 69, as proposed, violates the covenants CalHFA makes to its bondholders and impinges on the Agency's fiscal independence. Martí is working with the bill's authors to provide technical assistance. However, the Agency may bring this item before the Board for action to oppose the bill at the September meeting if needed.

7. Reports

Acting Chair Gunning asked if there were any comments or questions regarding the reports and there were none.

8. Discussion of other Board matters:

Acting Chair Gunning asked if there were other matters to discuss and there were none.

9. Public Comment:

Acting Chair Gunning asked if there were any comments or questions from the public. The following attendee provided comment on Agenda Item #4:

Faith Bautista, CEO, National Asian American Coalition

10. Adjournment:

As there was no further business to be conducted, Acting Chair Gunning adjourned the meeting at 10:57 a.m.

M E M O R A N D U M

To: CalHFA Board of Directors Date: August 28, 2020

From: CALIFORNIA HOUSING FINANCE AGENCY

Tia Boatman Patterson, Executive Director

Subject: Resolution 20-17: 2020-2021 Allocation of AB 101 Low- and Moderate-Income Funds

1. SUMMARY

AB 101 of 2019, as modified by AB 89 of 2020, provides CalHFA with \$50 million in FY 2020-21 to finance low- and moderate-income housing. CalHFA staff, with input from stakeholders and in alignment with the Agency's broader inclusive communities strategy, has developed an allocation plan for the \$50 million.

Staff is seeking board approval of this plan, as outlined in Resolution 20-17.

2. BACKGROUND

2019-20 State Budget

Housing trailer bill AB 101, signed by Governor Newsom on July 31, 2019, provided CalHFA with \$500 million to finance low- and moderate-income housing. In accordance with its legislative purpose, CalHFA has been deploying these funds as part of a comprehensive strategy to serve a broad range of incomes.

This is a one-time General Fund statutory appropriation and is to be used over multiple fiscal years. AB 101 provided the following funding schedule per fiscal year:

• FY 2019–20: \$200 million

• FY 2020-21: \$95 million

• FY 2021–22: \$120 million

FY 2022–23: \$85 million

2020-21 State Budget

Due to the fiscal constraints imposed by the COVID-19 economic crisis, AB 89, the Budget Act of 2020, reduced the AB 101 appropriation by \$250 million. The new multi-year schedule is as follows:

FY 2019–20: \$200 millionFY 2020–21: \$50 million

FY 2021–22: \$0FY 2022–23: \$0

Potential Federal Funding and Restoration of Cuts

Pursuant to Section 8.28 of AB 89, if the State of California receives \$14 billion in flexible federal funding by October 15, 2020, \$45 million would be restored to the AB 101 low- and moderate-income appropriation. This would bring the FY 2020-21 total to \$95 million and the multiyear total to \$295 million. The cuts to FY 2021-22 and FY 2022-23 would not be restored even if California receives additional federal funds.

3. ALLOCATION PLAN

<u>Affordable Multifamily Housing for low- and moderate-income households to create inclusive communities</u>

• \$50 million to create:

- 1. Affordable multifamily housing for low- and moderate-income households to create inclusive communities
 - Strengthen CalHFA's permanent lending products
 - Align with any potentially new State Tax Credits
 - Regulatory requirements
 - Common application
- 2. Innovative financing tools to serve a variety of income levels and housing types
- 3. Disaster relief programs
 - Address multifamily supply through new construction or preservation

Update on the commitments and uses of the \$200 million FY19-20 allocation:

• \$140 million for the Mixed-Income Loan Program

The 2020 Mixed Income Program ("MIP") which was paired with 2020 Tax-Exempt Bonds and \$200 million in 2020 State Tax Credits (as provided in AB 101) was highly successful on several important fronts. MIP 2020 was structured as an over-the-counter product allowing a pipeline of shovel-ready projects to move through the approval process without the time-consuming and cumbersome processes related to a NOFA or rating structure. By relying on minimum benchmarks related to project readiness and efficient use of state resources, MIP projects moved through preliminary MIP approval and receipt of bond cap allocation within 6 months.

Actual commitments to date:

- \$144 million in new MIP subsidy loan commitments.
- 20 new construction projects containing 3,229 units
- Project affordability ranging from 30%-120% AMI with an overall average of 60%

- \$60,000,000 for Innovative Finance Tools to serve a variety of incomes
 - \$40,000,000 allocated for single family down payment assistance for:
 - 1. Non-traditional homeownership opportunities
 - Manufactured housing
 - Single Family homes with Accessory Dwelling Units (ADU)
 - Leasehold properties
 - 2. Housing preservation
 - o 203K limited home improvement loans
 - 3. Increasing housing inventories
 - New construction properties
 - 4. Essential Service Employees
 - o Veterans when using the CalHFA VA loan program
 - Teachers and Employees of School Districts
 - Employees of Fire Departments
 - 5. Supporting recovery efforts in fire affected areas by making homeownership possible via down payment assistance

Actual uses and commitments to date:

- Uses (loans funded): \$29,800,000
- o Commitments (pipeline): \$2,000,000
- \$19,125,000 allocated for single family accessory dwelling units.
 - 1. CalHFA plans to use \$19,125,000 to finance the construction of Accessory Dwelling Units in 2021 and beyond as part of its comprehensive strategy to serve a broad range of incomes, in accordance with the legislative intent of AB 101. This builds on CalHFA's experience with the ADU pilot in the City of Clovis and will provide the necessary resources for CalHFA to launch a partnership with Fannie Mae to facilitate secondary market access for ADUs. It also responds to the Legislature's interest in ADU financing, expressed in the Senate's budget proposal in 2019 to provide funds for innovative financing for ADUs, as well as 2020 legislation to create a state financial product to support ADU construction.

\$875,000 allocated for Community Land Trust

- 1. CalHFA is providing \$875,000 for infrastructure, site work and upfront fees to lower the cost of homes to be developed on an infill site in Cotati, California. As a condition of CalHFA's funds, the homes to be developed on the site will have 99 years of ongoing affordability restrictions.
 - Jamie Lane is a prototype homeownership program where the Housing Land Trust of Sonoma County is developing modular singlefamily homes on land conveyed by the City to the land trust. The homes will be sold as leasehold estates at below-market prices to moderate-income households earning 81-120% of AMI.

- Financing for the individual home acquisitions will be provided by CalHFA-approved lenders through Fannie Mae's MH Advantage program which has approved the Project's unique manufactured housing/land leased structure.
- The initial homeowner will be able to sell the home to another CalHFA and FNMA qualified borrower and use the equity to purchase a market-rate home.

BOARD OF DIRECTORS 1 OF THE CALIFORNIA HOUSING FINANCE AGENCY 2 3 RESOLUTION NO. 20-17 4 5 RESOLUTION AUTHORIZING 2020-2021 ALLOCATION OF AB 101 LOW- AND 6 MODERATE-INCOME FUNDS 7 8 9 WHEREAS, The Building Homes and Job Act of 2017, also known as "SB 2", provides a permanent source of funding through a new recording fee on real estate documents, in which 10 15% of revenues, projected to be approximately \$40 million annually (the "SB2 Funds"), are 11 dedicated to California Housing Finance Agency's ("CalHFA") creation and financing of 12 affordable multifamily housing for low- and moderate-income households to create inclusive 13 communities; 14 15 WHEREAS, the 2019-20 Budget for the State of California (the "2019-20 Budget") 16 provided CalHFA with a one-time appropriation of \$500 million to be used over four years to 17 finance low- and moderate-income housing (the "AB 101 Funds") and up to \$200 million in 18 Low-Income Housing Tax Credits for CalHFA's Mixed-Income Program; 19 20 WHEREAS, the Legislative intent is for these funds to be used as part of broad mixed 21 income strategy, including but not limited to augmenting CalHFA's Mixed-Income Program, 22 and the Legislature has expressed interest for innovative financing programs; 23 24 WHEREAS, due to the fiscal constraints imposed by the COVID-19 economic crisis, AB 25 89, the Budget Act of 2020 (the "2020-21 Budget"), reduced the AB 101 appropriation by \$250 26 million, which may be increased by \$45 million if the State of California receives \$14 billion in 27 flexible federal funding by October 15,2020 (the "Federal Funds"); 28 29 WHEREAS, CalHFA staff, with input from stakeholders and in alignment with the 30 Agency's implementation of a broader mixed-income strategy, has developed a plan for the 31 funds allocated pursuant to the 2020-21 Budget, totaling \$50 million, or alternatively \$95 32 million if the Federal Funds are received by October 15, 2020, and funds received by the 33 Agency pursuant to SB 2, and shall be deployed as part of various CalHFA programs to create 34 and finance affordable multifamily housing for low- and moderate-income households to create 35 inclusive communities (hereinafter "Programs" or "Program"), which shall include but not be 36 limited to CalHFA's Mixed Income Program. 37 38 39 NOW, THEREFORE, BE IT RESOLVED by the Board of Directors (the "Board") of the California Housing Finance Agency as follows: 40 41 42 43

1	ARTICLE I
2 3	AFFORDABLE MULTIFAMILY HOUSING FOR LOW- AND MODERATE-
4	INCOME HOUSEHOLDS TO CREATE INCLUSIVE COMMUNITIES
5	
6	Section 1. CalHFA is authorized to utilize \$50,000,000, or alternatively \$95 million if
7 8	the Federal Funds are received by October 15, 2020, of the 2020-2021 allocation of AB 101 Funds and unencumbered SB2 funds received by the Agency to create:
9	
10	i. Affordable multifamily housing for low- and moderate-income households to
11	create inclusive communities Strongthon College A's permanent landing products

26	Section 1. Authorization of Program Documents. The Executive Director and other
27	employees authorized by Article II, Section 4 ("Authorized Employees") are hereby authorized
28	to enter into, for and in the name and on behalf of the Agency, all documents they deem
29	necessary or appropriate in connection with the Programs.
30	
31	Section 2. Ratification of Prior Actions; Not a Repeal of Prior Resolutions. All
32	actions previously taken by the Agency relating to the implementation of the Programs, the
33	execution and delivery of related financial agreements and related program agreements are
34	hereby ratified.
35 36	This Resolution is not intended to repeal in whole or in part any prior
37	Resolution of the Agency with respect to the authority granted to the Executive Director and
38	Authorized Employees of the Agency in relation to related agreements, including but not limited
39	to the authority to determine in furtherance of the objectives of the Programs those matters
40	required to be determined.
41	•
42	Section 3. <u>Authorization of Related Actions and Agreements</u> . The Executive
43	Director and Authorized Employees of the Agency and any other persons authorized in writing
44	by the Executive Director are hereby authorized and directed, jointly and severally, to do any and
45	all things and to execute and deliver any and all agreements and documents which they deem
46	necessary or advisable in order to consummate the purchase and sale of loans and mortgage-
47	backed securities.
48	

This Resolution shall constitute full, separate, complete and additional authority for the execution and delivery of all agreements and instruments described in this Resolution, without regard to any limitation in the Agency's regulations and without regard to any other resolution of the Board that does not expressly amend and limit this Resolution.

Section 4. Additional Delegation. The Executive Director is authorized to adapt the Programs and deploy funds accordingly in response to economic and industry imperatives. All actions by the Executive Director approved or authorized by this Resolution may be taken by the Chief Deputy Director of the Agency, the Director of Financing of the Agency or any other person specifically authorized in writing by the Executive Director, and during any period in which the office of the Executive Director is vacant, except to the extent otherwise taken by an Authorized Employee, shall be taken by the Chief Deputy Director or any other person specifically authorized in writing by the Chief Deputy Director.

<u>Section 5</u>. <u>Duration of Authority</u>. The authority granted under this Resolution shall remain in full force and effect until rescinded or superseded.

SECRETARY'S CERTIFICATE I, Claire Tauriainen, the undersigned, do hereby certify that I am the duly authorized Secretary of the Board of Directors of the California Housing Finance Agency, and hereby further certify that the foregoing is a full, true, and correct copy of Resolution No. 20-17 duly adopted at a regular meeting of the Board of Directors of the California Housing Finance Agency duly called and held on the 10th day of September 2020, at which meeting all said directors had due notice, a quorum was present and that at said meeting said resolution was adopted by the following vote: **AYES:** NOES: ABSTENTIONS: ABSENT: IN WITNESS WHEREOF, I have executed this certificate hereto this 10th day of September 2020. ATTEST: CLAIRE TAURIAINEN Secretary of the Board of Directors of the California Housing Finance Agency

MEMORANDUM

To: CalHFA Board of Directors Date: September 10, 2020

From: CALIFORNIA HOUSING FINANCE AGENCY

Francesc Martí, Director of Legislation and Policy

Subject: RESOLUTION 20-18: DISCUSSION, RECOMMENDATION, AND ACTION TO OPPOSE ASSEMBLY BILL 69

At the August 13, 2020 Board of Directors meeting, I reported to the Board about Assembly Bill 69 (Ting) that was being considered by the legislature and would adversely affect CalHFA's bond covenants, credit ratings, and consequently, our ability to finance affordable housing. Since then, CalHFA has continued to provide technical assistance to authors and has transmitted its strong concerns with the bill. The California Department of Finance (DOF) released their analysis in opposition of AB 69, stating that it "results in significant ongoing costs not part of the 2020 Budget Act, creates unsustainable cost pressures outside the direct control of the Administration, and poses legal concerns."

Despite this, the Legislature has decided to move forward with AB69 and has not made any changes to address CalHFA and DOF's concerns. The only amendment since I spoke before the board on August 13 simply restricts applicants to owner-occupants. AB69 passed the Senate on August 30 and the Assembly passed in concurrence on August 31. Now the Governor must sign or veto this bill by September 30.

AB 69 would create a new program in the State Treasurer's Office to offer loan guarantees for the construction of 50,000 accessory dwelling units over the next five years. The bill would mandate CalHFA to issue revenue bonds to finance such loan guarantees. These bonds would be paid back through an account within the California Housing Finance Fund.

This bill poses a critical risk to CalHFA from a legal and financial perspective and would consequently have the adverse impact of harming affordable housing production in California. This bill would hamper CalHFA and the Administration's ability to combat California's affordable housing crisis by violating CalHFA's bond covenants, infringing on its fiscal independence, and damaging its credit ratings. By directly impairing the obligations of a

contract, AB 69 is potentially unconstitutional (contracts clauses in the California and US Constitutions).

In addition, this bill will not make a meaningful difference in the production of ADUs because it has a flawed financing design that doesn't address critical questions, such as what the source of repayment would be for those bonds, how the bond proceeds should be used, or which entity is taking the risk. Its scale of 50,000 additional ADUs in a five-year period is completely unrealistic given the amount of State resources required and the lack of any significant preexisting ADU financing infrastructure in California.

CalHFA concurs with the California Department of Finance's analysis in opposition of this bill: AB69 is problematic, unworkable, creates significant and unsustainable fiscal pressures, and poses legal concerns.

Below is a more detailed overview of the bill's problems:

Interference with CalHFA Bond Covenants and Credit Ratings

The ability of an outside party to direct CalHFA to issue an unspecified amount of bonds for a non-CalHFA program violates the covenants CalHFA has made to its bondholders (specifically the State Pledge and Event of Default sections in our Official Statements) and impinges on our fiscal independence. For this reason, we consider it also has the potential effect of harming CalHFA's credit ratings. Any effect on our credit ratings directly impacts our ability to finance affordable housing.

Flawed Financing Mechanism

In addition, CalHFA is not authorized to, and has never, issued revenue bonds as mandated in this bill. The bill does not say what the source of repayment would be for those bonds, or how the bond proceeds should be used, or give any specifics. We should not confuse the revenue bonds in this bill with Mortgage Revenue Bonds (MRBs), which cannot be used to fund loan guarantees and require a California Debt Limit Allocation Committee (CDLAC) volume cap allocation.

Unrealistic Scale

The mandate to finance 50,000 units in five years is not attainable, as it would require about \$5-7 billion in loan guarantees and it is out of scale with other programs. For comparison, the State's largest production program, the Private Activity Bond/4% Low-Income Housing Tax Credit (LIHTC) program, produces about 16,000 units a year. It is not realistic that a new ADU program would reach comparable levels. It would also need an existing ADU financing delivery system that does not currently exist in California- it would have to be built from the ground up. We consider an incremental approach to be more realistic.

Fiscal Impact

The California Department of Finance (DOF) has also identified significant costs and is in opposition. According to their August 25 analysis, DOF "opposes AB69 because it results in significant ongoing costs not part of the 2020 Budget Act, creates unsustainable cost pressures outside the direct control of the Administration, and poses legal concerns." The program will require a division to be set up at STO from the ground up to operate the new program. CalHFA estimates that this would result in significant upfront and ongoing operating expenses. CalHFA would expect to issue about \$5-7 billion in bonds to guarantee 50,000 ADU construction loans, which would translate into \$40-\$60 million in financing costs.

In addition, the Department of Housing and Community Development (HCD) estimates first year costs of approximately \$101,000 and \$95,000 annually thereafter for 0.5 PY of staff time to consult with the STO and CalHFA in establishing the program, and for ongoing increased technical assistance related to the increased construction of ADUs and JADUs.

Legal Problems

AB 69 as written is in direct conflict with various other sections of State law, as well as the California and US Constitution.

- *Constitutionality*. As mentioned earlier, this bill violates covenants CalHFA has made to bondholders by putting CalHFA debt service funds at risk. The infringement on existing bond covenants is also potentially unconstitutional because it would be impairing the obligations of a contract (Contracts Clause in US and California Constitutions).
- State Pledge. In Section of 51373 of the Health and Safety Code the State of California has pledged that it will not limit or alter the rights vested in the agency to fulfill the terms of any agreements made with the holders thereof or in any way impair the rights and remedies of such holders. This pledge is included in the agency's agreements with the holders of its notes or bonds. By putting CalHFA's balance sheet at risk, and affecting our credit ratings, AB 69 is in direct conflict with Section of 51373 of the Health and Safety Code.
- Outside Control of CalHFA Bonding. Section 51000.1 of the California Health and Safety Code states that no officer or division of state government shall transfer any sums of money from any fund or account of the agency, except as may be ordered by the Executive Director or designated trustee in bond resolution. Allowing an outside party to direct CalHFA to issue an unspecified amount of bonds for a non-CalHFA program is in direct conflict with this section of law.
- *Legality of Bonding Mechanism*. The appropriate way to legislate a new revenue bond program is to clearly specify a revenue flow that will act as the repayment source. AB69's bonding mechanism is legally flawed since it does not spell out a repayment source.

BOARD OF DIRECTORS 1 OF THE CALIFORNIA HOUSING FINANCE AGENCY 2 3 RESOLUTION NO. 20-18 4 5 6 RESOLUTION OPPOSING ASSEMBLY BILL 69 7 WHEREAS, Health and Safety Code §50901 states the California Housing Finance 8 Agency (the "Agency") shall be administered by a Board of Directors (the "Board"); and 9 10 11 WHEREAS, the Board shall authorize any sale of obligations or securities or other debt obligations and shall approve other major contractual agreements. Any other contractual 12 agreements or debt obligations may be approved by the executive director pursuant to 13 regulations of the Board; and 14 15 WHEREAS, Health and Safety Code § 51000.1 states no officer or division of state 16 government shall transfer any sums of money from any fund or account of the Agency, expect as 17 may be ordered or authorized by either of the following: 18 19 20 (a) The executive director of the agency or his or her designee. 21 (b) The designated trustee, pursuant to authority contained in appropriate adopted 22 resolutions pertaining to notes or bonds issued by the Agency; and 23 24 25 WHEREAS, the Agency shall exercise its powers with due regard for the right of the holders of bonds of the Agency at any time outstanding, and nothing in, or done pursuant to, this 26 section shall in any way limit, restrict, or alter the obligation or powers of the agency or any 27 member, officer, or representative of the agency or the Treasurer to carry out and perform in 28 every detail each and every covenant, agreement, or contract at any time made or entered into on 29 behalf of the Agency with respect to its bonds or its benefits, or the security of the holders of the 30 bonds: and 31 32 33 WHEREAS, pursuant to Health and Safety Code § 51373 the State of California has pledged that it will not will not limit or alter the rights vested in the agency to fulfill the terms of 34 any agreements made with the holders thereof or in any way impair the rights and remedies of 35 such holders, and such pledge is included in the Agency's agreements with the holders of its 36 notes or bonds. 37 38 39 WHEREAS, Assembly Bill 69 ("AB 69"), as proposed by Assembly Member Ting, mandates the Agency to issue revenue bonds for an Accessory Dwelling Unit loan guarantee 40 program administered by the Office of the State Treasurer, repayable through the California 41 Housing Finance Fund, in violation of the covenants of the Agency to its bondholders and of the 42 Agency's fiscal independence, thus inflicting harm on the Agency's credit rating and its ability 43 to finance affordable housing. 44 45

WHEREAS, the California Department of Finance opposes AB 69 because it results in significant ongoing costs not part of the 2020 Budget Act, creates unsustainable cost pressures

46

1 2	outside the direct control of the Administration, and poses legal concerns, according to the Department's August 25, 2020 analysis of the bill,
2	Department 3 Magast 23, 2020 analysis of the oni,
3	
4	
5	NOW, THEREFORE, BE IT RESOLVED by the Board of Directors of the California
6	Housing Finance Agency as follows:
7	
8	1. The Board finds and declares the above recitals to be factually true and correct.
9	
10	2. The Board opposes AB 69 as proposed by Assembly Member Ting and requests that

resolution to the Governor.

 the Governor veto the legislation. Staff is directed to forward a copy of this

SECRETARY'S CERTIFICATE I, Claire Tauriainen, the undersigned, do hereby certify that I am the duly authorized Secretary of the Board of Directors of the California Housing Finance Agency, and hereby further certify that the foregoing is a full, true, and correct copy of Resolution No. 20-18 duly adopted at a regular meeting of the Board of Directors of the California Housing Finance Agency duly called and held on the 10th day of September 2020, at which meeting all said directors had due notice, a quorum was present and that at said meeting said resolution was adopted by the following vote: **AYES:** NOES: ABSTENTIONS: ABSENT: IN WITNESS WHEREOF, I have executed this certificate hereto this 10th day of September 2020. TOTAL DEVELOPMENT COST:	\$85,810,435	\$451,634	Per Unit	

Subsidy Efficiency: CalHFA MIP \$14,255,000/\$75,026 per MIP unit restricted between 50% and 120% AMI.

Tax Credit Type(s), Amount(s), Pricing(s), and per total units:

- 4% Federal Tax Credits: \$30,545,650 assuming estimated pricing of \$0.92 (\$160,767 per TCAC total units).
- 4% State Tax Credits: \$13,300,000 assuming estimated pricing of \$0.90 (\$70,000 per TCAC total units).

Rental Subsidies: The Project will not be subsidized by project-based vouchers.

Other State Subsidies: The Project will not be funded by other state funds.

Other Locality Subsidies: The Project will not be funded by locality funds.

Cost Containment Strategy: The Developer will certify in a letter that they are implementing cost containment measures to minimize construction costs. These measures may include but are not limited to 1) competitively bidding out all major subcontractor and self-performing trades 2) obtain 3 bids for all major trades and 3) engage value engineer / consultant during the design process.

4. Equity – Cash Out (estimate): Not Applicable

		_	ties: The Project included in the Project included in the Project included in the Project included in the Project included in the Project in the Pr		=				
		Local Resources and Services: The Project is located in a Moderate Resource (Rapidly Changing) area per TCAC's Opportunity Area Map. The Project is in close proximity to the following local amenities and services: • Grocery stores – 6 miles • Schools - 3 miles • Public Library – 2 miles • Public transit – .4 miles • Retail - 6 miles • Park and recreation – 1.5 miles • Hospitals - 8 miles Non-displacement and No Net Loss: To the extent feasible, it is the Agency's priority to mitigate multifamily developments that may result in permanent displacement of existing affordable housing residents and/or net loss of existing affordable housing units. The Project is a new construction project, with no related demolition of existing affordable housing, hence no existing affordable housing units will be lost nor will existing residential households be displaced as a result of this development.							
		Commercial Sp	pace: The Project does	not include c	ommercial spac	e.			

TRANSACTION OVERVIEW

6. Proposal and Project Strengths

- The developer/sponsor and property management company (WSH Management, Inc.) have extensive experience in developing similar affordable housing projects and have experience with CalHFA.
- The Project has been awarded 4% tax credits which is projected to generate equity representing 47% of total financing sources.
- The Project will serve low-income large families ranging between 50% to 70% of AMI.
- The Loan-to-Value will be 90%, which meets the Agency's minimum requirements
- The projected portion of the developer's fee that will be collected at or prior to permanent loan conversion is \$1,661,143, which could be available to cover cost overruns and/or unforeseen issues during construction.
- There is a high demand for affordable housing in Fairfield area. All affordable projects are 97.5% to 100% occupied, and 5 of the LIHTC projects maintain extensive waiting lists. Market rate properties are 95%-98% occupied.
- The 50% AMI and 70% AMI unit rents are very affordable at 47% to 69% of market.
- The projected portion of the developer's fee that will be collected at or prior to permanent loan conversion is \$3.4M, which could be available to cover cost overruns and/or unforeseen issues during construction.

7. Project Weaknesses with Mitigants:

The exit analysis assumes 2% increase in the cap rate and 3% increase of the underwriting interest rate at loan maturity. Based on these assumptions, the Project will have the ability to fully repay the balance of Agency's permanent loan but may only have the ability to repay a portion of the Agency's subsidy MIP loan in the estimated amount of \$1,653,705, leaving an outstanding balance of \$18,194,528. This is as expected by CalHFA given the requirement that the MIP loan be co-terminus with the permanent first mortgage. The primary source of repayment for both the first mortgage and the MIP subsidy loan is refinance of the project first mortgage. To the extent such a refinance is insufficient to fully repay the MIP loan, it is contemplated that any remaining balance will be paid from a general partner contribution as part of the final close out of partnership obligations to allow re-syndication.

8. Underwriting Standards or Term Sheet Variations

- The MIP term sheet requires repayment of the MIP loan to be a pro rata share of 50% of residual receipts between the MIP and other subordinate residual receipts lenders. The Developer has requested, and the Multifamily Lending Division recommends, a deferment of payments to the MIP loan until the earlier of the deferred developer fee is paid off or Year 15.
- The MIP loan amount is more than 50% of the permanent loan amount which is a deviation from the MIP Term Sheet and an exception to policy. Approval of this exception is recommended by Multi-Family Underwriting and Credit Staff subject to CalHFA being the permanent lender and based on the following: approval facilitates the progression of a shovel ready project without delay; the higher amount of MIP/unit allows the Developer to reduce their state tax credit request from \$18,779,282 (\$98,838/unit) to \$13,300,000 (\$70,000/unit) resulting in a much more efficient use of the limited resources of State Tax Credits.
- The MIP loan per unit is \$75,026 which exceeds the term sheet maximum of \$50,000 for units with affordability levels between 60% and 80% AMI and \$100,000 for units with affordability levels between 81% to 120% AMI. This is an exception to Policy and is recommended by Multi-Family Underwriting and Credit Staff subject to CalHFA being the permanent lender and based on the following: approval facilitates the progression of a shovel ready project without delay; the higher amount of MIP/unit allows the Developer to reduce their state tax credit request from \$18,779,282 (\$98,838/unit) to \$13,300,000 (\$70,000/unit) resulting in a much more efficient use of the limited resources of State Tax Credits.
 - . The MIP only allows up to \$100K/unit in subsidy financing for units above 80% AMI which produces a financing gap for these units with no identified resource to fill the gap. Approval of this exception is recommended by Multi-Family Underwriting and Credit Staff subject to CalHFA being the permanent lender and based on the following: approval facilitates the progression of a shovel ready project without delay; the project is ready to submit for a CDLAC Bond Allocation in January; the affordability restrictions for units between 60% to 80% will

allow the Project to qualify for federal 4% tax credits which limits the required per unit MIP subsidy and state tax credits needed and overall improves the project economics.

9. Project Specific Conditions of Approval

Approval is conditioned upon

- Prior to permanent loan conversion, evidence from the City of the Community Facilities District (CFDs) fee requirements that it is substantially consistent with the operating budget.
- Final subdivision map will be subject to Agency's approval.
- CalHFA may require a copy of the construction and/or permanent lenders proforma evidencing consistent underwriting assumptions.
- Lender, equity investor, and borrower shall permit CalHFA to recycle all or a portion of Project's tax-exempt bonds, as applicable.
- The Project must meet the readiness requirements within 180 days from TCAC/CDLAC allocation.
- CalHFA will require the developer to provide a cost containment certification that is acceptable to the Agency.
- Subject to receipt of a certification acceptable to CalHFA from the engineer on record that project was built to current seismic code prior to permanent loan closing.
- CalHFA requires that MIP affordability covenants be recorded in first position.
- The CalHFA subsidy will be, in the Agency's sole discretion, the lesser of 1) the principal amount as stated herein or 2) an amount as determined by the Agency in the event the financial assumptions change prior to construction loan closing and/or permanent loan closing. For instance, if the permanent loan interest rate decreased, then the subsidy may be reduced due to additional debt generated by the lower interest rate. The debt service coverage ratio ("DSCR") shall be a maximum of 1.20. An increase of the subsidy loan will not be allowed and will be subject to Agency's approval.
- Closing on construction financing will be subject to final LPA being substantially consistent to the assumptions made at time of final commitment and that it is acceptable to CalHFA.
- Prior to construction loan closing, an extension of the closing date in the Purchase and Sale Agreement to s required.
- Agency review and approval of an updated Phase 1 report.
- Evidence that the onsite construction supervisor has overseen 3 comparable projects built in the past 5 years.

10. Staff Conclusion/Recommendation:

The Multifamily Lending Division supports approval of the described financing in the amount(s) requested, subject to the above proposed terms and conditions.

MISSION & AFFORDABILITY

11. CalHFA Mission/Goals

This Project and financing proposal provide 190 units of affordable housing with a range of restricted rents between 50% AMI and 70% of AMI which will support much needed rental housing that will remain affordable for 55 years.

12. CalHFA Affordability & Occupancy Restrictions

The CalHFA Permanent Financing Regulatory Agreement will restrict a minimum of 40% of the total units at or below 60% AMI with 10% of these units at 50% of AMI for 55 years.

The CalHFA MIP Subsidy Regulatory Agreement will restrict 10% of total units (19 units) at or below 50% of AMI and 10% of total units (19 units) between 60% and 80% of AMI with a minimum average of 70%. The remaining 152 of restricted units will be restricted at or below 120% of AMI. The affordability restrictions for the Mixed Income Program require at least 10% of the units be restricted to 81% to 120% of AMI, with an average of 100% of AMI, if supported by a market study. However, per an appraisal dated 8/5/2020 the Project can only support rents at a maximum of 70% AMI and still comply with the requirement that rents be 10% below market. Therefore, this project will comply with affordability requirement of 60% to 80% of AMI with an average of 70% of AMI

Rent Limit Summary Table

APPRAISAL AND MARKET ANALYSIS

18. Appraisal Review The Appraisal dated August 5, 2020, prepared by Watts, Cohn and Partners, Inc, values the land at \$5,700,000. The capitalization rate of 5.25% was used to determine the appraised value of the subject site. The proposed operating expense is consistent with and is reasonable based on the appraisal report. The as-restricted stabilized value is \$28,790,000, which results in the Agency's loans to value of 90%. There are 2 newly entitled affordable housing projects in Fairfield and 300 multi-family units were entitled previous to 2019. The projects are in different stages of securing building permits. An absorption rate of 6 months (36 units per month) is reasonable. Market Study: Novogradac Dated: January 15, 2020 Regional Market Overview - The Primary Market Area (PMA) generally consists of the northern portion of the city of Fairfield, the southern portion of the city of Vacaville, and unincorporated areas of Solano County in between the two cities. General boundaries are North: Elmira Road; West: North Texas Street and Interstation 80; East: Travis Air Force Base and Meridian Road; South: Highway 12 (population of 121,043 in 2019 and projected to be 123,889 at construction completion).

- The Secondary Market Area ("SMA") is Vallejo-Fairfield, California Metropolitan Statistical Area (MSA)(population of 444,730 in 2019 and projected to be 454,773 at construction completion)
- The general population in the PMA and SMA are anticipated to increase by 0.8% per year.
- Unemployment in the SMA was 3.1% in September 2019 and the 2019 YTD average was 4.0%; they were slightly lower than the national average of 3.3% in September and slightly higher than the national 2019 YTD average of 3.7%. All numbers were pre-date the market effects resulting from COVID-19. Unemployment data in the PMA was not available.
- Median home value in the subject neighborhood is \$421,164.

Local Market Area Analysis

- Supply:
 - There are currently 12 affordable rental housing developments in the PMA of which 8 are family projects and they are 97.5% occupied with long waiting lists.
- Demand/Absorption:
 - o The project will need to capture 15.4% of the total demand for LIHTC family units in the PMA.

- Investor Limited Partner: Red Stone Equity Partners; 99.99% interest
- Special Limited Partner: a to-be-named affiliate of the ILP; 0.001% interest

31. Developer/Sponsor

- Meta Housing Corporation is a California S-Corporation wholly owned by John M. Huskey. Meta has 76 additional housing projects completed or under construction, including 13 projects currently under construction or in the lease-up phase. They have 12 completed projects in CalHFA's portfolio. In addition, they have 10 projects including One Lake in predevelopment with full design; 4 out of the 10 are in partnership with FFAH V. Prior projects include over 6,000 units of senior or family housing. While it is unknown what substantive financial changes may have occurred more recently, according to audited financial statements dated 12/31/2016 the Company's assets greatly exceeded its liabilities, both with respect to current and total assets versus liabilities. In addition, while the Company had provided roughly \$462M in project-level guarantees and other contingent liabilities, the auditors noted Management's belief of no material exposure under these guarantees and concluded to no provision for such liabilities. Meta Housing Corporation is named as the sole project Guarantor per the Investor LOI.
- FFAH V is a 501(c)(3) nonprofit focused on creating affordable housing. FFAH V has been involved in the creation and/or management of 18,945 units nationally including 16,838 LIHTC units. They have been involved in 127 projects in California. They currently have 13 projects in the pipeline including One Lake. While financial statements were not provided for FFAH V, it is not named as a Guarantor in the Investor LOI.

32.	Management Agent						
up of mana affirm subm	The Project will be managed by WSH Management, Inc., which has been in operation for 18 years and has completed lease-up of 32 LIHTC properties. WSH currently has 3,311 units under management, including 2,970 LIHTC units. They currently manage properties in cities throughout California including five projects in CalHFA's portfolio. CalHFA's asset management affirms that they have not had any issues with their management of the projects. An email dated 7/27/2020 from WSH was submitted to CalHFA to confirm that WSH completed an initial review of the operating expenses and find them "reasonable and appropriate for an affordable multi-family apartment community of that large size."

TAX-EXEMPT PERMANENT LOAN PROGRAM

CalHFA's Tax-Exempt Permanent Loan Program ("Perm Loan") provides competitive tax-exempt long-term financing for affordable multifamily rental housing Projects. Eligible projects include newly constructed or acquisition/rehabilitation developments that provide affordable housing opportunities for individuals, families, seniors, veterans, and special needs tenants ("Project").

Qualifications	 Available to for-profit, non-profit, and public agency sponsors. Tax-exempt bond authority must be obtained from the California Debt Limit Allocation Committee (CDLAC) or through a 501(c)(3) exemption. The Tax-Exempt Permanent Loan may be used with or without 4% low income housing tax credits. If a lender other than CalHFA is providing short-term, first-lien debt, CalHFA shall be used as the bond issuer (for more information, review the Conduit Issuer Program Term Sheet). For Section 8 Projects, a final commitment is conditioned upon review and acceptance by CalHFA of the HAP or AHAP contract. The Perm Loan will be credit-enhanced through CalHFA's HUD/FHA Risk Sharing Program. For existing CalHFA portfolio loans, the current owner is required to pay off all outstanding CalHFA debt. Visit www.calhfa.ca.gov for the CalHFA Portfolio Loan Prepayment Policy.
Loan Amount	 Minimum Perm Loan amount of \$5,000,000. Minimum 1.15x for debt service coverage ratio (include any financing with amortizing debt). Lesser of 90% of restricted value or 100% of development costs. For Projects with equity being cashed out, the Perm Loan amount will be restricted to no more than 80% of the restricted value.
Fees (subject to change)	 Application Fee: \$10,000 non-refundable, due at time of application submittal, and is credited toward the CalHFA Loan Fee. Perm Loan Fee: 1.00%, half due at final commitment, with balance due at Perm Loan closing. Cost of Issuance Fee: \$110,000, half due at final commitment, with balance due at Perm Loan Closing. Credit Enhancement Fee: included in the interest rate. Annual Administrative Fee:: \$7,500 annually (not to be duplicated if used in conjunction with CalHFA's Conduit Program). Inspection fees should be estimated at \$500 - \$1,000 per month (reports and fees can be shared with other construction lenders) Legal Fee: \$35,000 due at Perm Loan closing. Administrative Fee: \$1,000 at Perm Loan closing. Letter of Interest Fee: \$5,000 at LOI request, and is credited towards the CalHFA Perm Loan Fee See Conduit Issuer Program Term Sheet for information on conduit issuance fees.

TAX-EXEMPT PERMANENT LOAN PROGRAM

Rate & Terms Interest Rate: (subject to change) 17 Year Balloon: 15 Year "AAA" MMD (Municipal Market Data) plus CalHFA spread 30 Year Balloon and Fully Amortizing Loans: 30 Year "AAA" MMD plus CalHFA spread Estimated CalHFA Spread: 2.00% to 2.50% Rate may be locked up to 30 days prior to the construction loan closing. Rate may be locked for the term of the construction period, not to exceed 3 years. Amortization/Term: Amortization: Up to 35 Year Amortization¹ Term: Fully Amortizing, and 17 or 30 Year Balloons available² Perm Loan Reduction: up to 10% reduction at Perm Loan closing permitted at no cost. A six-month extension is permitted upon payment of a fee equal to 0.50% of the Perm Loan amount. Breakage Fee (if applicable): between construction loan closing and Perm Loan closing and calculated based on hedge termination cost. 1. The Agency may offer up to a 40 year amortization at its discretion. 2. Balloon loans subject to agency approved exit strategy. **Loan Closing** 90% stabilized rental housing occupancy for 90 days as evidenced by rent rolls. Requirements 90% of tax credit investor equity shall have been paid into the Project. Project income is sufficient to pay operating expenses, required debt service, reserves and monitoring fees. For mixed-use Projects, 100% non-residential occupancy as evidenced by executed leases or guarantees. The Perm Loan may be prepaid at par after 15 years of the Perm Loan period. However, the Perm Loan may be **Prepayment** prepaid after 10 years of the Perm Loan period subject to a yield maintenance calculation of: 5% of the principal balance after the end of year 10 4% of the principal balance after the end of year 11 3% of the principal balance after the end of year 12 2% of the principal balance after the end of year 13 1% of the principal balance after the end of year 14 All prepayments require a prior written 120-day notice to CalHFA. **Subordinate** Financing or grants are encouraged from local governments and third parties to achieve project feasibility. All **Financing** financing, leases, development and regulatory agreements must be coterminous (or have a longer term than the combined terms of any CalHFA Acq/Rehab Loan and Perm Loan) and be subordinate to CalHFA financing.

Occupancy Requirements

Must maintain the greater of (A) existing affordability restrictions, or (B) either (i) 20% of the units must be rent restricted and occupied by individuals whose incomes are 50% or less of the area (county) median gross income as determined by HUD ("AMI") with adjustments for household size ("20% @ 50% AMI"), or (ii) 40% or more of the units must be both rent restricted and occupied by individuals whose income is 60% or less of the AMI, with adjustments for household size ("40% @ 60% AMI"): however in the latter case, a minimum of 10% of the units must be at 50% or less of AMI ("10% @ 50% AMI").

CalHFA's regulated units must represent a pro-rata share of the available unit sizes (by bedroom count and square feet), and be disbursed throughout the project.

Due Diligence

The following due diligence is required to be provided at the Owner/Borrower's expense:

- Appraisal (a construction lender's appraisal may be acceptable).
- HUD-2530 previous participation clearance.
- Construction Costs Review for new construction loans (other construction lender's review is acceptable).
- Physical Needs Assessment ("PNA") for rehabilitation projects with a Replacement Reserve Needs Analysis ("RRNA") over time for the first 20-year term (other lender's PNA/RRNA may be acceptable).
- Phase I Environmental Site Assessment including but not limited to impact reviews that meet federal
 environmental requirements (such as historic preservation and noise remediation).
- Market Study satisfactory to CalHFA.
- NEPA Review.
- Termite/Dry Rot reports by licensed company.
- Seismic review and other studies may be required at CalHFA's discretion.

Required Impounds and Reserves

- Replacement Reserve: Initial cash deposit required for existing Projects, with annual deposits between
- \$250 and \$500 per unit/per year depending on the Project type and PNA/RRNA findings.
- Operating Expense Reserve: 3-6 months of operating expenses, reserves, debt service, and monitoring fees due at Perm Loan closing (letter of credit or cash) and held for the life of the CalHFA Perm Loan.
- Impounds held by CalHFA: One year's prepaid earthquake, hazard and liability insurance premiums, and property tax assessments are collected at loan closing. An earthquake insurance waiver is available for Projects which have met CalHFA earthquake waiver standards during rehabilitation or construction.
- Transition Operating Reserve (TOR): required for Projects with rental subsidy contracts with contract terms that are less than 20 years.
- Other reserves as required (at CalHFA's discretion).

MIXED-INCOME LOAN PROGRAM

The CalHFA Mixed-Income Program ("MIP") provides competitive long-term subordinate financing for new construction multifamily housing projects restricting units (tax credit or CalHFA) between 30% and 120% of county Area Median Income ("AMI").

The MIP must be paired with CalHFA's Conduit Bond Issuance Program and a CalHFA Mixed-Income Qualified Construction Lender (defined below). Additionally, the program must be paired with CalHFA's Permanent Loan product or a sponsor must work with a CalHFA Mixed-Income Qualified Permanent Lender (defined below). The Mixed-Income resources will take the form of a subordinate loan to incentivize newly developed multifamily housing projects that serve a range of very low to moderate income renters. Eligible projects must create newly constructed regulated units that meet the income and occupancy requirements reflected below.

Qualifications

APPLICATION:

Sponsors/developers must submit a complete application package which includes all items listed on the application, the application addendum and the checklist. Incomplete application packages will not be considered. The application and checklist can be found at

<u>www.calhfa.ca.gov/multifamily/mixedincome/forms/index.htm</u>. If the sponsor/developer is not able to meet the readiness timeline referenced below, MIP funds may be rescinded and reallocated.

AVAILABILITY:

Available to for-profit, non-profit, and public agency sponsors. Development teams must meet CalHFA experience requirements, as defined in the CalHFA Development Team Qualifications section below.

USES:

MIP Subsidy loans must be used in conjunction with CalHFA's Conduit Bond Issuance Program and a construction loan from a CalHFA Mixed-Income Qualified Construction Lender. MIP Subsidy loans must also be used in conjunction with CalHFA's permanent first-lien mortgage financing or financing from a CalHFA Mixed-Income Qualified Permanent Lender. CalHFA Mixed-Income Qualified Construction and Qualified Permanent Lenders are defined in the CalHFA Lender Qualifications section below.

FINANCING STRUCTURE:

Projects accessing the MIP Subsidy Loan funds must be structured as one of the following:

- 1. Tax-exempt Bond and 4% tax credit project where at least 51% of the units in each project must be tax credit financed, OR
- Qualified mixed-income project under the California Debt Limit Allocation Committee's (CDLAC) regulations (50% or fewer units designated as tax credit or tax-exempt bond restricted) utilizing an allocation of private activity bonds to finance the project, OR
- 3. Qualified mixed-income project through income averaging.

Qualifications (continued)

READINESS:

Projects must have site control and be prepared to submit for a bond and tax credit allocation and will only receive funds if bonds are issued within the issuance timeframes specified in CDLAC Regulations Section 5100.

- Site: The site must be ready for construction (all potential environmental issues have been identified, mitigation plan is in place, and costs associated with the mitigation plan have been incorporated in the development budget). Environmental issues may include but not be limited to receipt of clearances for CEQA, NEPA, and applicable tribal land environmental reviews.
- 2. **Construction Start:** All projects must commit to begin construction 180 days from the earlier of the date of the tax-exempt bond allocation or 4% federal/state tax credit reservation. Within the 180-day period the following items must be submitted to CalHFA in their final form:
 - a. A complete updated application (inclusive of all CalHFA Addendum Items) form along with a detailed explanation of any changes from the initial application,
 - b. An executed construction contract,
 - c. Recorded deeds of trust for all construction financing (unless a project's location on tribal trust land precludes this),
 - d. Binding commitments for any other financing required to complete project construction,
 - e. Copy of a limited partnership agreement executed by the general partner/sponsor and the investor limited partner/equity provider,
 - f. Payment of all construction lender fees,
 - g. Copies of buildings permits (a grading permit does not suffice to meet this requirement except that in the event that the city or county as a rule does not issue building permits prior to the completion of grading, a grading permit shall suffice; if the project is a design build project in which the city or county does not issue building permits until designs are fully complete, the city or county shall have approved construction to begin) or the applicable tribal documents,
 - h. Copy of the notice to proceed delivered to the contractor,
 - If no construction lender is involved, evidence must be submitted within 180 days, as applicable, that
 the equity partner has been admitted to the ownership entity, and that an initial disbursement of funds
 has occurred.
 - j. Other documentation and information necessary to close construction financing required by CalHFA.

MIP ALLOCATION LIMITS:

- 1. 10% Project Cap: No project may receive more than 10% of the total MIP allocation for the respective year.
- 2. **33% Sponsor Cap:** No sponsor (any individual, entity, affiliate and related entity) may receive more than 33% of MIP funds for the respective year.
- 3. 33% County Cap: No one county may receive more than 33% of MIP funds for the respective year.
- 4. **25% Age-Restricted Cap:** No more than 25% of MIP funds for the respective year may be received by age-restricted projects.

EVIDENCE OF COST CONTAINMENT:

A Cost Containment Analysis will be completed by CalHFA at the time of the Construction Loan Closing.

The developer/sponsor must certify that cost containment measures have been implemented to minimize construction costs. These measures may include but are not limited to 1) competitively bidding out all major subcontractor and self-performing trades 2) obtain 3 bids for all major trades and 3) engage value engineer/consultant during the design process.

Qualifications (continued)

EVIDENCE OF SUBSIDY FEEICIENCY:

A Subsidy Efficiency Analysis will be completed as part of the Application review. The analysis will be completed again prior to closing the MIP Subordinate Loan and the MIP Loan amount may be adjusted based on the final analysis. Parameters of the analysis may include but are not limited to the following:

- A maximum of 1.20 Debt Service Coverage Ratio ("DSCR"). CalHFA may allow an initial DSCR higher than 1.20 on a case by case basis, if deemed necessary;
- A project cash flow that supports the residential component of the project based on the required CalHFA permanent first lien annual debt service coverage ratio;
- A separate project cash flow that supports any commercial component of the project;
- A cashflow after debt service that is limited to the higher of 25% of the anticipated annual must pay debt service payment or 8% of gross income, during each of the first 3 years of project operation;
- Inflation factors and vacancy rates consistent with the Agency's Underwriting Standards and Reference Manual ("USRM"):
- Developer Fee requirements will match those required under the 4% federal and/or state tax credit reservation.
- Capitalized reserves shall be subject to approval by Agency for reasonableness consistent with the USRM and the Investor Limited Partnership Agreement (ILPA);
- Review of Excess Sources over final Uses as approved by CalHFA resulting from any of the following:
 - · An increase in tax credit equity;
 - · An increase in permanent loan debt due to a combination of permanent loan rate reduction and/or reduction to operating expense assumptions;
- Construction Cost Savings as evidenced by final cost certification, funds shall be used to reduce the MIP loan prior to CalHFA MIP loan closing or if required by other subordinate lenders, funds may be split on a pro rata basis between CalHFA and other subordinate lenders.

CalHFA Mixed-Income Qualified Lender Qualifications

A CalHFA Qualified Construction Lender is defined as a Construction Lender that has closed at least 5 construction loans using tax-exempt bonds and 4% federal and/or state tax credits in California within the last 3 years and satisfies the requirement set forth within the application.

A CalHFA Qualified Permanent Lender is defined as a Permanent Lender that has closed at least 5 Permanent loans using tax-exempt bonds and 4% federal and/or state tax credits in California within the last 3 years and satisfies the requirement set forth within the application.

CalHFA Mixed-Income Development Team Qualifications

The **Developer/Co-Developer** must be registered to do business and in good standing in the state of California. A CalHFA Qualified Developer/Co-Developer must have developed at least three (3) comparable projects within the past five (5) years.

The proposed **Project Manager** must have personally managed the development of at least two (2) comparable projects within the past 5 years.

Financial Consultants hired to assist the Developer in meeting the minimum experience requirements must be able to provide details regarding at least three (3) comparably financed projects over the last five (5) years.

CalHFA Mixed-Income Development Team Qualifications (Continued)

Architects new to CalHFA must provide information for three (3) comparable projects they designed that were built and occupied within the past five (5) years.

General Contractor (GC) must be licensed by the State of California. GCs new to CalHFA must provide information related to three (3) comparable (in design) projects built in the past five (5) years. Similar information will be required for the proposed on-site construction supervisor. The on-site construction supervisor must have overseen three (3) comparable projects built in the past five (5) years, and they must have overseen the projects from construction start to final completion.

Management Company must have a local presence or a field office in Northern or Southern CA (depending on the location of the Project) and have experience managing at least ten (10) low to moderate income rent restricted Comparable (size and tenant types) Projects. Also required is a resume for the proposed on-site Property Manager, reflecting prior experience during the past five (5) years managing onsite project operations and compliance with rent restricted units.

Permanent First Lien Loan

Provided by CalHFA or a CalHFA Mixed-Income Qualified Permanent Lender. The permanent loan must meet an initial DSCR of at least 1.15 and must maintain a DSCR of 1.0 or higher for the term of the permanent first lien loan. CalHFA may require an initial DSCR higher than 1.15 on a case by case basis, if deemed necessary.

Construction First Lien Loan

Provided by a CalHFA Mixed-Income Qualified Construction Lender.

Limitations

- 1. MIP cannot be combined with the Tax Credit Allocation Committee's (TCAC) 9% program.
- 2. MIP cannot be combined with other state subordinate debt and/or subsidy programs (this does not include state tax credits). Inclusion of other subordinate debt and subsidy will be allowed at CalHFA's discretion.
- 3. Projects that have a below market rate component as a result of an inclusionary obligation or are 100% below market as a result of an inclusionary obligation must demonstrate master developer commitment through a dollar-for-dollar match of CalHFA's resources. Match can be obtained through a monetary match or equivalent in-kind contributions (e.g., land donation, land use fee concessions.)
- 4. At the time of MIP application to CalHFA, a project must not have already received an allocation of 4% federal and/or state tax credits from TCAC or a tax-exempt bond allocation from CDLAC.
- 5. Projects will not be eligible for other subsidy resources from CalHFA in addition to MIP.

Mixed-Income Project Occupancy Requirements

FEDERAL BOND REGULATORY AGREEMENT REQUIREMENTS (ALL PROJECTS):

Must maintain either (a) 20% of the units must be rent restricted and occupied by individuals whose incomes are 50% or less of AMI with adjustments for household size ("20% @ 50% AMI"), OR (b) 40% or more of the units must be both rent restricted and occupied by individuals whose incomes are 60% or less of AMI with adjustments for household size ("40% @ 60% AMI"): in the latter case, a minimum of 10% of the unit types must be at 50% or less of AMI ("10% @ 50% AMI").

MIXED INCOME REGULATORY AGREEMENT REQUIREMENTS (ALL PROJECTS):

Affordability Requirements:

- 1. To qualify, a project must have at least 10% of the total units restricted as follows*:
 - a. 81% to 120% of AMI with an average of 100% of AMI or greater OR if the market study does not support restrictions at these levels,

Mixed-Income Project Occupancy Requirements (Continued)

 60% to 80% of AMI with an average of 70% of AMI or greater, subject to the Maximum Allowable Rents outlined below.

*(Deviations from the average unit affordability levels of 70% AMI or 100% AMI outlined above will only be considered if market study supports such deviations.)

2. AND either

- a. Tax credit transactions that are income-averaged must not exceed an average affordability of 60% AMI across all restricted units. **OR**
- b. Mixed income per CDLAC definitions, a Qualified Residential Rental Project having 50% or fewer of its total units designated as Restricted Rental Units (as restricted by a Bond or TCAC Regulatory Agreement at 60% AMI or lower-CDLAC Regulations Article 1, Section 5000).

Note: These restrictions will remain in effect for 55 years. MIP regulatory agreement will restrict 10% of the total units at or below 80% of AMI, another 10% of the total units at or below 50% of AMI (or 80% AMI if there is an exception pursuant to Health and Safety Code Section 51335), and in addition to these restrictions, a minimum of 10% of the total units between 81% up to 120% of AMI OR (subject to the requirements identified above) 10%-29% of the total units between 60% up to 80% AMI, and the remaining units restricted at or below 120% of AMI, except for the designated manager's unit(s).

MAXIMUM ALLOWABLE RENTS:

Rents for units restricted at 80% AMI and below must be at least 10% below market rents as evidenced by a current Market Study.

Rents for units restricted between 81%-120% AMI must be at least 10% below market as evidenced by a current Market Study.

Mixed-Income Subordinate Loan

- 1. Maximum loan amount for each project shall not exceed 10% of total MIP allocation for the respective year.
 - a. Maximum loan per restricted (tax credit or CalHFA) units between 50%-80% AMI shall be \$50,000.
 - b. Maximum loan per MIP restricted units between 81%-120% AMI shall be \$100,000.
 - c. Projects located within the Highest or High Resource areas designated on the TCAC/HCD Opportunity Area Map shall be eligible for an additional 5% of the project eligible basis per 4% federal and state tax credit program. Opportunity Map Home Page
- 2. Loan size based on project need but cannot be more than 50% of the permanent loan amount.

Mixed-Income Subordinate Loan Rates & Terms

- 1. Interest Rate: 2.75% simple interest.
- 2. Loan Term: The MIP loan term shall be coterminous with the permanent first lien loan.
- 3. Loan Payment: Residual receipt repayment based on cash flow analysis and split 50% to Owner and 50% to CalHFA and other residual receipt lenders. Residual receipt is defined as 50% of surplus cash which is determined as net operating income minus total debt service and other Agency approved payments. Payments shall be applied to the current and/or accrued interest and then principal of the MIP loan.
- 4. Affordability Term: Up to 55 years.
- 5. Assignability: Consent will be considered.
- 6. Prepayment: May be prepaid at any time without penalty.

MIXED-INCOME LOAN PROGRAM

Mixed-Income 7. Subordination: A subordination and/or extension of MIP maturity request in conjunction with a re-Subordinate syndication, refinance, or ownership transfer ("capitalization event(s)") will be considered. If MIP loan is Loan Rates & outstanding at time of the capitalization event(s), the original MIP annual fee schedule will remain in place **Terms** until the earlier of MIP regulatory restriction expiration, including any extensions, or repayment of the MIP (Continued) loan. If the outstanding MIP loan is subordinated at the time of such event, the surplus cash split between borrower and CalHFA and other residual receipt lenders may be altered to reflect an increased percentage of residual receipts to CalHFA out of Borrower's share until such time as the MIP loan is paid in full. The remaining residual receipts may be split between other residual receipt lenders. Funded: Only at permanent loan conversion. CalHFA Conduit For more information on CalHFA's Conduit Issuer Program and the fees associated with it, visit CalHFA's website: **Bond Program** www.calhfa.ca.gov/multifamily/programs/forms/termsheet-conduit.pdf **CalHFA First Lien** For more information on CalHFA's Permanent Loan Program and the fees associated with it, visit CalHFA's **Permanent Rates** website: www.calhfa.ca.gov/multifamily/programs/forms/termsheet-perm-tax-exempt.pdf & Terms (subject to change) **Fees** Program Application Fee: \$10,000 non-refundable, due at time of CalHFA MIP application submittal. The (subject to change) application fee shall be credited towards Loan Fee at time of MIP permanent loan closing. Loan Fee: 1.00% of the loan amount (50% due at final commitment and 50% due at CalHFA MIP loan closing). Legal Fee: \$15,000, due at loan closing (applicable if CalHFA is not providing permanent financing). Ongoing Annual MIP Fee Payable in the event that CalHFA is not the Permanent Lender: 0.35% of the Permanent Loan Amount commencing at CalHFA MIP loan closing, calculated based on the principal balance of an amortization schedule with the following assumptions: i) 55 year amortization; ii) start date, interest rate and the loan amount consistent with permanent first lien loan (this fee is applicable if CalHFA is not providing permanent financing and will remain in place until the repayment of the MIP loan). 5. Annual Administrative Fee: \$7,500 per year (subject to change). Conduit Bond Program Fees: Refer to CalHFA Conduit Bond Program www.calhfa.ca.gov/multifamily/programs/forms/termsheet-conduit.pdf CDLAC Fees: Refer to CDLAC regulations for all applicable fees. If CalHFA is selected as the permanent lender, please refer to CalHFA First Lien Permanent Rates & Terms for first mortgage loan fees, credit enhancements, trustee fees, legal fees, inspection fees, administrative fees. www.calhfa.ca.gov/multifamily/programs/forms/termsheet-perm-tax-exempt.pdf

Cal HFA California Housing Finance Agency

CONDUIT ISSUER PROGRAM

MULTIFAMILY HOUSING BONDS

The CalHFA Conduit Issuer Program is designed to facilitate access to tax-exempt and taxable bonds ("Bond") by developers that seek financing for eligible projects that provide affordable multifamily rental housing for individuals, families, seniors, veterans or special needs tenants ("Project"). The conduit Bonds may be used to finance the acquisition, rehabilitation, and/or development of an existing Project, or they can be used for the construction of a new Project.

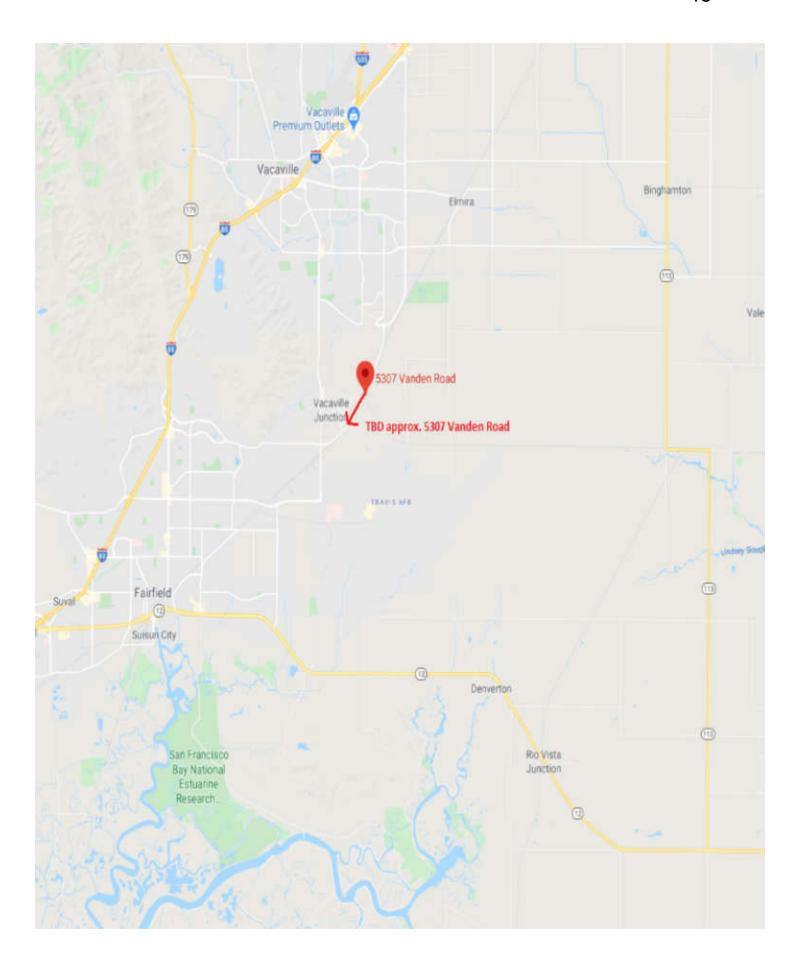

Qualifications	 Available to for-profit, non-profit or public agency sponsors. Non-profit borrowers may be eligible for 501(c)(3) bonds. If bond proceeds are utilized to pay off an existing CalHFA portfolio loan visit www.calhfa.ca.gov for the CalHFA Portfolio Loan Prepayment Policy.
Bond Amount	Bond amount is determined by the loan amount of the selected construction lender.
Fees (subject to change)	 Application Fee: \$5,000 non-refundable, due at time of application submittal (covers the cost of the TEFRA) and is credited towards the CalHFA Issuer Fee. Issuer Fee: The greater of \$15,000 or 0.20% of the Bond amount if less than \$20 million dollars If more than \$20 million dollars: \$40,000 + 0.10% of the amount above \$20 million dollars Annual Administrative Fee: \$7,500 (scattered site projects may require increased fees) due and payable in advance in annual installments commencing on Bond issuance through the term of the regulatory period. Public Sale: additional fee of \$5,000 to \$10,000 applies when Bonds are sold to the public. CDLAC Allocation Fee: 0.035% of the Bond amount, \$1,200 of which is due at time of CDLAC application submittal with the remaining fee due at construction loan closing, and is payable to CDLAC. CDLAC Performance Deposit: 0.50% of the requested Bond amount, not to exceed \$100,000, due at time of CDLAC application submittal. Deposit to be refunded after the Bond closing, upon receipt of authorization letter from CDLAC. The Borrower shall be responsible for all other costs of Bond issuance including fees of the underwriter, trustee, rating agencies, lender, compliance administrator, all Bond counsel legal fees, and any other parties required to complete the transaction.

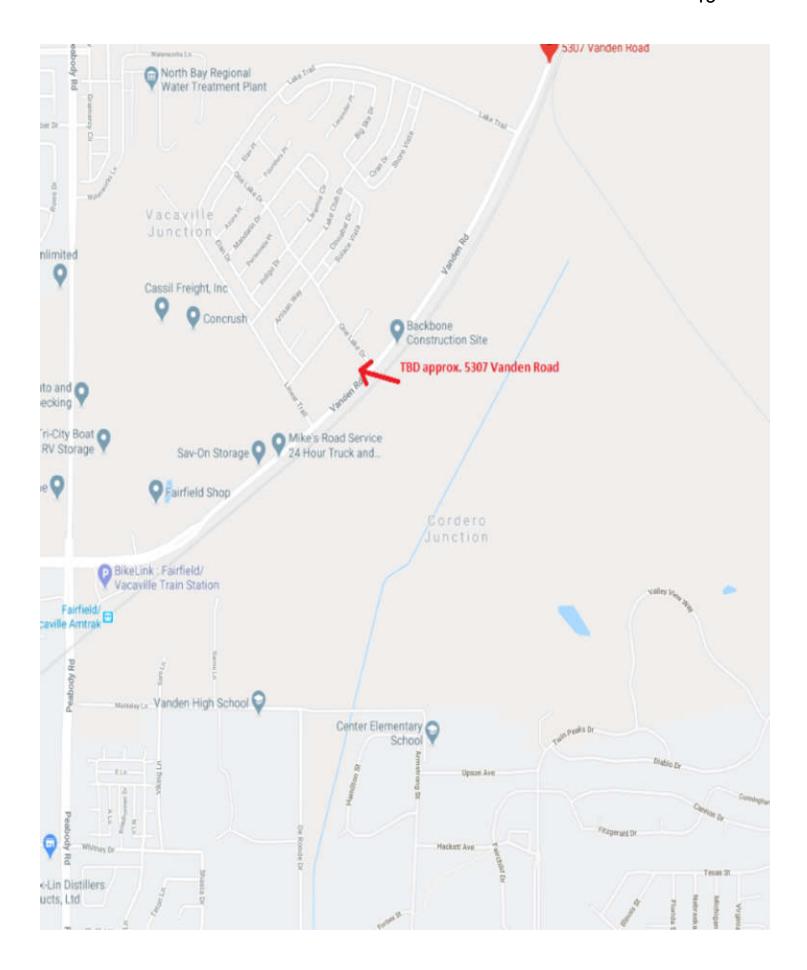

Occupancy Requirements

- Either (A) 20% of the units must be rent restricted and occupied by individuals whose incomes are 50% or less of the area median income as determined by HUD ("AMI") with adjustments for household size ("20% @ 50% AMI"), or (B) 40% or more of the units must be both rent restricted and occupied by individuals whose income is 60% or less of the AMI, with adjustments for household size ("40% @ 60% AMI"); however in the latter case, a minimum of 10% of the units must be at 50% or less of AMI.
- Borrower will be required to enter into a Regulatory Agreement which will be recorded against the Project
 for the Qualified Project Period (as defined in the CalHFA Regulatory Agreement). This includes the latter
 of the federally-required qualified project period, repayment of the Bond funded loan, redemption of the
 Bonds or the full term of the CDLAC Resolution requirements.

BOARD OF DIRECTORS 1 OF THE CALIFORNIA HOUSING FINANCE AGENCY 2 3 4 5 RESOLUTION NO. 20-19 6 RESOLUTION AUTHORIZING A FINAL LOAN COMMITMENT 7 8 WHEREAS, the California Housing Finance Agency (the "Agency") has received a 9 loan application on behalf of One Lake Meta, L.P., a California limited partnership (the 10 "Borrower"), seeking a loan commitment, the proceeds of which are to be used to provide 11 financing for a multifamily housing development located in the City of Fairfield, County of 12 Solano, California, to be known as One Lake Family Apartments (the "Development"); and 13 14 WHEREAS, the loan application has been reviewed by Agency staff which prepared a 15 report presented to the Board on the meeting date recited below (the "Staff Report"), 16 recommending Board approval subject to certain recommended terms and conditions; and 17 18 WHEREAS, Agency staff has determined or expects to determine prior to making a 19 binding commitment to fund the loan for which the application has been made, that (i) the 20 Agency can effectively and prudently raise capital to fund the loan for which the application has 21 been made, by direct access to the capital markets, by private placement, or other means and (ii) 22 any financial mechanisms needed to insure prudent and reasonable financing of loans can be 23 achieved; and 24 25 WHEREAS, pursuant to the Executive Director's authority to issue Conduit Bonds, 26 under Resolution 20-04 the Agency has filed an application with the California Debt Limit 27 Allocation Committee ("CDLAC") for an allocation of California Qualified Private Activity 28 Bonds for the Development; and 29 30 WHEREAS, the Development has received a TEFRA Resolution as required by the 31 Tax Equity and Fiscal Responsibility Act of 1983, and under 26 U.S.C. section 147(f); and 32 33 WHEREAS, Section 1.150-2 of the Treasury Regulations requires the Agency, as the 34 issuer of tax-exempt bonds, to declare its reasonable official intent to reimburse prior 35 expenditures for the Development with proceeds of a subsequent borrowing; and 36 37 WHEREAS, on December 10, 2019, the Executive Director exercised the authority 38 delegated to her under Resolution 15-16 to declare the official intent of the Agency to reimburse 39 such prior expenditures for the Development; and 40 41 42 WHEREAS, the Agency has conditionally approved a subsidy loan pursuant to

CalHFA's Mixed-Income Program ("MIP") pursuant to its authority under Resolutions 19-02

43

44 45 and 19-14; and

Resolution No. 20-19 Page 2

WHEREAS, the Board wishes to grant the staff the authority to enter into a loan commitment to provide permanent financing for the development and taking out the Conduit Bonds upon Agency staff determining in its judgment that reasonable and prudent financing mechanisms can be achieved;

NOW, THEREFORE, BE IT RESOLVED by the Board of Directors (the "Board") of the California Housing Finance Agency as follows:

1. The Executive Director, or in her absence, the Chief Deputy Director, is hereby authorized to execute and deliver a final commitment letter, in a form acceptable to the Agency, and subject to recommended terms and conditions set forth in the Staff Report and any terms and conditions as the Board has designated in the Minutes of the Board Meeting, in relation to the Development described above and as follows:

PROJECT NUMBER	DEVELOPMENT NAME/ LOCALITY	MORTGAGE AMOUNT
19-070-A/X/N	ONE LAKE FAMILY APARTMENTS City of Fairfield, Solano County California	\$25,780,000.00 Tax-Exempt HUD/RS Loan
		\$14,255,000.00 Mixed Income Subsidy Loan

The Board recognizes that in the event that staff cannot determine that reasonable and prudent financing mechanisms can be achieved, the staff will not enter into loan commitments to finance the Development. In addition, access to capital markets may require significant changes to the terms of loans submitted to the Board. Notwithstanding paragraph 2 below, the staff is authorized to make any needed modifications to the loan which in staff's judgment are directly or indirectly the result of the disruptions to the capital markets referred to above.

2. The Executive Director may modify the terms and conditions of the loan or loans as described in the Staff Report, provided that major modifications, as defined below, must be submitted to this Board for approval. "Major modifications" as used herein means modifications which either (i) increase the total aggregate amount of any loans made pursuant to the Resolution by more than 7%; or (ii) modifications which in the judgment of the Executive Director, or in her absence, the Chief Deputy Director of the Agency, adversely change the financial or public purpose aspects of the final commitment in a substantial way.

Resolution No. 20-19 Page 3

SECRETARY'S CERTIFICATE I, Claire Tauriainen, the undersigned, do hereby certify that I am the duly authorized Secretary of the Board of Directors of the California Housing Finance Agency, and hereby further certify that the foregoing is a full, true, and correct copy of Resolution No. 20-19 duly adopted at a regular meeting of the Board of Directors of the California Housing Finance Agency duly called and held on the 10th day of September 2020, at which meeting all said directors had due notice, a quorum was present and that at said meeting said resolution was adopted by the following vote: **AYES:** NOES: ABSTENTIONS: ABSENT: IN WITNESS WHEREOF, I have executed this certificate hereto this 10th day of September 2020. ATTEST: CLAIRE TAURIAINEN Secretary of the Board of Directors of the California Housing Finance Agency

BOARD OF DIRECTORS 1 OF THE CALIFORNIA HOUSING FINANCE AGENCY 2 3 **RESOLUTION NO. 20-20** 4 5 RESOLUTION RATIFYING STAFF-APPROVED HUD INTERMEDIARIES FOR 6 NATIONAL MORTGAGE SETTLEMENT HOUSING COUNSELING PROGRAM 7 8 9 WHEREAS, per Resolution 20-15, the Board approved up to fifty million dollars for the purpose of providing housing counseling services pursuant to California Government Code 10 section 12531 under the National Mortgage Settlement ("NMS"); 11 12 WHEREAS, the CalHFA NMS Counseling Program team solicited all eligible HUD-13 certified Intermediaries with a presence in California to apply for said funds and received nine 14 (9) applications; 15 16 WHEREAS, CalHFA has the legal authority, via Health and Safety Code section 17 51050(f) to make and execute contracts convenient for the exercise of its powers and functions, 18 and is not subject to any provision of law requiring competitive bidding or the supervision or 19 approval of another division or officer of state government; 20 21 WHEREAS, the CalHFA NMS Counseling Program team assessed all nine HUD-22 certified Intermediary applications utilizing six (6) objective criteria to analyze the applications 23 which included: (1) breadth and depth of outreach capabilities in California, (2) historical 24 evidence of serving low and moderate income Californians with an emphasis on serving the 25 most economically vulnerable, (3) demonstrated history of serving historically underserved and 26 marginalized communities, (4) partnerships with other housing counseling entities, (5) a plan for 27 capacity building, and (6) demonstrated ability to efficiently and effectively use counseling 28 29 funds; 30 WHEREAS, the CalHFA NMS Counseling Program team conditionally selected four (4) 31 Intermediaries for ongoing funding, subject to submission of a proposed Scope of Work and 32 Budget, and execution of a Grant Agreement, and offered a one-time grant of up to ONE 33 HUNDRED THOUSAND DOLLARS (\$100,000.00) to each of the remaining five (5) 34 applicants to be used for direct counseling and/or capacity building subject to execution of a 35 Grant Agreement; 36 37 NOW, THEREFORE, BE IT RESOLVED by the Board of Directors (the "Board") of the 38 39 California Housing Finance Agency as follows: 40 1. The Board finds and declares the above recitals to be true and correct; 41 42 43 2. The Board hereby approves and ratifies staff selection of the following HUDcertified Intermediaries: Balance Pro, Homefree U.S.A., Neighborworks America, 44 45 and Unidos U.S.

SECRETARY'S CERTIFICATE I, Claire Tauriainen, the undersigned, do hereby certify that I am the duly authorized Secretary of the Board of Directors of the California Housing Finance Agency, and hereby further certify that the foregoing is a full, true, and correct copy of Resolution No. 20-20 duly adopted at a regular meeting of the Board of Directors of the California Housing Finance Agency duly called and held on the 10th day of September 2020, at which meeting all said directors had due notice, a quorum was present and that at said meeting said resolution was adopted by the following vote: **AYES:** NOES: ABSTENTIONS: ABSENT: IN WITNESS WHEREOF, I have executed this certificate hereto this 10th day of September 2020. ATTEST: CLAIRE TAURIAINEN Secretary of the Board of Directors of the California Housing Finance Agency

MEMORANDUM

To: Board of Directors Date: August 21, 2020

Kate Ferguson, Director of Multifamily

From: CALIFORNIA HOUSING FINANCE AGENCY

Subject: UPDATE ON MULTIFAMILY LOAN PRODUCTION

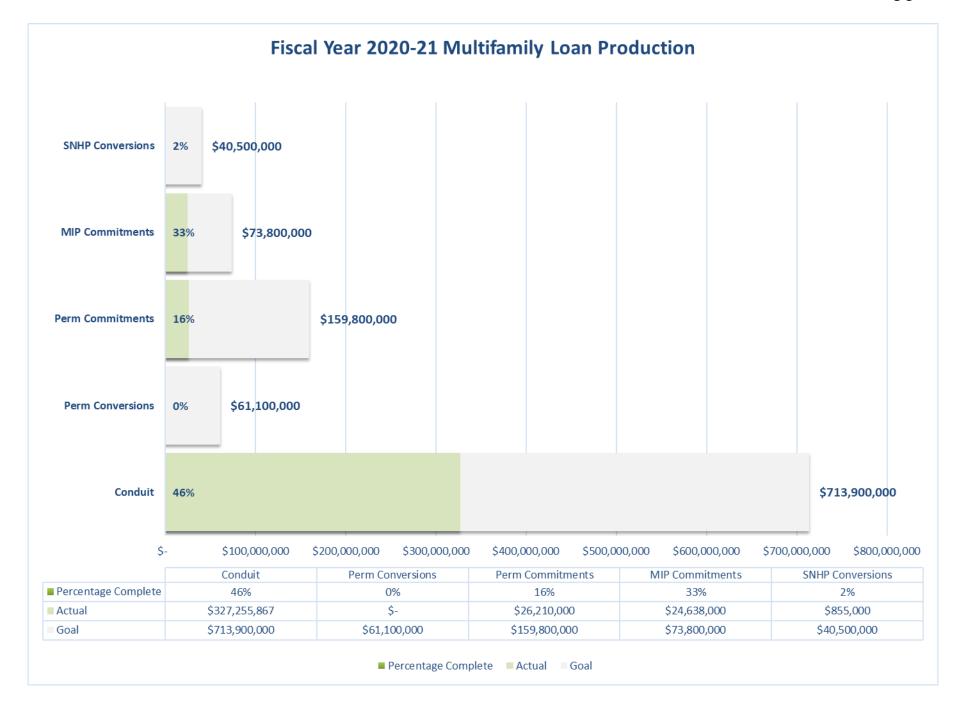

CalHFA offers a variety of loan programs with competitive rates and long-term financing to advance the creation and preservation of affordable housing for people who truly need it. CalHFA's Taxable, Tax-Exempt, and/or CalHFA funded Permanent Loan programs provide competitive long-term financing for affordable multifamily rental housing projects. The CalHFA Mixed-Income Program provides competitive long-term subordinate financing for new construction multifamily housing projects restricting units between 30% and 120% of county Area Median Income. The CalHFA Conduit Issuer Program (Conduit Program) is designed to facilitate both for-profit and non-profit developers in accessing tax-exempt and taxable bonds for the financing of family and senior affordable and mixed-income housing developments. The goals of the programs are to increase and preserve the supply of affordable rental housing, maintain a quality living environment, leverage private sector funds to the greatest extent possible, and to cooperate with local jurisdictions to advance affordable housing goals.

The Strategic Business Plan and Operating Budget for FY 20-21 estimated \$1.05 billion in Multifamily loan production:

- \$713.9 Million in Conduit Issuance
- \$49.2 Million in Permanent Loan Conversions
- \$153.3 Million in Permanent Loan Commitments
- \$11.9 Million in Subsidy Loan Conversions
- \$6.5 Million in Subsidy Loan Commitments
- \$73.8 Million in Mixed Income Program (MIP) Commitments
- \$40.5 Million in Special Needs Housing Program (SNHP) Loan Conversions

Actual YTD production for FY 20-21 is \$379 million (as of August 21, 2020):

- \$327.3 Million in Conduit Issuance (46% of FY 20-21 goal)
 - o Tax-Exempt Conduit Issuance: \$307 Million
 - o Taxable Conduit Issuance: \$8.2 Million
 - o Recycled Bond Issuance: \$12 Million
- \$24.8 Million in Permanent Loan Commitments (16% of FY 20-21 goal)
- \$1.4 Million in Subsidy Loan Commitments (22% of FY 20-21 goal)
- \$24.6 Million in Mixed Income Program (MIP) Commitments (33% of FY 20-21 goal)
- \$0.855 Million in Special Needs Housing Program (SNHP) Loan Conversions (2% of FY 20-21 goal)

MIP 2019 Allocation to CalHFA from SB-2: \$47.4 million

MIP 2020 Allocation to CalHFA from SB-2 & AB101: \$180 million

The breakdown of 2019 & 2020 MIP projects that received initial and final loan commitments from CalHFA is as follows:

- MIP 2019 Projects: \$43.75 million total
 - o 7 Projects
 - 4 Projects closed on construction financing and under construction
 - o 1,296 Units
 - 924 Units closed on construction financing and under construction
- MIP 2020 Projects (to date): \$115.79 million total
 - o 15 Projects (2 Projects pending TCAC/CDLAC award by September 2020)
 - 3 Projects closed on construction financing and under construction
 - o 2,250 Units (317 Units pending TCAC/CDLAC award by September 2020)
 - 549 Units closed on construction financing and under construction

Projects that were approved for final commitments by CalHFA's Senior Loan Committee for <u>CalFHA</u> permanent loan with <u>MIP or MIP only financing</u> under resolution 19-02, 19-14, 20-16 since Board meeting on July 9th, 2020 (Staff Reports are enclosed):

- 1717 S Street Apartments (159 Units; Sacramento County)
- The Atchison (202 Units; Sonoma County)
- Hayward Mission Family Apartments (140 Units; Alameda County)
- Kawana Springs Apartments (151 Units; Sonoma County)
- Santa Rosa Avenue Apartments (154 Units; Sonoma County)
- Arden Way Apartments (120 Units; Sacramento County)
- Beacon Villa (54 Units; Contra Costa County)
- Jamie Lane (5 Units; Sonoma County)

Project that was approved by CalHFA's Senior Loan Committee for <u>CalHFA permanent and MIP financing</u> that is being considered for Board approval on September 10, 2020 (Project will be presented to Board by Staff):

• One Lake Family Apartments (190 Units; Solano County)

TOTAL DEVELOPMENT COST	\$68,939,313	\$433,581	Per Unit	N/A

Subsidy Efficiency: CalHFA MIP \$7,900,000 (\$50,000 per unit MIP restricted between 50% and 120% AMI).

Tax Credit Type(s), Amount(s), Pricing(s), and per TCAC total units:

- 4% Federal Tax Credits: \$25,581,557 assuming estimated pricing of \$0.89 (\$160,890TCAC total units).
- 4% State Tax Credits: \$9,934,987 assuming estimated pricing of \$0.78 (\$62,434 per TCAC total units).

Rental Subsidies: The Project will not include any operating or rental subsidies.

Other State Subsidies: The Project will not be funded by other state funds.

Other Locality Subsidies: The Project will be funded by Capitol Area Development Authority (CADA) funds in the amount of \$3.3 million.

Cost Containment Strategy:

The Sponsor has already bid out the project because of the competitive building market in Sacramento, but agrees to revisit the bids from major subs and to engage in value engineering should this be deemed necessary to keep the construction budget at the level projected. The developer will provide a cost containment certification acceptable to the Agency.

4. Equity – Cash Out (estimate): Not applicable.

Amenities: The Project amenities include a community room, exercise room, picnic area, and underground parking (parking not included in eligible basis). Unit amenities will include central heating and air conditioning, blinds, dishwasher, garbage disposal, microwave, washer and dryer hook-ups, patios/balconies, rooftop terraces, fitness room, community room, courtyard area, package locker area.

Commercial Space: There will be 11,300 s.f. of ground floor retail space that will be master leased. The space will be divided into three suites, two with frontage along S Street and one with frontage along 17th Street.

Local Resources and Services: The Project is located in a Moderate Resource Area per TCAC's Opportunity Area Map. The Project is in close proximity to the following local amenities and services:

- Grocery stores Less than 1 mile
- Schools Less than 1 mile
- Public Library Less than 1 mile
- Public transit Less than 1 mile
- Retail Less than 1 mile
- Park and recreation Less than 1 mile
- Hospitals 1 mile

TRANSACTION OVERVIEW

6. Proposal and Project Strengths

- The Project will use 4% federal tax credits and state tax credits which are projected to generate equity representing 44% of total financing sources.
- The developer/sponsor and property management company, CFY Development, Inc. have extensive experience in developing and managing similar affordable housing projects.
- The Project will serve 158 low-income families ranging between 50% and 80% of AMI.
- Affordable rents (50-80% AMI) are 32-68% below market rate rents.
- According to the appraisal, the affordable project comparables in the PMA are on average 99% occupied and all have waiting lists. The vacant units were all in the process of being turned for a waitlisted applicant.
- The Capitol Area Development Authority has invested in the success of the Project as demonstrated by lending \$3,300,000 to the Project.
- The projected portion of the developer's fee that will be collected at or prior to permanent loan conversion is \$2,159,090, which could be available to cover cost overruns and/or unforeseen issues during construction.

7. Project Weaknesses with Mitigants:

• There was ground water remediation required by the Central Valley Water Board in January 2017 that was estimated to cost no more than \$600,000. To incentivize the remediation efforts and mitigate cost overruns, the general partners (1717 S Street Investors, LP and CADA) negotiated an Agreement and Covenant Not to Sue with the Water Board which capped the remediation cost at \$600,000. A trust was created in 2017 and the general partners contributed \$600,000 to it. The Water Board then oversaw the ground water remediation. The required ground water remediation was completed and approved by the Water Board in 2018, but the other requirement of the Agreement and Covenant not to Sue was that the owners must remediate the soil. There is no cap on the soil remediation cost and it will be funded from development costs. As part of the soil remediation plan, a vapor mitigation plan was required by the Water Board. The soil remediation plan has already been approved, and the vapor mitigation plan will be approved once construction has progressed to the level where they can measure vapor within the structure. The vapor mitigation work will also be funded from development funds. After the soil remediation and vapor mitigation work is complete, the Water Board

will provide a letter stating that the terms of the <u>Agreement and Covenant not to Sue</u> have been met and no further action is required by ownership. There will be a final vapor test once construction is completed to monitor for any vapor intrusion and to confirm whether or not the passive venting system should be activated. There is some risk that the actual cost of soil remediation (\$2.9M budgeted) and vapor mitigation (\$202K budgeted) overruns the budgeted costs. However, because this is a MIP-only transaction, there is no development cost risk to CalHFA, which funds the MIP at permanent loan conversion.

- The exit analysis assumes a 7% cap rate and a 3% increase of the underwritten interest rate at loan maturity. Based on these assumptions, the Project will only have the ability to repay a portion of the Agency's subsidy MIP loan in the estimated amount of \$1,911,058, leaving an outstanding balance of \$8,647,948. This is as expected by CalHFA given the requirement that the MIP loan be co-terminus with the permanent first mortgage. The primary source of repayment for both the first mortgage and the MIP subsidy loan is refinance of the project first mortgage. To the extent such a refinance is insufficient to fully repay the MIP loan, it is contemplated that any remaining balance will be paid from a general partner contribution as part of the final close out of partnership obligations to allow re-syndication.
- The average retail vacancy rate in the submarket is 9.5% as of 1Q 2020, and is expected to increase to 15% by 2024. The commercial vacancy risk is mitigated, however, because the Project will Master Lease the entire non-residential-income portion of the building to an individual, Cyrus Youssefi, for a term of 17 years, the same term as the Permanent Mortgage and MIP Subsidy Loan. Mr. Youssefi, the lessee, is the Managing Member of the Administrative General Partner.

8. Underwriting Standards or Term Sheet Variations

- The affordability restrictions for the Mixed Income Program require at least 10% of the units be restricted to 81% to 120% of AMI, with an average of 100% of AMI, if supported by a market study. Per the appraisal report dated 7/15/2020, the rents structured at 100% of AMI would be at least 10% below market rents, however the tax credit investor Alliant Capital would not come into the deal unless all 158 units were structured at or below 80% of AMI due to the volatility caused by COVID-19 and current market conditions. Alliant has provided CalHFA with an explanation.
- The MIP term sheet requires repayment of the MIP loan to be a pro rata share of 50% of residual receipts between the MIP and other subordinate residual receipts lenders. The Developer has requested and the Multifamily Lending Division recommends, a cash flow split of 85% to the developer and 15% to soft loans until the deferred developer fee is paid off, which is estimated to be in Year 15. Upon deferred developer fee payoff, the cash flow splits would revert to the standard 50% / 50% split between Borrower and soft lenders.

Project Specific Conditions of Approval

Approval is conditioned upon:

- Evidence of all environmental remediation prior to permanent loan conversion, including a close-out letter from the Regional Water Board stating that soil remediation and vapor mitigation work is complete and that the terms of the <u>Agreement and Covenant not to Sue</u> have been met. The final appraisal will be subject to Agency's review and approval.
- CalHFA may require a copy of the construction and/or permanent lenders pro forma evidencing consistent understanding of assumptions.
- The Project must meet the readiness requirements within 180 days from TCAC/CDLAC (10/13/20) allocation of April 14,2020.
- Evidence of permanent lender and investor approval of final underwriting, commercial lease agreement and structure are required prior to construction loan closing. Final underwriting of master lease agreement and structure will be subject to permanent lender, investor and CalHFA approval.
- Evidence that CADA loan documents reflect the agreed-upon MIP Subsidy Loan waterfall, including a cash flow split 85% / 15% to the Developer until the deferred developer fee is paid off, which is estimated to be in Year 15.
- Evidence that CADA loan documents reflect subordination to the MIP Subsidy Loan.
- CalHFA requires that MIP affordability covenants be recorded in first position.
- The CalHFA subsidy will be, in the Agency's sole discretion, the lesser of 1) the principal amount as stated hereto or 2) an amount as determined by the Agency in the event the financial assumptions change prior to construction loan and/or permanent loan closing. For instance, if the permanent loan interest rate decreased, or project rents increase, then the subsidy may be reduced due to additional debt generated by the lower interest rate or higher rents. Or, the MIP Subsidy Loan could be reduced if additional sources of financing and/or subsidy assistance are obtained. The initial debt service coverage ratio ("DSCR") shall be a maximum of 1.20. An increase of the subsidy loan will not be allowed and will be subject to Agency's approval.
- Lender, equity investors, and borrower shall permit CalHFA to recycle all or a portion of Project's tax-exempt bonds, as applicable.
- Receipt of a certification by the engineer on record that Project has been built to current seismic code acceptable to the Agency prior to permanent closing.
- CalHFA will require the developer to provide a cost containment certification that is acceptable to the Agency.
- Closing on construction financing will be subject to final LPA being substantially consistent with the assumptions made at time of final commitment and confirmation that it is acceptable to CalHFA.
- The Contractor is an affiliate of the Borrower entity. The contract will be structured as a Guaranteed Maximum Price (GMP) contract with no more than 14% for builder overhead, profit, and general requirements.
- CalHFA will require an independent review of the costs by a 3rd Party consultant prior to construction loan closing.

10. Staff Conclusion/Recommendation:

The Multifamily Lending Division supports approval of the described financing in the amounts requested, subject to the above proposed terms and conditions.

MISSION & AFFORDABILITY

11. CalHFA Mission/Goals

This Project and financing proposal is for 158 units of affordable family housing with a range of restricted rents between 50% and 80% of AMI. This proposal will support the strong need for affordable housing in the area with a 55-year affordability covenant on all units.

12. CalHFA Affordability & Occupancy Restrictions

The CalHFA Bond Regulatory Agreement will restrict 78 units at or below 50% AMI, 47 units at or below 60% AMI and 33 units at or below 80% AMI pursuant to CDLAC's resolution.

The CalHFA MIP Subsidy Regulatory Agreement will restrict 10% of the units (16 units) at or below 50% AMI. Additionally, 10% of the units (16 units) shall be restricted between 60% and 80% AMI with a minimum average of 70% AMI. The remaining 126 restricted units will be restricted at or below 120% of AMI. The affordability restrictions for the Mixed Income Program require at least 10% of the units be restricted to 81% to 120% of AMI, with an average of 100% of AMI, if supported by a market study. Per the appraisal report dated 7/15/2020, the rents structured at 100% of AMI would be at least 10% below market rents, however the tax credit investor, Alliant Capital, would not come into the deal unless all 158 units were structured at or below 80% of AMI due to the volatility caused by COVID-19 and current market conditions.

In addition, the Project will be restricted by the following jurisdictions as described below:

- CTCAC will restrict 78 units at or below 50% AMI, 47 units at or below 60% AMI and 33 units at or below 80% AMI.
- CADA will restrict 32 units at or below 50% AMI and 15 units at or below 120% AMI for a term of 55 years.

Rent Limit Summary Table							
Restrictions @ AMI	Total	Studio	1-bdrm	2-bdrm	3-bdrm	4-bdrm	% of Total

•	Market Study:	M.E. Shay & Co.	March, 2020			
	Regional Market Overview					

- The Primary Market Area ("PMA") comprises 69 Census Tracts ("Downtown") in the City of Sacramento, California (population of 298,090) and the Secondary Market Area ("SMA") is Sacramento County, (population 1,548,824).
- The general population in the PMA is anticipated to increase by 0.8% per year.
- Unemployment in the PMA is 4.1%, which evidences a strong employment area.
- Median home value in the PMA is \$358,300. The median home value in the SMA is \$330,100. Median home values in the PMA are about 8% higher than in the SMA.

Local Market Area Analysis

Supply:

- There are currently 6 affordable projects in Downtown Sacramento. Four of these projects and seven
 others were chosen as rent comparables showing a range of occupancies from 100% to 91%. The lower
 occupancies are attributed to mixed-income buildings with high-end rents limiting the tenant demand
 base for those units. The majority of comparable projects have waiting lists.
- There are two affordable projects recently completed in the PMA. There is another mixed-use
 affordable project being planned, and there are three projects planning to submit TCAC/CDLAC
 applications in the next round. The SHRA is also in the process of rebuilding two public housing projects.
- Approximately 54% of the PMA housing stock is rental housing, of which only 1% is designated affordable housing.

Demand/Absorption:

- The project will need to capture 1.2% of the total demand for affordable family units in the PMA and
 0.3% of the market rate units.
- The units are anticipated to lease up at a rate of 15 units per month and reach stabilized occupancy within 7 to 10 months of opening, assuming 20% of units are pre-leased.
- The overall penetration rate for tax credit units in the PMA is 36.1%.
- This project is not expected to have a negative impact on other affordable housing projects in the PMA given the strong current and forward-looking demand.

DEVELOPMENT SUMMARY

Requires Flood Insurance: Yes No Site Description The property is located on a one-half block in-fill site within between 17th St and 18th St on the north side of S Street in the City of Sacramento, Sacramento County. The 1.15 acre parcel is part of the R Street Corridor Special Planning District in the Central City Community of Sacramento. This district is characterized as a quickly-developing former warehouse district transforming into a transit-oriented mixed use neighborhood. The rectangular site is flat, vacant land, having once housed light industrial and commercial businesses. There is light vegetation throughout. Recognized environmental conditions exist on the site and their remediation is a condition of permanent loan closing. The site is zoned RMX-SPD, with permitted multifamily residential use. The subject is located in Flood Zone X (area of minimum flood hazard). Zone X is the area determined to be outside the 500-year flood and protected by levee from 100-year flood, therefore the Project will not be subject to flood insurance. 20. Form of Site Control & Expiration Date

The Project purchased the land from 1700 Block S Street Investors, LLC on 3/10/2017 for an amount of \$3,124,000 from The Vande Steeg Family 1997 Revocable Trust, U/T/A June 10, 1997. This purchase was an arms-length transaction. This is below the appraised value of \$5,120,000 as of the appraisal from July 2020. As a condition of purchasing the site, the Central Valley Water Board required a deposit of \$600,000 to a newly formed trust. The balance of the trust was then used for the soil remediation work required by the Water Board. The deposit to the environmental remediation trust, plus approximately \$69K in closing costs, resulted in a final sale price of \$3,793,116, which is the amount used in the Project's development budget. No carrying costs were added to the March 2017 sale price.

Investor Limited Partner 2: Sugar Creek Realty (State LIHTC)

31. Developer/Sponsor

CFY Development, Inc. is a longstanding affordable housing developer with experience acquiring, developing and rehabilitating affordable multifamily and mixed use projects. CFY is a full service developer, with in-house general contracting and property management. CFY's portfolio consists of 38 properties totaling approximately 3,500 units in nineteen cities in California. The largest deal they have completed to date cost \$55.4M. CFY's founder/principal, Cyrus Youssefi, is respected in the industry as a provider of quality affordable housing product, including infill projects similar in scope to the subject property. Per the unaudited YE 2018 financial statements, CFY has \$2.4M in cash, total assets of \$11.2M and total liabilities of \$1.3M. Per the real estate owned schedule dated 6/30/2019, Cyrus Youssefi has additional net real estate assets of \$24.1M. The developer currently has one project under construction and 6 projects in the development pipeline.

30. Management Agent

The Project will be managed by the developer, CFY Development Inc., which has extensive experience in managing similar affordable housing projects in the area but has no direct experience with CalHFA. CFY's portfolio under management includes 38 communities (approximately 3,500 units) in nineteen cities throughout California. Community sizes range from 10 units to 296 units. CFY was also the sponsor/developer for these projects.

31. Service Provider

Required by TCAC or other funding source? X Yes No

- The Borrower will provide a Service Coordinator to meet CTCAC/CDLAC requirements for a minimum term of 15 years and the expense for these services is currently within the approved line item operating budget. Services will be conducted onsite.
- Community Resident, Inc. ("CRS") will be the social services provider, receiving an annual payment of \$14,820, and providing services including educational, health, wellness and skill-building classes.

32.	Contractor	Experienced with CalHFA? Tyes No

MIXED-INCOME LOAN PROGRAM

The CalHFA Mixed-Income Program ("MIP") provides competitive long-term subordinate financing for new construction multifamily housing projects restricting units (tax credit or CalHFA) between 30% and 120% of county Area Median Income ("AMI").

The MIP must be paired with CalHFA's Conduit Bond Issuance Program and a CalHFA Mixed-Income Qualified Construction Lender (defined below). Additionally, the program must be paired with CalHFA's Permanent Loan product or a sponsor must work with a CalHFA Mixed-Income Qualified Permanent Lender (defined below). The Mixed-Income resources will take the form of a subordinate loan to incentivize newly developed multifamily housing projects that serve a range of very low to moderate income renters. Eligible projects must create newly constructed regulated units that meet the income and occupancy requirements reflected below.

Qualifications

APPLICATION:

Sponsors/developers must submit a complete application package which includes all items listed on the application, the application addendum and the checklist. Incomplete application packages will not be considered. The application and checklist can be found at

<u>www.calhfa.ca.gov/multifamily/mixedincome/forms/index.htm</u>. If the sponsor/developer is not able to meet the readiness timeline referenced below, MIP funds may be rescinded and reallocated.

AVAILABILITY:

Available to for-profit, non-profit, and public agency sponsors. Development teams must meet CalHFA experience requirements, as defined in the CalHFA Development Team Qualifications section below.

USES:

MIP Subsidy loans must be used in conjunction with CalHFA's Conduit Bond Issuance Program and a construction loan from a CalHFA Mixed-Income Qualified Construction Lender. MIP Subsidy loans must also be used in conjunction with CalHFA's permanent first-lien mortgage financing or financing from a CalHFA Mixed-Income Qualified Permanent Lender. CalHFA Mixed-Income Qualified Construction and Qualified Permanent Lenders are defined in the CalHFA Lender Qualifications section below.

FINANCING STRUCTURE:

Projects accessing the MIP Subsidy Loan funds must be structured as one of the following:

- 1. Tax-exempt Bond and 4% tax credit project where at least 51% of the units in each project must be tax credit financed, OR
- Qualified mixed-income project under the California Debt Limit Allocation Committee's (CDLAC) regulations (50% or fewer units designated as tax credit or tax-exempt bond restricted) utilizing an allocation of private activity bonds to finance the project, OR
- 3. Qualified mixed-income project through income averaging.

Qualifications (continued)

READINESS:

Projects must have site control and be prepared to submit for a bond and tax credit allocation and will only receive funds if bonds are issued within the issuance timeframes specified in CDLAC Regulations Section 5100.

- Site: The site must be ready for construction (all potential environmental issues have been identified, mitigation plan is in place, and costs associated with the mitigation plan have been incorporated in the development budget). Environmental issues may include but not be limited to receipt of clearances for CEQA, NEPA, and applicable tribal land environmental reviews.
- 2. **Construction Start:** All projects must commit to begin construction 180 days from the earlier of the date of the tax-exempt bond allocation or 4% federal/state tax credit reservation. Within the 180-day period the following items must be submitted to CalHFA in their final form:
 - a. A complete updated application (inclusive of all CalHFA Addendum Items) form along with a detailed explanation of any changes from the initial application,
 - b. An executed construction contract,
 - c. Recorded deeds of trust for all construction financing (unless a project's location on tribal trust land precludes this),
 - d. Binding commitments for any other financing required to complete project construction,
 - e. Copy of a limited partnership agreement executed by the general partner/sponsor and the investor limited partner/equity provider,
 - f. Payment of all construction lender fees,
 - g. Copies of buildings permits (a grading permit does not suffice to meet this requirement except that in the event that the city or county as a rule does not issue building permits prior to the completion of grading, a grading permit shall suffice; if the project is a design build project in which the city or county does not issue building permits until designs are fully complete, the city or county shall have approved construction to begin) or the applicable tribal documents,
 - h. Copy of the notice to proceed delivered to the contractor,
 - i. If no construction lender is involved, evidence must be submitted within 180 days, as applicable, that the equity partner has been admitted to the ownership entity, and that an initial disbursement of funds has occurred.
 - j. Other documentation and information necessary to close construction financing required by CalHFA.

MIP ALLOCATION LIMITS:

- 1. 10% Project Cap: No project may receive more than 10% of the total MIP allocation for the respective year.
- 2. **33% Sponsor Cap:** No sponsor (any individual, entity, affiliate and related entity) may receive more than 33% of MIP funds for the respective year.
- 3. 33% County Cap: No one county may receive more than 33% of MIP funds for the respective year.
- 4. **25% Age-Restricted Cap:** No more than 25% of MIP funds for the respective year may be received by age-restricted projects.

EVIDENCE OF COST CONTAINMENT:

A Cost Containment Analysis will be completed by CalHFA at the time of the Construction Loan Closing.

The developer/sponsor must certify that cost containment measures have been implemented to minimize construction costs. These measures may include but are not limited to 1) competitively bidding out all major subcontractor and self-performing trades 2) obtain 3 bids for all major trades and 3) engage value engineer/consultant during the design process.

Qualifications (continued)

EVIDENCE OF SUBSIDY FEFICIENCY:

A Subsidy Efficiency Analysis will be completed as part of the Application review. The analysis will be completed again prior to closing the MIP Subordinate Loan and the MIP Loan amount may be adjusted based on the final analysis. Parameters of the analysis may include but are not limited to the following:

- A maximum of 1.20 Debt Service Coverage Ratio ("DSCR"). CalHFA may allow an initial DSCR higher than 1.20 on a case by case basis, if deemed necessary;
- A project cash flow that supports the residential component of the project based on the required CalHFA permanent first lien annual debt service coverage ratio;
- A separate project cash flow that supports any commercial component of the project;
- A cashflow after debt service that is limited to the higher of 25% of the anticipated annual must pay debt service payment or 8% of gross income, during each of the first 3 years of project operation;
- Inflation factors and vacancy rates consistent with the Agency's Underwriting Standards and Reference Manual ("USRM"):
- Developer Fee requirements will match those required under the 4% federal and/or state tax credit reservation.
- Capitalized reserves shall be subject to approval by Agency for reasonableness consistent with the USRM and the Investor Limited Partnership Agreement (ILPA);
- Review of Excess Sources over final Uses as approved by CalHFA resulting from any of the following:
 - · An increase in tax credit equity;
 - An increase in permanent loan debt due to a combination of permanent loan rate reduction and/or reduction to operating expense assumptions;
- Construction Cost Savings as evidenced by final cost certification, funds shall be used to reduce the MIP loan prior to CalHFA MIP loan closing or if required by other subordinate lenders, funds may be split on a pro rata basis between CalHFA and other subordinate lenders.

CalHFA Mixed-Income Qualified Lender Qualifications

A CalHFA Qualified Construction Lender is defined as a Construction Lender that has closed at least 5 construction loans using tax-exempt bonds and 4% federal and/or state tax credits in California within the last 3 years and satisfies the requirement set forth within the application.

A CalHFA Qualified Permanent Lender is defined as a Permanent Lender that has closed at least 5 Permanent loans using tax-exempt bonds and 4% federal and/or state tax credits in California within the last 3 years and satisfies the requirement set forth within the application.

CalHFA Mixed-Income Development Team Qualifications

The **Developer/Co-Developer** must be registered to do business and in good standing in the state of California. A CalHFA Qualified Developer/Co-Developer must have developed at least three (3) comparable projects within the past five (5) years.

The proposed **Project Manager** must have personally managed the development of at least two (2) comparable projects within the past 5 years.

Financial Consultants hired to assist the Developer in meeting the minimum experience requirements must be able to provide details regarding at least three (3) comparably financed projects over the last five (5) years.

CalHFA Mixed-Income Development Team Qualifications (Continued)

Architects new to CalHFA must provide information for three (3) comparable projects they designed that were built and occupied within the past five (5) years.

General Contractor (GC) must be licensed by the State of California. GCs new to CalHFA must provide information related to three (3) comparable (in design) projects built in the past five (5) years. Similar information will be required for the proposed on-site construction supervisor. The on-site construction supervisor must have overseen three (3) comparable projects built in the past five (5) years, and they must have overseen the projects from construction start to final completion.

Management Company must have a local presence or a field office in Northern or Southern CA (depending on the location of the Project) and have experience managing at least ten (10) low to moderate income rent restricted Comparable (size and tenant types) Projects. Also required is a resume for the proposed on-site Property Manager, reflecting prior experience during the past five (5) years managing onsite project operations and compliance with rent restricted units.

Permanent First Lien Loan

Provided by CalHFA or a CalHFA Mixed-Income Qualified Permanent Lender. The permanent loan must meet an initial DSCR of at least 1.15 and must maintain a DSCR of 1.0 or higher for the term of the permanent first lien loan. CalHFA may require an initial DSCR higher than 1.15 on a case by case basis, if deemed necessary.

Construction First Lien Loan

Provided by a CalHFA Mixed-Income Qualified Construction Lender.

Limitations

- 1. MIP cannot be combined with the Tax Credit Allocation Committee's (TCAC) 9% program.
- 2. MIP cannot be combined with other state subordinate debt and/or subsidy programs (this does not include state tax credits). Inclusion of other subordinate debt and subsidy will be allowed at CalHFA's discretion.
- 3. Projects that have a below market rate component as a result of an inclusionary obligation or are 100% below market as a result of an inclusionary obligation must demonstrate master developer commitment through a dollar-for-dollar match of CalHFA's resources. Match can be obtained through a monetary match or equivalent in-kind contributions (e.g., land donation, land use fee concessions.)
- 4. At the time of MIP application to CalHFA, a project must not have already received an allocation of 4% federal and/or state tax credits from TCAC or a tax-exempt bond allocation from CDLAC.
- 5. Projects will not be eligible for other subsidy resources from CalHFA in addition to MIP.

Mixed-Income Project Occupancy Requirements

FEDERAL BOND REGULATORY AGREEMENT REQUIREMENTS (ALL PROJECTS):

Must maintain either (a) 20% of the units must be rent restricted and occupied by individuals whose incomes are 50% or less of AMI with adjustments for household size ("20% @ 50% AMI"), OR (b) 40% or more of the units must be both rent restricted and occupied by individuals whose incomes are 60% or less of AMI with adjustments for household size ("40% @ 60% AMI"): in the latter case, a minimum of 10% of the unit types must be at 50% or less of AMI ("10% @ 50% AMI").

MIXED INCOME REGULATORY AGREEMENT REQUIREMENTS (ALL PROJECTS):

Affordability Requirements:

- 1. To qualify, a project must have at least 10% of the total units restricted as follows*:
 - a. 81% to 120% of AMI with an average of 100% of AMI or greater OR if the market study does not support restrictions at these levels,

Mixed-Income Project Occupancy Requirements (Continued)

 60% to 80% of AMI with an average of 70% of AMI or greater, subject to the Maximum Allowable Rents outlined below.

*(Deviations from the average unit affordability levels of 70% AMI or 100% AMI outlined above will only be considered if market study supports such deviations.)

2. AND either

- a. Tax credit transactions that are income-averaged must not exceed an average affordability of 60% AMI across all restricted units. **OR**
- b. Mixed income per CDLAC definitions, a Qualified Residential Rental Project having 50% or fewer of its total units designated as Restricted Rental Units (as restricted by a Bond or TCAC Regulatory Agreement at 60% AMI or lower-CDLAC Regulations Article 1, Section 5000).

Note: These restrictions will remain in effect for 55 years. MIP regulatory agreement will restrict 10% of the total units at or below 80% of AMI, another 10% of the total units at or below 50% of AMI (or 80% AMI if there is an exception pursuant to Health and Safety Code Section 51335), and in addition to these restrictions, a minimum of 10% of the total units between 81% up to 120% of AMI OR (subject to the requirements identified above) 10%-29% of the total units between 60% up to 80% AMI, and the remaining units restricted at or below 120% of AMI, except for the designated manager's unit(s).

MAXIMUM ALLOWABLE RENTS:

Rents for units restricted at 80% AMI and below must be at least 10% below market rents as evidenced by a current Market Study.

Rents for units restricted between 81%-120% AMI must be at least 10% below market as evidenced by a current Market Study.

Mixed-Income Subordinate Loan

- 1. Maximum loan amount for each project shall not exceed 10% of total MIP allocation for the respective year.
 - a. Maximum loan per restricted (tax credit or CalHFA) units between 50%-80% AMI shall be \$50,000.
 - b. Maximum loan per MIP restricted units between 81%-120% AMI shall be \$100,000.
 - c. Projects located within the Highest or High Resource areas designated on the TCAC/HCD Opportunity Area Map shall be eligible for an additional 5% of the project eligible basis per 4% federal and state tax credit program. Opportunity Map Home Page
- 2. Loan size based on project need but cannot be more than 50% of the permanent loan amount.

Mixed-Income Subordinate Loan Rates & Terms

- 1. Interest Rate: 2.75% simple interest.
- 2. Loan Term: The MIP loan term shall be coterminous with the permanent first lien loan.
- 3. Loan Payment: Residual receipt repayment based on cash flow analysis and split 50% to Owner and 50% to CalHFA and other residual receipt lenders. Residual receipt is defined as 50% of surplus cash which is determined as net operating income minus total debt service and other Agency approved payments. Payments shall be applied to the current and/or accrued interest and then principal of the MIP loan.
- 4. Affordability Term: Up to 55 years.
- 5. Assignability: Consent will be considered.
- 6. Prepayment: May be prepaid at any time without penalty.

MIXED-INCOME LOAN PROGRAM

Mixed-Income 7. Subordination: A subordination and/or extension of MIP maturity request in conjunction with a re-Subordinate syndication, refinance, or ownership transfer ("capitalization event(s)") will be considered. If MIP loan is Loan Rates & outstanding at time of the capitalization event(s), the original MIP annual fee schedule will remain in place **Terms** until the earlier of MIP regulatory restriction expiration, including any extensions, or repayment of the MIP (Continued) loan. If the outstanding MIP loan is subordinated at the time of such event, the surplus cash split between borrower and CalHFA and other residual receipt lenders may be altered to reflect an increased percentage of residual receipts to CalHFA out of Borrower's share until such time as the MIP loan is paid in full. The remaining residual receipts may be split between other residual receipt lenders. Funded: Only at permanent loan conversion. **CalHFA Conduit** For more information on CalHFA's Conduit Issuer Program and the fees associated with it, visit CalHFA's website: **Bond Program** www.calhfa.ca.gov/multifamily/programs/forms/termsheet-conduit.pdf **CalHFA First Lien** For more information on CalHFA's Permanent Loan Program and the fees associated with it, visit CalHFA's **Permanent Rates** website: www.calhfa.ca.gov/multifamily/programs/forms/termsheet-perm-tax-exempt.pdf & Terms (subject to change) **Fees** Program Application Fee: \$10,000 non-refundable, due at time of CalHFA MIP application submittal. The (subject to change) application fee shall be credited towards Loan Fee at time of MIP permanent loan closing. Loan Fee: 1.00% of the loan amount (50% due at final commitment and 50% due at CalHFA MIP loan closing). Legal Fee: \$15,000, due at loan closing (applicable if CalHFA is not providing permanent financing). Ongoing Annual MIP Fee Payable in the event that CalHFA is not the Permanent Lender: 0.35% of the Permanent Loan Amount commencing at CalHFA MIP loan closing, calculated based on the principal balance of an amortization schedule with the following assumptions: i) 55 year amortization; ii) start date, interest rate and the loan amount consistent with permanent first lien loan (this fee is applicable if CalHFA is not providing permanent financing and will remain in place until the repayment of the MIP loan). Annual Administrative Fee: \$7,500 per year (subject to change). Conduit Bond Program Fees: Refer to CalHFA Conduit Bond Program www.calhfa.ca.gov/multifamily/programs/forms/termsheet-conduit.pdf CDLAC Fees: Refer to CDLAC regulations for all applicable fees. If CalHFA is selected as the permanent lender, please refer to CalHFA First Lien Permanent Rates & Terms for first mortgage loan fees, credit enhancements, trustee fees, legal fees, inspection fees, administrative fees.

Cal HFA California Housing Finance Agency

CONDUIT ISSUER PROGRAM

MULTIFAMILY HOUSING BONDS

The CalHFA Conduit Issuer Program is designed to facilitate access to tax-exempt and taxable bonds ("Bond") by developers that seek financing for eligible projects that provide affordable multifamily rental housing for individuals, families, seniors, veterans or special needs tenants ("Project"). The conduit Bonds may be used to finance the acquisition, rehabilitation, and/or development of an existing Project, or they can be used for the construction of a new Project.

Qualifications	 Available to for-profit, non-profit or public agency sponsors. Non-profit borrowers may be eligible for 501(c)(3) bonds. If bond proceeds are utilized to pay off an existing CalHFA portfolio loan visit www.calhfa.ca.gov for the CalHFA Portfolio Loan Prepayment Policy.
Bond Amount	Bond amount is determined by the loan amount of the selected construction lender.
Fees (subject to change)	 Application Fee: \$5,000 non-refundable, due at time of application submittal (covers the cost of the TEFRA) and is credited towards the CalHFA Issuer Fee. Issuer Fee: 1. The greater of \$15,000 or 0.20% of the Bond amount if less than \$20 million dollars 2. If more than \$20 million dollars: \$40,000 + 0.10% of the amount above \$20 million dollars Annual Administrative Fee: \$7,500 (scattered site projects may require increased fees) due and payable in advance in annual installments commencing on Bond issuance through the term of the regulatory period. Public Sale: additional fee of \$5,000 to \$10,000 applies when Bonds are sold to the public. CDLAC Allocation Fee: 0.035% of the Bond amount, \$1,200 of which is due at time of CDLAC application submittal with the remaining fee due at construction loan closing, and is payable to CDLAC. CDLAC Performance Deposit: 0.50% of the requested Bond amount, not to exceed \$100,000, due at time of CDLAC application submittal. Deposit to be refunded after the Bond closing, upon receipt of authorization letter from CDLAC. The Borrower shall be responsible for all other costs of Bond issuance including fees of the underwriter, trustee, rating agencies, lender, compliance administrator, all Bond counsel legal fees, and any other parties required to complete the transaction.

Occupancy Requirements

- Either (A) 20% of the units must be rent restricted and occupied by individuals whose incomes are 50% or less of the area median income as determined by HUD ("AMI") with adjustments for household size ("20% @ 50% AMI"), or (B) 40% or more of the units must be both rent restricted and occupied by individuals whose income is 60% or less of the AMI, with adjustments for household size ("40% @ 60% AMI"); however in the latter case, a minimum of 10% of the units must be at 50% or less of AMI.
- Borrower will be required to enter into a Regulatory Agreement which will be recorded against the Project
 for the Qualified Project Period (as defined in the CalHFA Regulatory Agreement). This includes the latter
 of the federally-required qualified project period, repayment of the Bond funded loan, redemption of the
 Bonds or the full term of the CDLAC Resolution requirements.

Subsidy Efficiency: CalHFA MIP \$10,000,000 (\$50,000 per unit MIP restricted between 50% and 120% AMI.)

Tax Credit Type(s), Amount(s), Pricing(s), and per TCAC restricted units:

- 4% Federal Tax Credits: \$32,440,980 assuming estimated pricing of \$0.875 (\$160,599 per TCAC restricted units).
- 4% State Tax Credits: \$14,927,646 assuming estimated pricing of \$0.73 (\$73,899 per TCAC restricted units).
- Solar Tax Credits: \$825,708, assuming estimated pricing of \$0.875 (\$4,088 per TCAC restricted units).

Rental Subsidies: The Project will not include any operating or rental subsidies.

Other State Subsidies: The Project will not be funded by other state funds.

Other Locality Subsidies: The Project will not be funded by locality funds.

Cost Containment Strategy:

Corporation for Better Housing (CBH), a 501 (c) (3) affordable housing developer, and its selected construction contractor certifies it subscribes to acceptable industry standards for construction cost containment and review and will continue to implement these standards in future developments. Typical cost review and minimization measures used during construction are:

- 1). Competitive bid process and, if necessary, self-performing trades
- 2). Three bid review
- 3). Value engineering

Competitive Bidding

BLH is familiar with both design and energy efficiency requirements required by TCAC, CDLAC, CalHFA, USDA and other affordable housing agencies. BLH has developed eight (8) Net Zero Energy (NZE) California multi-housing communities utilizing on-site solar PV, high efficiency mechanical systems and energy efficient construction techniques. Further, BLH utilizes "Planwell" during its bidding process. "PlanWell" is an online depository of building plans to allow all trades in the region the opportunity to review and bid on a proposed project.

Securing Bids

By utilizing "PlanWell" during the bidding process, BLH is able to secure bids for all major trades from subcontractors in the region. The collection of this data provides a benchmark for the various trades and provides scalabilty regarding costs in the local market and greater regional market.

Value Engineering

CBH's team of architects and engineers have all worked closely with one another for nearly 15 years allowing plans to be designed and developed in an efficient, cost effective and timely manner. This structure allows CBH to better forecast its future construction costs and monitor on-going costs at any single development.

4. Equity – Cash Out (estimate): N/A

TRANSACTION FACTS

			INANSACTIO				
5.	Legislative Districts	Congress:	#11 Mark DeSaulnier	Assembly:	#11 Jim Frazier	State Senate:	#7 Steven Glazer
	Brief Project Description	The Atchison (the "Project") is a family, mixed-use, mixed-income new construction project consisting of two 5-story elevator served buildings. There will be 202 total units 200 of which will be restricted between 50% and 70% AMI. Units include 20 studio unit (575 SF), 122 1-bedroom units (625 SF), and 60 2-bedroom units (925 SF). Two 1-bedrounits will be reserved for onsite managers. This project is not in a disaster area. Financing Structure: The Project's financing structure includes tax-exempt bonds, 4% federal tax credits and 4% state tax credits, CalHFA permanent financing, and MIP financing. The project qualifies as Mixed-Income with income averaging, pursuant to T regulations.					202 total units, 20 studio units . Two 1-bedroom r area. pt bonds, 4% and MIP
		Tax Credits and/or CDLAC Status: The developer applied for bonds and tax credits in January 2020 and received an award on April 14, 2020. Ground Lease: Not applicable.					
		Commercial Space: A triple net master lease will be executed for the approximate SF of commercial and retail space that will be on the ground floor of the five-story facing Railroad Avenue. The master lessee will be responsible for all expenses relat space. The developer sees demand for retail, restaurant, commercial and possibly office use in the area and has stated that the use will complement the residential to the commercial lease revenue was used to underwrite the residential cash flow.					ive-story building nses related to the possibly small idential building.
		Amenities: The Project amenities include a community room, exercise facilities, swin pool and jacuzzi, playground, central laundry facilities, and a computer room. Unit amenities will include central heating and air conditioning, blinds, dishwasher, garbag disposal, and patios/balconies.					

TRANSACTION OVERVIEW

Proposal and Project Strengths

- The Project has secured 4% tax credits, CA tax credits and solar ITC tax credits. These sources are projected to generate equity representing 44% of total financing sources.
- The Project includes approximately 14,000 SF of commercial space for office and retail, but no lease revenue was included in the underwriting of residential cash flow.
- The Project will serve low-income families ranging between 50% to 70% of AMI.
- The Project will include a photovoltaic solar installation which will provide electrical cost savings to the tenants, and to the project for common areas.
- The Project's rents are priced at least 15% below comparable properties weighted average market rents.
- There is strong demand for the project as vacancy in the PMA is 2.5%, and the population in the PMA has increased every year from 2000 to 2018.

7. Project Weaknesses with Mitigants:

- The Project is located on an infill site that was formerly an auto dealership with a repair facility.
- Based on findings from two Phase I reports (dated June 12, 2019 by Krazan & Associates and dated May 14, 2020 by
 Frey Environmental, Inc.) and a Phase II report dated August 8, 2019 by FREY Environmental, the project will consist of
 building placement upon a vapor barrier and gravel mat to mitigate the intrusion of soil vapor containing VOCs. See
 Section 22 for more details on environmental conditions of the site.
- The developer voluntarily requested agency oversight of the subject site, which qualifies as a brownfield site. The developer will be enrolling in the San Francisco Bay Regional Water Quality Control Board's Site Cleanup Program to facilitate necessary remediation of the site.
- The Project budget has \$600,000 for demolition and environmental remediation; CalHFA will verify with the developer that this amount is sufficient for demolition and remediation of the site. The Water Board is providing oversight of the remediation. The anticipated remediation will include demolition, asbestos/lead removal, soil removal/disposal and follow up testing as recommended in the Phase I and II reports. Oversight will include review of work at the site and any periodic testing outlined in the Phase I and II reports. The scope of remediation work is anticipated to cost approximately \$500,000. The budget includes a 20% contingency resulting in \$600,000 for this work. This estimate is based on conversations with a remediation company which works extensively in the Bay Area. The O&M Plan will be available prior to construction closing.
- The exit analysis assumes 6.75% cap rate and 3% increase of the underwriting interest rate at loan maturity. Based on these assumptions, the Project will have the ability to repay a portion of the Agency's subsidy MIP loan in the estimated amount of \$6,283,912, leaving an outstanding balance of \$6,283,912. This is as expected by CalHFA given the requirement that the MIP loan be co-terminus with the permanent first mortgage. The primary source of repayment for the MIP subsidy loan is refinance of the project first mortgage. To the extent such a refinance is insufficient to fully repay the MIP loan, it is contemplated that any remaining balance will be paid from a general partner contribution as part of the final close out of partnership obligations to allow re-syndication.

8. Underwriting Standards or Term Sheet Variations

- The developer will install a photovoltaic solar system that will provide saving in electrical cost to the tenants and save common area electrical cost to the Project. The proposed (reduced) Utility Allowance ("UA") of \$10 is being used for underwriting, which is consistent with the California Utility Allowance Calculator ("CUAC") report that is generally acceptable by TCAC. The final UA will be subject to TCAC and CalHFA approval.
- The MIP term sheet requires repayment of the MIP loan to be a pro rata share of 50% of net cash flow and 50% to the Developer. This would result in \$4.3M in developer fee unpaid in Year 15. As a condition to investor's pricing and estimated equity referenced on the letter of interest, the equity investor requires that the deferred developer's fee be substantially repaid by year 13 and fully repaid by year 15. The Developer has requested and the Multifamily Lending Division recommends 100% of net cash flow paid towards deferred developer fee until the deferred developer fee is

fully paid off or year 15. Once either the deferred developer fee is paid off or year 15, whichever is soonest, net cash flow distribution will be split 50% to the Developer and 50% to the MIP loan.

9. Project Specific Conditions of Approval

Approval is conditioned upon:

- Evidence that transfer of site ownership has been fully executed from the current fee owners to the MGP and ALP of the developer team.
- Subject to receipt of final contract budget of remediation scope of work acceptable to CalHFA.
- Evidence of all environmental remediation prior to Perm Loan conversion.
- The Project must meet the readiness requirements within 180 days from TCAC/CDLAC allocation.
- CalHFA will require the developer to provide a cost containment certification that is acceptable to the Agency.
- The deferred developer fee of \$7.6M will be repaid in year 15 per project cashflow. Therefore, the owner must provide evidence of investor approval of the total deferred developer's fee structure in case the GP (as negotiated with the ILP) will need to make a capital contribution to pay off the remaining DDF. This will be documented in the LPA with the Tax Credit Investor to ensure that the DDF will be fully repaid by year 15 and in line with the investor's position in Section 8.
- Lender(s), equity investor, and borrower shall permit CalHFA to recycle all or a portion of Project's tax-exempt bonds, as applicable.
- CalHFA requires that MIP affordability covenants be recorded in first position.
- Receipt of a certification by the engineer on record that Project has been built to current seismic code acceptable to the Agency prior to permanent closing.
- Closing on construction financing will be subject to final LPA being substantially consistent with the assumptions made at time of final commitment and that it is acceptable to CalHFA.
- Subject to receipt of a certification acceptable to CalHFA from the engineer on record that project was built to current seismic code prior to permanent loan closing.
- The CalHFA subsidy will be, in the Agency's sole discretion, the lesser of 1) the principal amount as stated hereto or 2) an amount as determined by the Agency in the event the financial assumptions change prior to construction loan and/or permanent loan closing. For instance, if the permanent loan interest rate decreased, or project rents increase, then the subsidy may be reduced due to additional debt generated by the lower interest rate or higher rents. The initial debt service coverage ratio ("DSCR") shall be a maximum of 1.20. An increase of the subsidy loan will not be allowed and will be subject to Agency's approval.

10. Staff Conclusion/Recommendation:

The Multifamily Lending Division supports approval of the described financing in the amount(s) requested, subject to the above proposed terms and conditions.

MISSION & AFFORDABILITY

11. | CalHFA Mission/Goals

This Project and financing proposal provide 200 units of affordable housing with a range of restricted rents between 50% AMI and 120% of AMI which will support much needed rental housing that will remain affordable for 55 years.

12. CalHFA Affordability & Occupancy Restrictions

- The CalHFA Bond and Permanent Financing Regulatory Agreements will restrict a minimum of 40% of the total units at or below 60% AMI with 10% of these units at 50% of AMI for 55 year(s).
- The CalHFA MIP Subsidy Regulatory Agreement will restrict 10% of total units (21) units at or below 50% of AMI and 10% of total units (21 units) between 60% to 80% of AMI with a minimum average of 70% of AMI. The remaining 158 of restricted units will be restricted at or below 120% of AMI. The affordability restrictions for the

Mixed Income Program require at least 10% of the units be restricted to 81% to 120% of AMI, with an average of 100% of AMI, if supported by a market study. However, per a market study dated December 3, 2019 the Project can only support rents at a maximum of 70% AMI and still comply with the requirement that rents be 10% below market. Therefore, this project will comply with affordability requirement of 60% to 80% of AMI with an average of 70% of AMI.

- There will be 2 unrestricted manager's units.
- Any rent restrictions on units pursuant to a density bonus or conditional use permit shall not impact MIP affordability restrictions.

RENT LIMIT SUMMARY TABLE					
Restrictions @ AMI	Total	Studio	1-bdrm	2-bdrm	% of Total
50%	100	10	60	30	49.50%
70%	100	10	60	30	49.50%
Manager's Unit	2		2		1.00%
Total	202	20	122	60	99.00%

NUMBER OF UNITS AND AMI RENTS RESTRICTED BY EACH AGENCY							
Regulatory Source	Lien Priority if Recorded Document			Number of Units Restricted fo Each AMI Category			
		Agrille (years)	50%	60%	70%	80%	<=120%
CalHFA Bond		55	21	60			
CalHFA MIP	1st	55	21		21*		158
Tax Credits		55	100		100		
Density Bonus ¹ or CUP		55	23				

¹ The partnership will enter into a 55-year regulatory agreement as a condition of approval for a 28% density bonus. The agreement restricts at least 11% of total units at VLI (23 units at 50 AMI), 20% at LI (41 units at 80 AMI) or 40% of the units at moderate income (81 units at 80-120 AMI).

*Note: For MIP purposes, 10% (8 units) will be restricted at or below 50% of AMI, 10% (8 units) will be restricted between 60% to 80% of AMI, and the remaining 55 restricted units will be restricted at or below 120% of AMI. The rents for the 60% to 80% tranche will be determined by the minimum income restriction of 70% of AMI.

	expense are not included in the underwriting for the master Lease which provides sufficient risk m					
cured against the ab	ove described Project site.					
7. Balloon Exit Analysis Applicable: 🖂 Yes 🗌 No						
	Applic	Applicable: Yes No cap rate and 3% increase of the underwriting interest rate at loan ma				

The exit analysis assumes 6.75% cap rate and 3% increase of the underwriting interest rate at loan maturity. Based on these assumptions, the Project will have the ability to repay a portion of the Agency's subsidy MIP loan in the estimated amount of \$6,283,912, leaving an outstanding balance of \$7,695,482. This is as expected by CalHFA given the requirement that the MIP loan be co-terminus with the permanent first mortgage. The primary source of repayment for both the first mortgage and the MIP subsidy loan is refinance of the project first mortgage. To the extent such a refinance is insufficient to fully repay the MIP loan, it is contemplated that any remaining balance will be paid from a general partner contribution as part of the final close out of partnership obligations to allow re-syndication.

APPRAISAL AND MARKET ANALYSIS

18. Appraisal Review The Appraisal dated May 22, 2020, prepared by CBRE Valuation & Advisory Services, values the land at \$5,250,000. The Restricted Value is \$45,300,000 resulting in an LTV of 72%. The capitalization rate of 4.75% was used to determine the appraised value of the subject site. The project's projected operating expenses was determined overall to be in line with operating expenses of comparable sites. Market Study: Novogradac Dated: December 3, 2019 Effective Date: October 7, 2019 **Regional Market Overview** The Primary Market Area is the city of Pittsburg, Bay Point and the western portion of the City of Antioch (population of 40,537) and the Secondary Market Area ("SMA") is San Francisco-Oakland-Hayward (population of The general population in the PMA is anticipated to increase by 1.1% per year. Unemployment in Contra Costa County was 3% according to the Report's economic analysis. However, the data was collected prior to the onset of the COVID-19 pandemic that has significantly increased unemployment in the State and nationally. The Project can only support rents at a maximum of 70% AMI and still comply with the requirement that rents be 10% below market.

o There are currently 8 LIHTC comparable family project(s) in the PMA. All were constructed or last

renovated between 2000 and 2019. 6 were 100% occupied and have waitlists. The remaining 2 were

Local Market Area Analysis Supply:

over 95% occupied.

- There are 3 affordable projects (2 family and 1 veteran) proposed in the PMA. No affordable projects are under construction, though there is one market-rate family building in construction at the time of the report.
- There have been 9 LIHTC projects awarded in the PMA since 2015, of which 2 were new construction. The remaining were Acquisition/Rehab projects.

Demand/Absorption:

- o The project will need to capture 19.1% of the total demand for family units in the PMA.
- The affordable units are anticipated to lease up at a rate of 28 to 33 units per month and reach stabilized occupancy within 6-7 months of opening.

There is one project (Bay Point Family Apartments) that was allocated LIHTC in 2018 that involved new construction of a 193-unit building restricted to households at or below 50 and 60 AMI. This property may be competitive with Atchison depending on the projects' construction timeline.

DEVELOPMENT SUMMARY

19. Site Description Requires Flood Insurance: ☐ Yes ☒ No

et side of Railroad Avenue approximately 0.1 mile south of the in

- The property is located on the east side of Railroad Avenue approximately 0.1 mile south of the intersection with Leland Road, in the City of Pittsburg, Contra Costa County.
- The site is occupied with a commercial building, with level topography at street grade, measuring approximately 3.94 acres and is generally rectangular in shape.
- The site is zoned Community Commercial (CC), with permitted multifamily residential use.
- The subject is located in Flood Zone X. Zone X is the area determined to be outside the 500-year flood and protected by levee from 100-year flood, therefore the Project will not be subject to flood insurance.
- The site consists of an existing commercial structure that is vacant and a surface parking lot. Both structures will be razed to allow for construction of the project
- The developer has engaged third-party oversight of the subject site, which qualifies as a brownfield site, and reports will be shared with the Agency. The developer will be enrolling in the San Francisco Bay Regional Water Quality Control Board's Site Cleanup Program to facilitate necessary remediation of the site as described in Section 22.

20. Form of Site Control & Expiration Date

The current owners, Brenda M. White and Pamela Kay Moore, of the site and the Project owner, Integrated Community Development, LLC (ICD), entered into a Purchase and Sale Agreement dated 5/21/2019 which expired on 4/23/2020 for an amount of \$4,200,000. An amendment was executed on 03/23/2020 that extends Close of Escrow pursuant to the terms of the Agreement for up to 3 consecutive 30-day extensions by depositing an additional \$10,000 into escrow for each extension period. The Project owner anticipates to close on the site prior to construction loan closing.

21. Current Ownership Entity of Record

Title is currently vested in Brenda M. White and Pamela Kay Moore as the fee owner.

22. Environmental Review Findings

- The existing structures onsite to be demolished contain asbestos, lead-based paint, and mold.
 - A Phase I Environmental Site Assessment performed by Frey Environmental, Inc., dated May 14, 2020 restated general findings from the Phase I ESA completed by Krazan & Associates and dated June 12, 2019. The reports revealed various environmental conditions. Specifically, Recognized Environmental Conditions (RECs) and Vapor Encroachment Conditions (VECs) include two underground storage tanks (USTs) that contained waste oil and fuel, potential subsurface impacts from former in-ground hydraulic hoists, potential oil/water separator and surface drains, floor drains in the Site building, a storm water drain, and a leaking UST property located 620 feet south of the site, though it was not considered to be a REC.

- Frey conducted a Phase II ESA dated August 8, 2019 and set forth results from soil borings and samples taken on the site to address the RECs and VECs presented in Krazan's Phase I ESA.
 - The Phase II report recommends an M&O plan that: 1) Contaminated soil from grading and waste from the demolition of the existing buildings should be transported to a proper facility; 2) Additional soil vapor surveys should be performed and analyzed after grading to be sure that be sure that contaminated soil was remediated; 3) A vapor barrier should be installed under the footprint of the building prior to construction; and 4) A follow-up soil vapor survey should be performed after the vapor barrier is installed to be sure it is working.
- The proposed development plans for the Site consist of building placement upon a vapor barrier and gravel mat which will mitigate the intrusion of soil vapor containing VOCs.
 - The developer has requested agency oversight of the subject site, which qualifies as a brownfield site. The developer will be enrolling in the San Francisco Bay Regional Water Quality Control Board's Site Cleanup Program to facilitate necessary remediation of the site as described above. As of this writing, an Operations and Maintenance Plan is underway and a requirement of the program, and the O&M Plan will be available prior to Board approval.

	• The Pro	ject budget has \$600,000 for demolition and environmental remediation.
23.	Seismic	Requires Earthquake Insurance: 🔲 Yes 🔀 No

MIXED-INCOME LOAN PROGRAM

The CalHFA Mixed-Income Program ("MIP") provides competitive long-term subordinate financing for new construction multifamily housing projects restricting units (tax credit or CalHFA) between 30% and 120% of county Area Median Income ("AMI").

The MIP must be paired with CalHFA's Conduit Bond Issuance Program and a CalHFA Mixed-Income Qualified Construction Lender (defined below). Additionally, the program must be paired with CalHFA's Permanent Loan product or a sponsor must work with a CalHFA Mixed-Income Qualified Permanent Lender (defined below). The Mixed-Income resources will take the form of a subordinate loan to incentivize newly developed multifamily housing projects that serve a range of very low to moderate income renters. Eligible projects must create newly constructed regulated units that meet the income and occupancy requirements reflected below.

Qualifications

APPLICATION:

Sponsors/developers must submit a complete application package which includes all items listed on the application, the application addendum and the checklist. Incomplete application packages will not be considered. The application and checklist can be found at

<u>www.calhfa.ca.gov/multifamily/mixedincome/forms/index.htm</u>. If the sponsor/developer is not able to meet the readiness timeline referenced below, MIP funds may be rescinded and reallocated.

AVAILABILITY:

Available to for-profit, non-profit, and public agency sponsors. Development teams must meet CalHFA experience requirements, as defined in the CalHFA Development Team Qualifications section below.

USES:

MIP Subsidy loans must be used in conjunction with CalHFA's Conduit Bond Issuance Program and a construction loan from a CalHFA Mixed-Income Qualified Construction Lender. MIP Subsidy loans must also be used in conjunction with CalHFA's permanent first-lien mortgage financing or financing from a CalHFA Mixed-Income Qualified Permanent Lender. CalHFA Mixed-Income Qualified Construction and Qualified Permanent Lenders are defined in the CalHFA Lender Qualifications section below.

FINANCING STRUCTURE:

Projects accessing the MIP Subsidy Loan funds must be structured as one of the following:

- 1. Tax-exempt Bond and 4% tax credit project where at least 51% of the units in each project must be tax credit financed, OR
- Qualified mixed-income project under the California Debt Limit Allocation Committee's (CDLAC) regulations (50% or fewer units designated as tax credit or tax-exempt bond restricted) utilizing an allocation of private activity bonds to finance the project, OR
- 3. Qualified mixed-income project through income averaging.

Qualifications (continued)

READINESS:

Projects must have site control and be prepared to submit for a bond and tax credit allocation and will only receive funds if bonds are issued within the issuance timeframes specified in CDLAC Regulations Section 5100.

- Site: The site must be ready for construction (all potential environmental issues have been identified, mitigation plan is in place, and costs associated with the mitigation plan have been incorporated in the development budget). Environmental issues may include but not be limited to receipt of clearances for CEQA, NEPA, and applicable tribal land environmental reviews.
- Construction Start: All projects must commit to begin construction 180 days from the earlier of the date
 of the tax-exempt bond allocation or 4% federal/state tax credit reservation. Within the 180-day period the
 following items must be submitted to CalHFA in their final form:
 - a. A complete updated application (inclusive of all CalHFA Addendum Items) form along with a detailed explanation of any changes from the initial application,
 - b. An executed construction contract,
 - c. Recorded deeds of trust for all construction financing (unless a project's location on tribal trust land precludes this),
 - d. Binding commitments for any other financing required to complete project construction,
 - e. Copy of a limited partnership agreement executed by the general partner/sponsor and the investor limited partner/equity provider,
 - f. Payment of all construction lender fees,
 - g. Copies of buildings permits (a grading permit does not suffice to meet this requirement except that in the event that the city or county as a rule does not issue building permits prior to the completion of grading, a grading permit shall suffice; if the project is a design build project in which the city or county does not issue building permits until designs are fully complete, the city or county shall have approved construction to begin) or the applicable tribal documents,
 - h. Copy of the notice to proceed delivered to the contractor,
 - If no construction lender is involved, evidence must be submitted within 180 days, as applicable, that
 the equity partner has been admitted to the ownership entity, and that an initial disbursement of funds
 has occurred.
 - j. Other documentation and information necessary to close construction financing required by CalHFA.

MIP ALLOCATION LIMITS:

- 1. 10% Project Cap: No project may receive more than 10% of the total MIP allocation for the respective year.
- 2. **33% Sponsor Cap:** No sponsor (any individual, entity, affiliate and related entity) may receive more than 33% of MIP funds for the respective year.
- 3. 33% County Cap: No one county may receive more than 33% of MIP funds for the respective year.
- 4. **25% Age-Restricted Cap:** No more than 25% of MIP funds for the respective year may be received by age-restricted projects.

EVIDENCE OF COST CONTAINMENT:

A Cost Containment Analysis will be completed by CalHFA at the time of the Construction Loan Closing.

The developer/sponsor must certify that cost containment measures have been implemented to minimize construction costs. These measures may include but are not limited to 1) competitively bidding out all major subcontractor and self-performing trades 2) obtain 3 bids for all major trades and 3) engage value engineer/consultant during the design process.

Qualifications (continued)

EVIDENCE OF SUBSIDY FEEICIENCY:

A Subsidy Efficiency Analysis will be completed as part of the Application review. The analysis will be completed again prior to closing the MIP Subordinate Loan and the MIP Loan amount may be adjusted based on the final analysis. Parameters of the analysis may include but are not limited to the following:

- A maximum of 1.20 Debt Service Coverage Ratio ("DSCR"). CalHFA may allow an initial DSCR higher than 1.20 on a case by case basis, if deemed necessary;
- A project cash flow that supports the residential component of the project based on the required CalHFA permanent first lien annual debt service coverage ratio;
- A separate project cash flow that supports any commercial component of the project;
- A cashflow after debt service that is limited to the higher of 25% of the anticipated annual must pay debt service payment or 8% of gross income, during each of the first 3 years of project operation;
- Inflation factors and vacancy rates consistent with the Agency's Underwriting Standards and Reference Manual ("USRM");
- Developer Fee requirements will match those required under the 4% federal and/or state tax credit reservation.
- Capitalized reserves shall be subject to approval by Agency for reasonableness consistent with the USRM and the Investor Limited Partnership Agreement (ILPA);
- Review of Excess Sources over final Uses as approved by CalHFA resulting from any of the following:
 - · An increase in tax credit equity;
 - · An increase in permanent loan debt due to a combination of permanent loan rate reduction and/or reduction to operating expense assumptions;
- Construction Cost Savings as evidenced by final cost certification, funds shall be used to reduce the MIP
 loan prior to CalHFA MIP loan closing or if required by other subordinate lenders, funds may be split on a
 pro rata basis between CalHFA and other subordinate lenders.

CalHFA Mixed-Income Qualified Lender Qualifications

A CalHFA Qualified Construction Lender is defined as a Construction Lender that has closed at least 5 construction loans using tax-exempt bonds and 4% federal and/or state tax credits in California within the last 3 years and satisfies the requirement set forth within the application.

A CalHFA Qualified Permanent Lender is defined as a Permanent Lender that has closed at least 5 Permanent loans using tax-exempt bonds and 4% federal and/or state tax credits in California within the last 3 years and satisfies the requirement set forth within the application.

CalHFA Mixed-Income Development Team Qualifications

The **Developer/Co-Developer** must be registered to do business and in good standing in the state of California. A CalHFA Qualified Developer/Co-Developer must have developed at least three (3) comparable projects within the past five (5) years.

The proposed **Project Manager** must have personally managed the development of at least two (2) comparable projects within the past 5 years.

Financial Consultants hired to assist the Developer in meeting the minimum experience requirements must be able to provide details regarding at least three (3) comparably financed projects over the last five (5) years.

CalHFA Mixed-Income Development Team Qualifications (Continued)

Architects new to CalHFA must provide information for three (3) comparable projects they designed that were built and occupied within the past five (5) years.

General Contractor (GC) must be licensed by the State of California. GCs new to CalHFA must provide information related to three (3) comparable (in design) projects built in the past five (5) years. Similar information will be required for the proposed on-site construction supervisor. The on-site construction supervisor must have overseen three (3) comparable projects built in the past five (5) years, and they must have overseen the projects from construction start to final completion.

Management Company must have a local presence or a field office in Northern or Southern CA (depending on the location of the Project) and have experience managing at least ten (10) low to moderate income rent restricted Comparable (size and tenant types) Projects. Also required is a resume for the proposed on-site Property Manager, reflecting prior experience during the past five (5) years managing onsite project operations and compliance with rent restricted units.

Permanent First <u>Lien Loa</u>n

Provided by CalHFA or a CalHFA Mixed-Income Qualified Permanent Lender. The permanent loan must meet an initial DSCR of at least 1.15 and must maintain a DSCR of 1.0 or higher for the term of the permanent first lien loan. CalHFA may require an initial DSCR higher than 1.15 on a case by case basis, if deemed necessary.

Construction First Lien Loan

Provided by a CalHFA Mixed-Income Qualified Construction Lender.

Limitations

- 1. MIP cannot be combined with the Tax Credit Allocation Committee's (TCAC) 9% program.
- 2. MIP cannot be combined with other state subordinate debt and/or subsidy programs (this does not include state tax credits). Inclusion of other subordinate debt and subsidy will be allowed at CalHFA's discretion.
- 3. Projects that have a below market rate component as a result of an inclusionary obligation or are 100% below market as a result of an inclusionary obligation must demonstrate master developer commitment through a dollar-for-dollar match of CalHFA's resources. Match can be obtained through a monetary match or equivalent in-kind contributions (e.g., land donation, land use fee concessions.)
- 4. At the time of MIP application to CalHFA, a project must not have already received an allocation of 4% federal and/or state tax credits from TCAC or a tax-exempt bond allocation from CDLAC.
- 5. Projects will not be eligible for other subsidy resources from CalHFA in addition to MIP.

Mixed-Income Project Occupancy Requirements

FEDERAL BOND REGULATORY AGREEMENT REQUIREMENTS (ALL PROJECTS):

Must maintain either (a) 20% of the units must be rent restricted and occupied by individuals whose incomes are 50% or less of AMI with adjustments for household size ("20% @ 50% AMI"), OR (b) 40% or more of the units must be both rent restricted and occupied by individuals whose incomes are 60% or less of AMI with adjustments for household size ("40% @ 60% AMI"): in the latter case, a minimum of 10% of the unit types must be at 50% or less of AMI ("10% @ 50% AMI").

MIXED INCOME REGULATORY AGREEMENT REQUIREMENTS (ALL PROJECTS):

Affordability Requirements:

- 1. To qualify, a project must have at least 10% of the total units restricted as follows*:
 - a. 81% to 120% of AMI with an average of 100% of AMI or greater OR if the market study does not support restrictions at these levels,

Mixed-Income Project Occupancy Requirements (Continued)

 60% to 80% of AMI with an average of 70% of AMI or greater, subject to the Maximum Allowable Rents outlined below.

*(Deviations from the average unit affordability levels of 70% AMI or 100% AMI outlined above will only be considered if market study supports such deviations.)

2. AND either

- a. Tax credit transactions that are income-averaged must not exceed an average affordability of 60% AMI across all restricted units, **OR**
- b. Mixed income per CDLAC definitions, a Qualified Residential Rental Project having 50% or fewer of its total units designated as Restricted Rental Units (as restricted by a Bond or TCAC Regulatory Agreement at 60% AMI or lower-CDLAC Regulations Article 1, Section 5000).

Note: These restrictions will remain in effect for 55 years. MIP regulatory agreement will restrict 10% of the total units at or below 80% of AMI, another 10% of the total units at or below 50% of AMI (or 80% AMI if there is an exception pursuant to Health and Safety Code Section 51335), and in addition to these restrictions, a minimum of 10% of the total units between 81% up to 120% of AMI OR (subject to the requirements identified above) 10%-29% of the total units between 60% up to 80% AMI, and the remaining units restricted at or below 120% of AMI, except for the designated manager's unit(s).

MAXIMUM ALLOWABLE RENTS:

Rents for units restricted at 80% AMI and below must be at least 10% below market rents as evidenced by a current Market Study.

Rents for units restricted between 81%-120% AMI must be at least 10% below market as evidenced by a current Market Study.

Mixed-Income Subordinate Loan

- 1. Maximum loan amount for each project shall not exceed 10% of total MIP allocation for the respective year.
 - a. Maximum loan per restricted (tax credit or CalHFA) units between 50%-80% AMI shall be \$50,000.
 - b. Maximum loan per MIP restricted units between 81%-120% AMI shall be \$100,000.
 - c. Projects located within the Highest or High Resource areas designated on the TCAC/HCD Opportunity Area Map shall be eligible for an additional 5% of the project eligible basis per 4% federal and state tax credit program. Opportunity Map Home Page
- 2. Loan size based on project need but cannot be more than 50% of the permanent loan amount.

Mixed-Income Subordinate Loan Rates & Terms

- 1. Interest Rate: 2.75% simple interest.
- 2. Loan Term: The MIP loan term shall be coterminous with the permanent first lien loan.
- 3. Loan Payment: Residual receipt repayment based on cash flow analysis and split 50% to Owner and 50% to CalHFA and other residual receipt lenders. Residual receipt is defined as 50% of surplus cash which is determined as net operating income minus total debt service and other Agency approved payments. Payments shall be applied to the current and/or accrued interest and then principal of the MIP loan.
- 4. Affordability Term: Up to 55 years.
- 5. Assignability: Consent will be considered.
- 6. Prepayment: May be prepaid at any time without penalty.

MIXED-INCOME LOAN PROGRAM

Mixed-Income 7. Subordination: A subordination and/or extension of MIP maturity request in conjunction with a re-Subordinate syndication, refinance, or ownership transfer ("capitalization event(s)") will be considered. If MIP loan is Loan Rates & outstanding at time of the capitalization event(s), the original MIP annual fee schedule will remain in place **Terms** until the earlier of MIP regulatory restriction expiration, including any extensions, or repayment of the MIP (Continued) loan. If the outstanding MIP loan is subordinated at the time of such event, the surplus cash split between borrower and CalHFA and other residual receipt lenders may be altered to reflect an increased percentage of residual receipts to CalHFA out of Borrower's share until such time as the MIP loan is paid in full. The remaining residual receipts may be split between other residual receipt lenders. Funded: Only at permanent loan conversion. **CalHFA Conduit** For more information on CalHFA's Conduit Issuer Program and the fees associated with it, visit CalHFA's website: **Bond Program** www.calhfa.ca.gov/multifamily/programs/forms/termsheet-conduit.pdf **CalHFA First Lien** For more information on CalHFA's Permanent Loan Program and the fees associated with it, visit CalHFA's **Permanent Rates** website: www.calhfa.ca.gov/multifamily/programs/forms/termsheet-perm-tax-exempt.pdf & Terms (subject to change) **Fees** Program Application Fee: \$10,000 non-refundable, due at time of CalHFA MIP application submittal. The (subject to change) application fee shall be credited towards Loan Fee at time of MIP permanent loan closing. Loan Fee: 1.00% of the loan amount (50% due at final commitment and 50% due at CalHFA MIP loan closing). Legal Fee: \$15,000, due at loan closing (applicable if CalHFA is not providing permanent financing). Ongoing Annual MIP Fee Payable in the event that CalHFA is not the Permanent Lender: 0.35% of the Permanent Loan Amount commencing at CalHFA MIP loan closing, calculated based on the principal balance of an amortization schedule with the following assumptions: i) 55 year amortization; ii) start date, interest rate and the loan amount consistent with permanent first lien loan (this fee is applicable if CalHFA is not providing permanent financing and will remain in place until the repayment of the MIP loan). 5. Annual Administrative Fee: \$7,500 per year (subject to change). Conduit Bond Program Fees: Refer to CalHFA Conduit Bond Program www.calhfa.ca.gov/multifamily/programs/forms/termsheet-conduit.pdf CDLAC Fees: Refer to CDLAC regulations for all applicable fees. If CalHFA is selected as the permanent lender, please refer to CalHFA First Lien Permanent Rates & Terms for first mortgage loan fees, credit enhancements, trustee fees, legal fees, inspection fees, administrative fees. www.calhfa.ca.gov/multifamily/programs/forms/termsheet-perm-tax-exempt.pdf

Cal HFA California Housing Finance Agency

CONDUIT ISSUER PROGRAM

MULTIFAMILY HOUSING BONDS

The CalHFA Conduit Issuer Program is designed to facilitate access to tax-exempt and taxable bonds ("Bond") by developers that seek financing for eligible projects that provide affordable multifamily rental housing for individuals, families, seniors, veterans or special needs tenants ("Project"). The conduit Bonds may be used to finance the acquisition, rehabilitation, and/or development of an existing Project, or they can be used for the construction of a new Project.

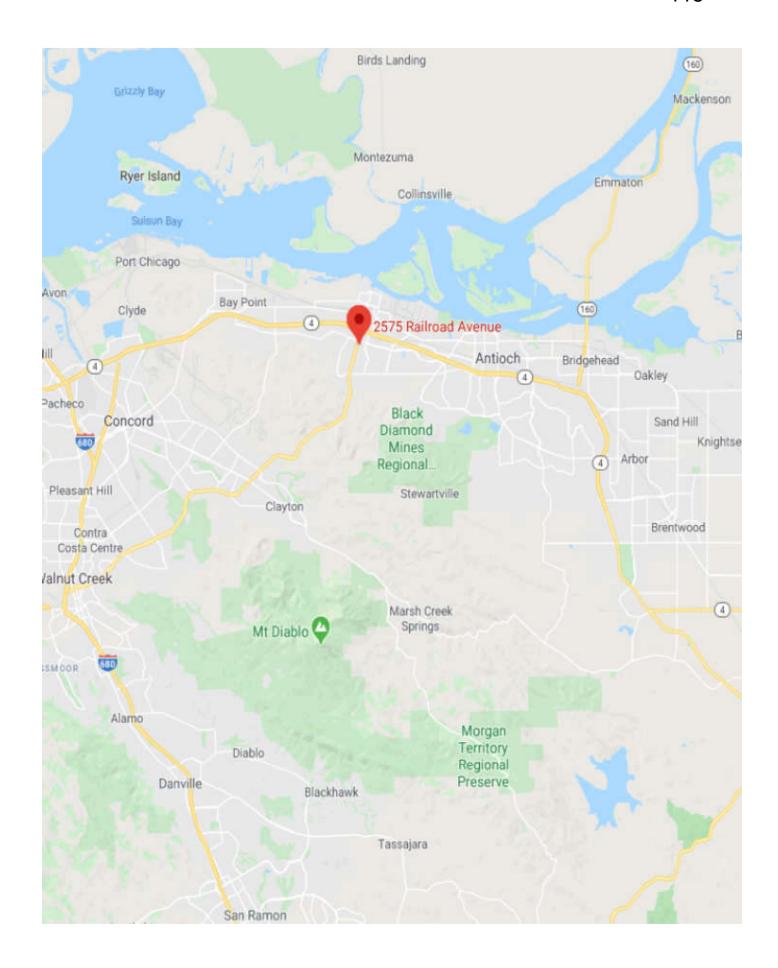

Qualifications	 Available to for-profit, non-profit or public agency sponsors. Non-profit borrowers may be eligible for 501(c)(3) bonds. If bond proceeds are utilized to pay off an existing CalHFA portfolio loan visit www.calhfa.ca.gov for the CalHFA Portfolio Loan Prepayment Policy.
Bond Amount	Bond amount is determined by the loan amount of the selected construction lender.
Fees (subject to change)	 Application Fee: \$5,000 non-refundable, due at time of application submittal (covers the cost of the TEFRA) and is credited towards the CalHFA Issuer Fee. Issuer Fee: 1. The greater of \$15,000 or 0.20% of the Bond amount if less than \$20 million dollars 2. If more than \$20 million dollars: \$40,000 + 0.10% of the amount above \$20 million dollars Annual Administrative Fee: \$7,500 (scattered site projects may require increased fees) due and payable in advance in annual installments commencing on Bond issuance through the term of the regulatory period. Public Sale: additional fee of \$5,000 to \$10,000 applies when Bonds are sold to the public. CDLAC Allocation Fee: 0.035% of the Bond amount, \$1,200 of which is due at time of CDLAC application submittal with the remaining fee due at construction loan closing, and is payable to CDLAC. CDLAC Performance Deposit: 0.50% of the requested Bond amount, not to exceed \$100,000, due at time of CDLAC application submittal. Deposit to be refunded after the Bond closing, upon receipt of authorization letter from CDLAC. The Borrower shall be responsible for all other costs of Bond issuance including fees of the underwriter, trustee, rating agencies, lender, compliance administrator, all Bond counsel legal fees, and any other parties required to complete the transaction.

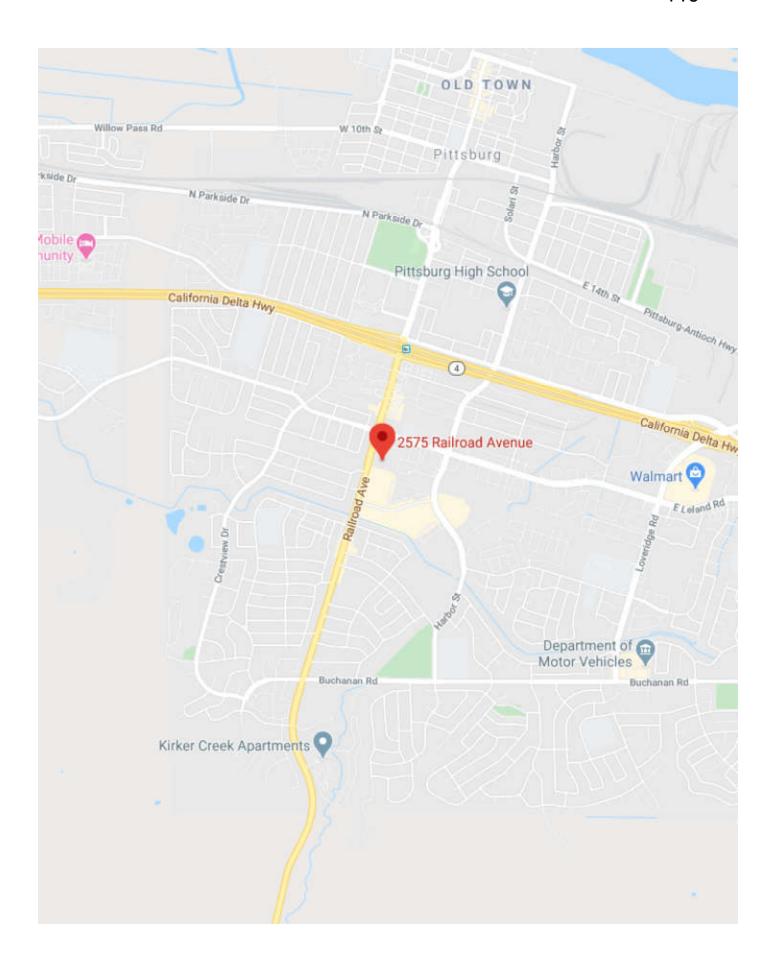

Occupancy Requirements

- Either (A) 20% of the units must be rent restricted and occupied by individuals whose incomes are 50% or less of the area median income as determined by HUD ("AMI") with adjustments for household size ("20% @ 50% AMI"), or (B) 40% or more of the units must be both rent restricted and occupied by individuals whose income is 60% or less of the AMI, with adjustments for household size ("40% @ 60% AMI"); however in the latter case, a minimum of 10% of the units must be at 50% or less of AMI.
- Borrower will be required to enter into a Regulatory Agreement which will be recorded against the Project
 for the Qualified Project Period (as defined in the CalHFA Regulatory Agreement). This includes the latter
 of the federally-required qualified project period, repayment of the Bond funded loan, redemption of the
 Bonds or the full term of the CDLAC Resolution requirements.

Subsidy Efficiency: MIP loan \$5,000,000 (\$35,971 per MIP restricted unit).

Tax Credit Type(s), Amount(s), Pricing(s), and per restricted units:

- 4% Federal Tax Credits: \$23,131,561 with equity pricing of \$0.965 (\$165,225 per TCAC restricted unit) as reflected in an investor LOI dated 6/15/2020.
- 4% State Tax Credits: \$9,899,010 with equity pricing of \$0.800 (\$70,707 per restricted TCAC unit) as reflected in an investor LOI dated 6/15/2020.

Rental Subsidies: The Project will not include rental subsidies.

Other State Subsidies: The Project will not be funded by other state funds.

Other Locality Subsidies: The Project will not be funded by locality funds.

Cost Containment Strategy: Per a letter dated 6/23/2020, Meta "has implemented cost containment measures to minimize construction costs. These measures may include but are not limited to 1) competitively bidding out all major subcontractor and self-performing trades 2) obtain 3 bids for all major trades and 3) engage value engineer / consultant during the design process."

*Seller Carry Back Note is calculated as shown below. Information on the purchase transaction is in section 20. \$5,000,000 current appraisal

- -\$4,500,000 7/2019 purchase
- \$30,000 extension fees
- \$339,149 carrying costs
- = \$130,851 seller carryback note.
- **4.** Equity Cash Out (estimate): Not Applicable

TRANSACTION OVERVIEW

. Proposal and Project Strengths

- The Project received a reservation of 4% federal and state tax credits on February 18, 2020 which are collectively expected to generate approximately \$30,397,823 in equity representing 44.19% of total financing sources.
- The developer/sponsor and property management company have extensive experience in developing similar affordable housing projects and/or have experience with CalHFA.
- The locality has invested in the success of the Project as demonstrated by granting a density bonus in exchange for ensuring 25 units will be restricted under the City of Hayward's Density Bonus and Affordable Housing Plan ordinances.
- This mixed-income project will serve families between 30% and 70% AMI, including 66 of the total units (47.14%) restricted to tenants earning less than 30% to 60% of AMI. An additional 73 units (52.14%) will serve tenants earning up to 70% AMI, and there will be 1 manager's unit.
- There is a high demand for affordable housing in Hayward. Affordable projects in the market average 99% occupancy with waiting lists at all comparable properties. Restricted rents average 32% below market rents. The project is expected to reach stabilized occupancy in 7 months.
- The commercial construction costs will be paid for by equity.
- MIP funds equal \$35,971 per MIP-restricted unit.
- The projected portion of the developer's fee that will be collected at or prior to permanent loan conversion is \$2,900,000 (43.95% of total developer fee), which could be available to cover cost overruns and/or unforeseen issues during construction.
- The developer is contributing a Seller Carryback Loan (\$130,851) and deferred developer fee (\$3,698,170) to the Project.
- As noted in the Locality Contribution Letter, Meta previously built an affordable project in Hayward about which the City notes having "established an effective and professional working relationship with the developer."
- The exit analysis assumes a 7.25% cap rate and 3% increase of the underwriting interest rate at loan maturity. Based on these assumptions, the Project will have the ability to fully repay the balance of Citibank's permanent loans Agency's subsidy MIP loan in the estimated amount of \$5,240,409.

7. Project Weaknesses with Mitigants:

None.

8. Underwriting Standards or Term Sheet Variations

• The MIP term sheet requires repayment of the MIP loan to be a prorata share of 50% of net cash flow and 50% to the Developer. This would result in \$1,051,636 in developer fee unpaid by year 13, the date by which the investor requires full repayment of developer fee. The term sheet also allows for deferral of the MIP loan repayment for up to 15 years Therefore, Multifamily Lending Division recommends 100% of net cash flow paid towards deferred developer fee until the deferred developer fee is paid off. Once either the deferred developer fee is paid off or year 15, whichever is soonest, net cash flow distribution will be split 50% to the Developer and 50% to the MIP loan.

Project Specific Conditions of Approval

Approval is conditioned upon:

- Documentation of the \$339,149 in project holding costs and \$30,000 in extension fees on the land cost.
- CalHFA may require a copy of the construction and/or permanent lenders proforma evidencing consistent underwriting assumptions.
- The Project must meet the readiness requirements within 180 days from TCAC/CDLAC allocation.
- Closing on construction financing will be subject to final LPA being substantially consistent to the assumptions made at time of final commitment and that it is acceptable to CalHFA.
- CalHFA will require the developer to provide a cost containment certification that is acceptable to the Agency.
- Receipt of a certification acceptable to CalHFA from the engineer on record that project was built to current seismic code pri or to permanent loan closing.

- Lender(s), equity investor, and borrower shall permit CalHFA to recycle all or a portion of Project's tax-exempt bonds, as applicable.
- Borrower shall approve a participation agreement, if any, between the Permanent Lender and CalHFA in which the Permanent Lender and CalHFA shall participate in a portion of the permanent loan as determined between CalHFA and the Permanent Lender.
- CalHFA requires that MIP affordability covenants be recorded in first position, unless otherwise approved by Agency.
- The CalHFA subsidy will be, in the Agency's sole discretion, the lesser of 1) the principal amount as state on hereto or 2) an amount as determined by the Agency in the event the financial assumptions change prior to construction loan closing and/or permanent loan closing. For instance, if the permanent loan interest rate decreased, then the subsidy may be reduced due to additional debt generated by the lower interest rate. The debt service coverage ratio ("DSCR") shall be a maximum of 1.20. An increase of the subsidy loan will not be allowed and will be subject to Agency's.
- The City of Hayward will waive certain fees in exchange for restricting a portion of the Project to low income tenants. The City is requiring the Borrower to encumber the Property by recording a Density Bonus Agreement. Prior to construction loan closing, the Density Bonus Agreement is subject to CalHFA review and approval in accordance with Agency underwriting standards.
- Repayment of the Seller Carryback Note will come from the developer's 50% split commencing at the earlier of repayment of the deferred developer fee or year 15, whichever is earlier.

10. Staff Conclusion/Recommendation:

The Multifamily Lending Division supports approval of the described financing in the amount(s) requested, subject to the above proposed terms and conditions.

MISSION & AFFORDABILITY

11. CalHFA Mission/Goals

This Project and financing proposal will create 139 new units of much needed rental housing with a range of restricted rents between 30% and 70% of AMI that will remain affordable for 55 years.

12. CalHFA Affordability & Occupancy Restrictions

- The CalHFA Bond Regulatory Agreement will restrict 40% of the units to 60% of AMI, including a minimum of 26 units to be restricted at 50% of AMI for a 55-year term.
- The MIP program will restrict 10% of the units (14 units) to 50% AMI, 20% of the units (28 units) between 60% to 80% of AMI, and the balance of the units (97 units) at or below 120% AMI for 55 years.
- The TCAC Regulatory Agreement will restrict 26 units at 30% AMI, 49 units at 60% AMI, and 64 units at 70% AMI for a term of 55 years.

In addition, the Project will be restricted by the following jurisdictions as described below:

• The City of Hayward will waive certain fees in exchange for restricting 4 units at 50% AMI and 21 units at 60% AMI, for a total of 25 units at or below 60% of AMI for a term of 30 years.

Rent Limit Summary Table									
Restrictions @ AMI	Total	1-bdrm	2-bdrm	3-bdrm	% of Total				
30%	29	16	8	5	20.71%				
60%	37	13	13	11	26.43%				
70%	73	14	33	26	52.14%				
Manager's Unit	1		1		0.7%				
Total	140	43	55	42	100.0%				

• The Locality Density Bonus/Conditional Use Permit imposes land use restrictions that restrict occupancy on 25 of the units (17.86%) to households earning less than 60% of AMI for 30 years.

NUMBE	NUMBER OF UNITS AND AMI RENTS RESTRICTED BY EACH AGENCY								
	Num	Number of Units Restricted For Each AMI Category

ass	•	the ability to fully rep	ease of the underwriting interest rate at loan maturity. Based on these pay the balance of Citibank's permanent loans Agency's subsidy MIP loan

APPRAISAL AND MARKET ANALYSIS

18. **Appraisal Review**

- The appraisal dated 6/9/2020 prepared by BBG, Inc. values the land at \$5,000,000; this is \$500K in excess of the last recorded arms' length sale in July 2019.
- A capitalization rate of 5.25% and projected \$1,788,483 of stabilized net operating income were used to determine the appraised value of the subject site.

• The as-restricted stabilized value is \$34,000,000, resulting in a permanent loan to value of 87% and total loan to value of 102%. The appraisal estimates absorption in 4 months, assuming pre-leasing, or within 7 months in the absence of pre-leasing. The proposed operating expense is consistent and reasonable based on the appraisal report. Market Study: Novogradac Consulting LLP Dated: 11/14/2019 Regional Market Overview • The Primary Market Area (PMA) is a portion of the city of Hayward (population of 241,177) and the Secondary Market Area (SMA) is the San Francisco-Oakland-Hayward Metropolitan Statistical Area (MSA), with a population of 4,687,360. • The general population in the PMA is anticipated to increase by 1.0% per year. • Unemployment in the MSA is 2.7%, which evidences a strong employment area. • Median home value in the PMA is \$655,900. Local Market Area Analysis Supply: • There are currently 30 affordable family project(s) in the PMA and they are 97%-100% occupied and maintain waiting

• There are 8 affordable project(s) being proposed or currently under construction.

Demand/Absorption:

• The project will need to capture 4.1% of the total demand for family units in the PMA. The affordable units are anticipated to lease up at a rate of 21 units per month and reach stabilized occupancy within 7 months of opening.

DEVELOPMENT SUMMARY

19.	Site Description	Requires Flood Insurance:
• The	property is located on the West s	de of Mission Boulevard, in the City of Hayward, Alameda County.
	site is currently vacant, with level hape.	topography at street grade, measuring approximately 2.20 acres and is generally square
• The	site consists of 4 adjacent parcels	that will be merged prior to start of construction.
per auth reta • The	acre. On October 10, 2019, the Cinorizing construction of 140 units will space subject is located in Flood Zone X	one) which allows a variety of uses including multifamily uses and a density of 35-55 units ty of Hayward approved the developer's Site Plan Review and Density Bonus Application, of multifamily residential housing, a 2,700 SF daycare center, and an 1,800 SF commercial (area of minimum flood hazard). Zone X is the area determined to be outside the 500-m 100-year flood, therefore the Project will not be subject to flood insurance.
20.	Form of Site Control & Expiration	Date
	•	food Managers, LLC by Mission Boulevard Hayward, LLC in July 2019 for \$4,500,000. The

projection uses a land value of \$5,380,000, while CalHFA's appraisal (dated 6/9/2020) concludes to a supportable land value of \$5.0M. Per CalHFA policy, the permissible land cost is tied to the most recent arms' length transaction of the land, equal in this case to \$4.5M per a purchase agreement dated 07/2019, plus certain holding costs, which must be documented. CalHFA policy further notes that a higher value, if supported may be used but the difference must be funded by a Seller Carryback Note payable solely from the Sponsor's share of cash flow (i.e. not treated as a pro-rata subordinate loan). This treatment has been used in this project, resulting in the Seller Carryback Note of \$130,851, which amount is equal to the \$5.0M appraisal-supported valuation less the sum of the arms' length purchase price plus documented holding costs of \$339,149. As noted, a purchase contract dated 8/30/2019 exists between Hayward Mission Meta, LLC (the Administrative GP and single-purpose entity of the developer) and Heyward Mission Meta, L.P. (the project partnership). **Current Ownership Entity of Record** Per a title report dated 8/16/2019, title is currently vested in Hayward Mission Meta, LLC, a California limited liability company as the fee simple owner. **Environmental Review Findings** • A Phase I Environmental Site Assessment performed by Partner Engineering and Science, Inc., dated 5/26/2020 revealed no evidence of recognized environmental conditions, and no additional investigation was recommended. Requires Earthquake Insurance: \square Yes \boxtimes No 23. Seismic According to a third-party seismic report by Professional Associates CONSTRUCTION SERVICES, Inc., dated 6/16/2020, the Probable Maximum Loss (PML) scenario expected loss is 19.27% within a 475-year period, which meets the Agency's earthquake insurance waiver requirement threshold of 20%. This new Project will be built to State and City of Hayward building codes so no seismic review is required.

PROJECT DETAILS

Requires Relocation: Yes Not Applicable

The Project is new construction and the land is vacant, so relocation is not applicable.

27.	Construction Type:	Construction type III, concrete under and surface parking. Sing roof with solar panels.			•
28.	Construction/Rehab	Scope Requires Demo	olition: 🗌 Yes 🛭 No		

• The subject site is new construction.

24.

Relocation

- The Contractor is not an affiliate of the Borrower entity. While a GC contract has not been provided, the developer's proforma indicates \$1.49M of contractor overhead and profit and an additional \$1.33M for general requirements, totaling \$2.82M (7.20%) of the total \$39.17M construction costs.
- The locality requires certain offsite improvements that include installation of new sidewalk, curbs, and gutters in front of the property along Mission Blvd and sewer and water connections. The developer proforma includes \$150K towards these offsite improvements.

 There will be 4,503 SF of retail space, divided into two commercial suites. For the 1,800 SF retail space, the developer has engaged a broker to assist in identifying a tenant. For the 2,700 SF childcare space, the developer has received a letter of interest from Li'l Angels Centers, LLC. No commercial rent is assumed or relied upon for CalHFA's project underwriting. 29. Construction Budget Comments: CalHFA will require an independent review of the costs by a 3rd Party consultant prior to construction loan closing. 	
29	9. Construction Budget Comments:

MIXED-INCOME LOAN PROGRAM

The CalHFA Mixed-Income Program ("MIP") provides competitive long-term financing for newly constructed multifamily housing projects restricting units (tax credit or CalHFA) between 30% and 120% of county Area Median Income ("AMI").

The MIP must be paired with CalHFA's Conduit Bond Issuance Program and a CalHFA Mixed-Income Preferred Construction Lender. Additionally, the program must be paired with CalHFA's Permanent Loan product or a sponsor must work with a CalHFA Mixed-Income Preferred Permanent Lender. The Mixed-Income resources will take the form of a subordinate loan to incentivize newly developed multifamily housing projects that serve a range of very low to moderate income California renters. Eligible projects must create newly constructed regulated units that meet the income and occupancy requirements reflected below.

Qualifications Available to for-profit, non-profit, and public agency sponsors. Development teams must meet CalHFA experience requirements. Subsidy resources must be used in conjunction with CalHFA's Conduit Bond Issuance Program and a construction loan from a CalHFA Mixed-Income Preferred Construction Lender. Subsidy resources must also be used in conjunction with CalHFA's permanent first-lien mortgage financing or financing from a CalHFA Mixed-Income Preferred Permanent Lender. Financing Structure: 1) Tax-exempt Bond and 4% tax credit projects where at least 51% of the units in each project must be tax credit financed or 2) Qualify as a mixed-income project under the California Debt Limit Allocation Committee's (CDLAC) regulations (50% or fewer units designated as tax credit or tax-exempt bond restricted) and use an allocation of private activity bonds to finance the project. Projects must have site control and be prepared to submit to CDLAC and TCAC by no later than the December 2019 CDLAC Allocation meeting and will only receive funds if bonds are issued within the issuance timeframes outlined in the CDLAC resolution. CalHFA Mixed-Selected annually through a CalHFA Request for Qualification process. **Income Preferred** Construction Lender Qualifications CalHFA Mixed-Selected annually through a CalHFA Request for Qualification process. **Income Preferred Permanent** Lender Qualifications **Permanent First** Provided by CalHFA or a CalHFA Mixed-Income Preferred Permanent Lender. Lien Loan Minimum loan amount of \$5 million. Minimum 1.15x for debt service coverage ratio.

Kevin Brown, Housing Finance Specialist 500 Capitol Mall, Suite 1400, MS-990 Sacramento, CA 95814 916.326.8808 kbrown@calhfa.ca.gov Ruth Vakili, Housing Finance Officer 500 Capitol Mall, Suite 1400, MS-990 Sacramento, CA 95814 916.326.8816 rvakili@calhfa.ca.gov

Construction First Lien Loan	Provided by a CalHFA Mixed-Income Preferred Construction Lender.
Limitations	 Use cannot be combined with the Tax Credit Allocation Committee's (TCAC) 9% program. Use cannot be combined with the Department of Housing and Community Development's (HCD) State programs except for those programs that are administered by HCD on behalf of local jurisdictions including HOME and CDBG. Projects that have a below market rate component as a result of an inclusionary obligation or are 100% below market as a result of an inclusionary obligation must demonstrate master developer commitment through a dollar-for-dollar match of CalHFA's resources. Match can be obtained through a monetary match or equivalent in-kind contributions (e.g., land donation, land use fee concessions.) At the time of application to CalHFA, a project must not have already received an allocation of 4% tax credits from TCAC or bonds from CDLAC. Projects will not be eligible for subsidy resources from CalHFA in addition to this program.
Preferences/ Limitations (if competitive)	 Projects restricting at least 10% of the units to moderate income households, 81% to 120% AMI (CalHFA restricted), will be prioritized over other projects. Of the projects that restrict 10% of the units for moderate income households, preference will be given to projects with the lowest CalHFA subsidy request per unit. No one sponsor may receive more than 33% of the total subsidy awarded per year. No one county may receive more than 33% of the total subsidy awarded per year. No more than 25% of the total subsidy awarded per year may go to age-restricted projects.
Mixed-Income Project Occupancy Requirements	 Must maintain either (a) 20% of the units must be rent restricted and occupied by individuals whose incomes are 50% or less of AMI with adjustments for household size ("20% @ 50% AMI"), OR (b) 40% or more of the units must be both rent restricted and occupied by individuals whose incomes are 60% or less of AMI with adjustments for household size ("40% @ 60% AMI"): in the latter case, a minimum of 10% of the unit types must be at 50% or less of AMI ("10% @ 50% AMI"). Tax credit transactions that are income-averaged must meet the above minimum criteria. For tax credit transactions not considered mixed-income by CDLAC, at least 20% of the tax credit restricted units must be restricted at 80% AMI subject to a market study demonstrating the 80% is 10% below market. These restrictions will remain in effect for up to 55 years.
Mixed-Income Subordinate Loan	 Maximum loan amount of \$5 million, with exceptions considered for larger projects. Maximum loan amount of \$40,000 per restricted (tax credit or CalHFA) units (30%-120% AMI). Loan size based on project need but cannot be more than 50% of the permanent loan amount.
Mixed-Income Subordinate Loan Rates & Terms	 Interest Rate: 3.00% simple interest. Loan Payment: Residual receipt repayment based on cash flow analysis and split 50% to Owner and 50% to CalHFA and other residual receipt lenders. Of the 50% residual lender split, CalHFA's payment equals to proportionate share of total subordinate debt. Potential deferment possible for up to 15 years. Loan and Affordability Term: Up to 55 years. Assignability: Consent will be considered. Prepayment: May be prepaid at any time. Subordination: A subordination request in conjunction with a resyndication, refinance, or ownership transfer will be considered. If a longer loan term is requested, subordination will be negotiated. Funded: Only at permanent loan conversion.

CalHFA Conduit Bond Program

For more information on CalHFA's Conduit Issuer Program and the fees associated with it, visit CalHFA's website: www.calhfa.ca.gov/multifamily/programs/forms/termsheet-conduit.pdf

CalHFA First Lien Permanent Rates & Terms (subject to change)

For more information on CalHFA's Permanent Loan Program and the fees associated with it, visit CalHFA's website: www.calhfa.ca.gov/multifamily/programs/forms/termsheet-perm-tax-exempt.pdf

Fees (subject to change)

MIP Fees

- Program Application Fee: \$10,000 non-refundable, due at time of CalHFA application submittal.
- Loan Fee: 1.00% of the loan amount (50% due at final commitment and 50% due at loan close).
- Legal Fee: \$15,000, due at loan closing (applicable if CalHFA is not providing permanent financing).
- MIP Fee Paid to CalHFA: 0.35% ongoing annual fee, commencing at permanent loan conversion, calculated based on the principal balance of an amortization schedule with the following assumptions:
 i) 55-year level-amortization; ii) start date, interest rate and the loan amount consistent with Permanent First-Lien Loan (applicable if CalHFA is not providing permanent financing).

For projects where units are not all restricted by the MIP program (excluding Managers Units), the fee as described above will be multiplied by the proportion of MIP units to total units.

Conduit Bond Program Fees

- Program Application Fee: Paid via MIP Application Fee.
- Issuance Fee: 1) The greater of \$15,000 or 0.2% of the Bond amount if less than \$20 million or 2) If more than \$20 million: \$40,000 + 0.10% of the amount above \$20 million.
- Public Sale: \$5,000-\$10,000 when bonds are sold to the public.
- Annual Administrative Fee: \$7,500 per year.
- Required CDLAC Fees.

If CalHFA is selected as the permanent lender, please see <u>CalHFA terms sheet</u> for first mortgage loan fees, credit enhancements, trustee fees, legal fees, inspection fees, administrative fees. www.calhfa.ca.gov/multifamily/programs/forms/termsheet-perm-tax-exempt.pdf

The information provided in this program description is for guidance only. While we have taken care to provide accurate information, we cannot cover every circumstance nor program nuance. This program description is subject to change from time to time without prior notice. The California Housing Finance Agency does not discriminate on any prohibited basis in employment or in the admission and access to its programs or activities. Not printed at taxpayer expense.

Cal HFA California Housing Finance Agency

CONDUIT ISSUER PROGRAM

MULTIFAMILY HOUSING BONDS

The CalHFA Conduit Issuer Program is designed to facilitate access to tax-exempt and taxable bonds ("Bond") by developers that seek financing for eligible projects that provide affordable multifamily rental housing for individuals, families, seniors, veterans or special needs tenants ("Project"). The conduit Bonds may be used to finance the acquisition, rehabilitation, and/or development of an existing Project, or they can be used for the construction of a new Project.

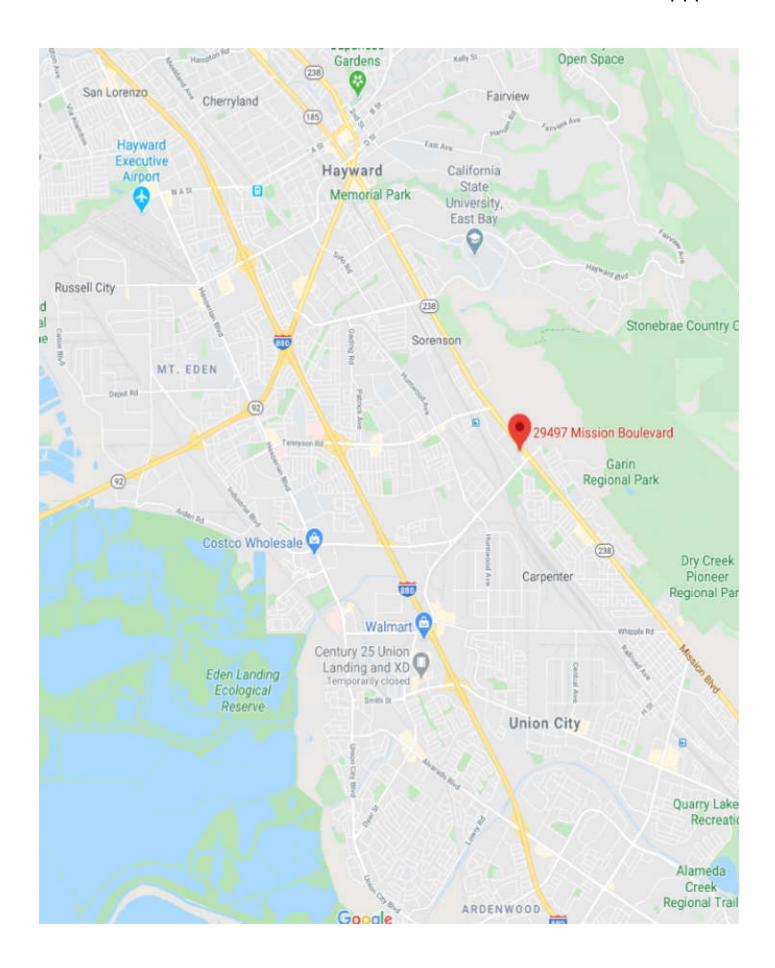

Qualifications	 Available to for-profit, non-profit or public agency sponsors. Non-profit borrowers may be eligible for 501(c)(3) bonds. If bond proceeds are utilized to pay off an existing CalHFA portfolio loan visit www.calhfa.ca.gov for the CalHFA Portfolio Loan Prepayment Policy.
Bond Amount	Bond amount is determined by the loan amount of the selected construction lender.
Fees (subject to change)	 Application Fee: \$5,000 non-refundable, due at time of application submittal (covers the cost of the TEFRA) and is credited towards the CalHFA Issuer Fee. Issuer Fee: The greater of \$15,000 or 0.20% of the Bond amount if less than \$20 million dollars If more than \$20 million dollars: \$40,000 + 0.10% of the amount above \$20 million dollars Annual Administrative Fee: \$7,500 (scattered site projects may require increased fees) due and payable in advance in annual installments commencing on Bond issuance through the term of the regulatory period. Public Sale: additional fee of \$5,000 to \$10,000 applies when Bonds are sold to the public. CDLAC Allocation Fee: 0.035% of the Bond amount, \$1,200 of which is due at time of CDLAC application submittal with the remaining fee due at construction loan closing, and is payable to CDLAC. CDLAC Performance Deposit: 0.50% of the requested Bond amount, not to exceed \$100,000, due at time of CDLAC application submittal. Deposit to be refunded after the Bond closing, upon receipt of authorization letter from CDLAC. The Borrower shall be responsible for all other costs of Bond issuance including fees of the underwriter, trustee, rating agencies, lender, compliance administrator, all Bond counsel legal fees, and any other parties required to complete the transaction.

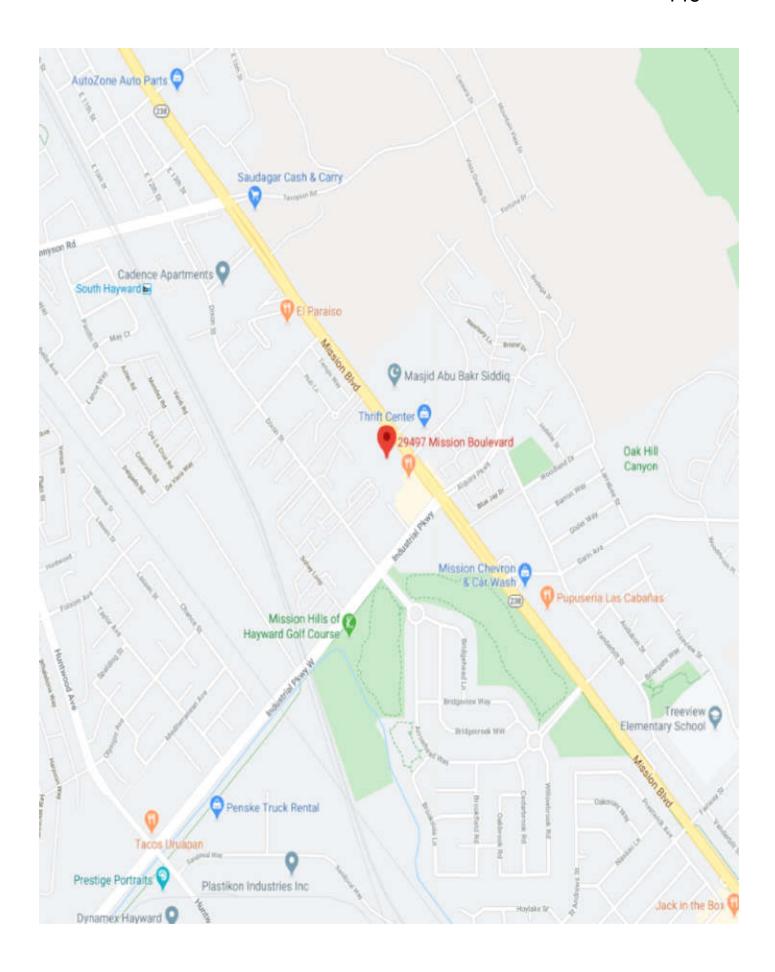

Occupancy Requirements

- Either (A) 20% of the units must be rent restricted and occupied by individuals whose incomes are 50% or less of the area median income as determined by HUD ("AMI") with adjustments for household size ("20% @ 50% AMI"), or (B) 40% or more of the units must be both rent restricted and occupied by individuals whose income is 60% or less of the AMI, with adjustments for household size ("40% @ 60% AMI"); however in the latter case, a minimum of 10% of the units must be at 50% or less of AMI.
- Borrower will be required to enter into a Regulatory Agreement which will be recorded against the Project
 for the Qualified Project Period (as defined in the CalHFA Regulatory Agreement). This includes the latter
 of the federally-required qualified project period, repayment of the Bond funded loan, redemption of the
 Bonds or the full term of the CDLAC Resolution requirements.

CalHFA MULTIFAMILY PROGRAMS DIVISION

Final Commitment Staff Report & Request for Tax-Exempt and Taxable Conduit Issuance and Loan Approval of a Mixed Income Program Subsidy Financing

Senior Loan Committee "Approval": July 7, 2020 for Board Meeting on: September 10, 2020

Project Name, County:	Kawana Springs Apartmer	Kawana Springs Apartments, Sonoma County		
Address:	450-500 Kawana Springs I	450-500 Kawana Springs Rd, Santa Rosa, 95404		
CalHFA Project Number:	19-067-A/X/N			
Requested Financing by Loan	\$38,250,000	Tax-Exempt Bond – Conduit Issuance Amount ("T/E")		
Program:	\$16,950,000	Taxable Bond – Conduit Issuance Amount ("Taxable")		
	\$7,450,000	Subsidy GAP Loan funded by MIP funds		

DEVELOPMENT/PROJECT TEAM

Developer:	Corporation for Better Housing	Borrower:	500 Kawana Springs Rd., L.P.
Construction Lender:	Pacific Western Bank ("PWB")	Equity Investor:	Alliant Capital
Permanent Lender:	Pacific Western Bank	Management Company:	Winn Residential
Loan Officer:	Steve Beckman	Loan Specialist:	Kevin Brown
Asset Manager:	Jessica Doan	Loan Administration:	Jennifer Beardwood
Legal (Internal):	Torin Heenan	Legal (External):	Orrick Herrington Sutcliffe
Concept Meeting Date:	May 6, 2020	Approval Expiration Date:	6 months from Approval

LOAN TERMS

	Construction Loan CONDUIT ISSUANCE	PERMANENT LOAN (Pacific Western Bank)	MIP (GAP) LOAN
Total Loan Amount	\$38,250,000 (T/E) \$16,950,000 (Taxable)	\$25,028,000	\$7,450,000
Loan Term & Lien Position	36 months- interest only; 1st Lien Position during construction. One 6-month extension available.	40-year amortization due in 17 years 1 st Lien Position	17 year - Residual Receipts; 2 nd Lien Position after permanent loan conversion
Interest Rate (subject to change and locked 30 days prior to loan closing) Underwritten at 3.5% Fixed (T/E) 4.00% Fixed (Taxable)		Underwritten at 3.75%	2.75% Simple Interest
Loan to Value (LTV)	78%	72%	N/A
Loan to Cost	65%	43%	N/A

ANTICIPATED PROJECT MILESTONES & SCHEDULE

2.	CDLAC/TCAC Closing Deadline:	10/14/2020	Est. Construction Loan Closing:	9/2020
	Estimated Construction Start:	9/2020	Est. Construction Completion:	9/2022
	Estimated Stabilization and Conve	rsion to Perm Loan(s):	7/2022	

SOURCES OF FUNDS

Construction Period Financing						
SOURCE	AMOUNT	LIEN POSITION	DEBT TYPE			
PWB Construction Loan (T/E)	\$38,250,000	1	Interest Only			
PWB Construction Loan (Tax)	\$16,950,000	2	Interest Only			
Tax Credit Equity	\$5,766,108	N/A	N/A			
TOTAL	\$60,966,108	\$403,749	Per Unit			
ermanent Financing						
SOURCE	AMOUNT	LIEN POSITION	DEBT TYPE			
PWB Conduit Loan	\$25,028,000	1	Balloon 40/17			
CalHFA MIP Loan	\$7,450,000	2	Residual Receipt Loan			
Tax Credit Equity (Includes Solar Equity)	\$29,903,796	N/A	N/A			
Deferred Developer Fee	\$6,071,710	N/A	Payable from Cash Flow			
TOTAL DEVELOPMENT COST:	\$68,453,506	\$453,334	Per Unit			

Subsidy Efficiency: CalHFA MIP \$7,450,000 (\$50,000 per MIP restricted units between 50% and 120% AMI).

Tax Credit Type(s), Amount(s), Pricing(s), and per TCAC restricted units:

- 4% Federal Tax Credits: \$21,983,805 assuming estimated pricing of \$0.8550 (\$145,588 per TCAC restricted units).
- 4% State Tax Credits: \$7,394,283 assuming estimated pricing of \$0.73 (\$48,969 per TCAC restricted units).
- Solar Equity Tax Credits: \$525,708 assuming estimated pricing of \$0.8550 (\$3,482 per TCAC restricted units).

Rental Subsidies: The Project will not include any operating or rental subsidies.

Other State Subsidies: The Project will not be funded by other state funds.

Other Locality Subsidies: The Project will not be funded by locality funds.

Cost Containment Strategy:

Corporation for Better Housing (CBH), a 501 (c) (3) affordable housing developer, and its selected construction contractor certifies it subscribes to acceptable industry standards for construction cost containment and review and will continue to implement these standards in future developments. Typical cost review and minimization measures used during the course of construction are:

- 1). Competitive bid process and, if necessary, self-performing trades
- 2). Three bid review
- 3). Value engineering

Competitive Bidding

The proposed contractor, BLH Construction Co. ("BLH") is a leading contracting firm in the affordable housing industry. BLH has built in excess of seventy-eight (78) affordable housing communities in California with four (4) currently under construction. BLH is familiar with both design and energy efficiency requirements required by the various affordable housing funding agencies; TCAC, CDLAC, CalHFA, USDA and other agencies. This experience and expertise in the field have allowed BLH to secure highly competitive bids.

BLH has developed eight (8) Net Zero Energy (NZE) California multi-housing communities utilizing on-site solar PV, high efficiency mechanical systems and energy efficient construction techniques. Further, BLH utilizes "PlanWell" during its bidding process. "PlanWell" is an online depository of building plans to allow all trades in the region the opportunity to review and bid on a proposed project.

Securing Bids

By utilizing "PlanWell" during the bidding process, BLH is able to secure bids for all major trades from subcontractors in the region. The collection of this data provides a benchmark for the various trades and provides scalabilty regarding costs in the local market and greater regional market.

Value Engineering

Value Engineering starts with the conceptual design and does not end until construction is complete. CBH's team of architects and engineers have all worked closely with one another for nearly 15 years allowing plans to be designed and developed in an efficient, cost effective and timely manner. The team of professionals, including the contractor, work closely and this allows for the "development team" to act as a single unit. This structure allows CBH to better forecast its future construction costs and monitor on-going costs at any single development.

CBH has nearly 25 years of experience building affordable housing developments in California. CBH has developed a core team of award-winning professionals who bring decades of experience in designing multifamily developments.

TRANSACTION FACTS

5.	Logislativa Dietvieta	Congress	#5	Accombbu	#10	Ctata	# 2
5.	Legislative Districts	Congress:	#5	Assembly:	#10	State	#2
			Mike Thompson		Marc Levine	Senate:	Mike McGuire
	Brief Project Description	Kawana Springs Apartments (the "Project") is a family, mixed-income new construction Project, consisting of 1 mid-rise 5 story elevator served building. There will be 151 total units, 149 of which will be restricted between 50% and 70% AMI. Units include 10 studio units (550 s.f.), 48 1-bedroom units (625 s.f.), 71 2-bedroom units (900 s.f.), and 22 3-bedroom units (1,150 s.f.). Two 1-bedroom units will be reserved for onsite managers.					
		Financing Structure: The Project's financing structure includes tax-exempt and taxable bonds issued by CalHFA, 4% federal and state tax credits, and MIP Financing. The project qualifies as Mixed-Income with income averaging, pursuant to TCAC regulations.					
		Tax Credits and/or CDLAC Status: The developer applied for bonds and tax credits in January and received an award on April 14, 2020.					
		Ground Lease: Not applicable.					
		Amenities: The Project includes a community room, pool, spa, expansive open space courtyard, fire pits, barbeque area, fitness center, lounge, playgrounds, computer roor recreation room, laundry room and bike storage. Unit amenities will include central heating, central air, microwave, dishwasher, garbage disposal, and internet.				omputer room, ide central	
		Commercial	Space: The Projec	t does not inc	lude commercial	space.	

TRANSACTION OVERVIEW

Proposal and Project Strengths

- The Project has received preliminary award of 4% tax credits which is projected to generate equity representing 44% of total financing sources.
- The developer/sponsor and property management company, Winn Residential, have extensive experience in developing similar affordable housing projects and have experience with CalHFA.
- The Project will serve low-income families ranging between 50% to 70% of AMI.
- The Project will include a photovoltaic solar installation which will provide electrical cost savings to the tenants, and to the project for common areas.
- The Project's 50% 70% AMI rents are priced at least 20% below comparable properties weighted average market rents.
- There is strong demand for the project as vacancy in the PMA is less than 1%, and the household formation in the PMA is expected to increase every year through 2023. 51.5 % of the households in the PMA are renter-occupied, with 41% of the renter-occupied households earning less than \$40,000 annually (this corresponds with ~50% AMI for one-person households, 44% for 2-person, 39% for 3-person).
- The Project is projected to have strong cash flow with a first year DSCR of 1.15 increasing to 1.59 in year 17.

7. Project Weaknesses with Mitigants:

A Phase I environmental report dated October 25, 2019 provided by FREY Environmental, Inc. identified the following:

- Three on-Site Recognized Environmental Conditions (RECs) were identified as follows:
 - 1. A 550-gallon and a 1,000-gallon gasoline storage tank were potentially located on the western boundary of the Site from 1970 through at least 1985. Documentation of these tanks did not provide conclusive evidence of whether they were located above or underground.
 - 2. The southernmost 55-foot strip of the Site appears to have been operated by bulk fuel businesses operated at 455 Yolanda Avenue from at least 1993 and through 2006.
 - 3. The motor oil stains and surface discoloration present on the gravel surface of the carports is considered a REC.
- One off-Site REC was identified at 455/459 Yolanda Avenue (bounds the Site on the south) which has operated as a fuel storage and dispensing facility since the 1940's and has an open LUST case.
- Vapor Encroachment Conditions (VECs) have been identified for 450 Kawana Springs Road (Site) and 455/459 Yolanda Avenue. (adjacent to the Site on the south). The developer has budgeted \$265,000 for demolition and environmental remediation; CalHFA will verify that the amount is enough for both demolition and remediation.
- The exit analysis assumes a 6.5% cap rate and a 3% increase of the underwriting interest rate at loan maturity. Based on these assumptions, the Project will have the ability to fully repay the balance of PWB's permanent loan but may only have the ability to repay a portion of the Agency's subsidy MIP loan in the estimated amount of \$2,354,464 leaving an outstanding balance of \$8,035,137. This is as expected by CalHFA given the requirement that the MIP loan be coterminus with the permanent first mortgage. The primary source of repayment for both the first mortgage and the MIP subsidy loan is refinance of the project first mortgage. To the extent such a refinance is insufficient to fully repay the MIP loan, it is contemplated that any remaining balance will be paid from a general partner contribution as part of the final close out of partnership obligations to allow re-syndication.

8. Underwriting Standards or Term Sheet Variations

- The developer will install a photovoltaic solar system that will provide saving in electrical cost to the tenants and save common area electrical cost to the Project. The proposed (reduced) Utility Allowance ("UA") of \$10 is being used for underwriting, which is consistent with the California Utility Allowance Calculator ("CUAC") report that is generally acceptable by TCAC. The final UA will be subject to TCAC and CalHFA approval.
- The MIP term sheet requires repayment of the MIP loan to be a pro rata share of 50% of net cash flow and 50% to the Developer. This would result in \$4.3M in developer fee unpaid in Year 15. As a condition to investor's pricing and estimated equity referenced on the letter of interest, the equity investor requires that the deferred developer's fee be substantially repaid by year 13 and fully repaid by year 15. The Developer has requested and the Multifamily Lending Division recommends 100% of net cash flow paid towards deferred developer fee until the deferred developer fee is fully paid off or year 15. Once either the deferred developer fee is paid off or year 15, whichever is soonest, net cash flow distribution will be split 50% to the Developer and 50% to the MIP loan.

9. **Project Specific Conditions of Approval**

Approval is conditioned upon:

- Evidence of all environmental remediation prior to permanent loan conversion.
- Lender(s), equity investor, and borrower shall permit CalHFA to recycle all or a portion of Project's tax-exempt bonds, as applicable.
- CalHFA may require a copy of the construction and/or permanent lenders proforma evidencing consistent understanding assumptions.
- The Project must meet the readiness requirements within 180 days from TCAC/CDLAC allocation.
- CalHFA will require the developer to provide a cost containment certification that is acceptable to the Agency.
- The deferred developer fee of \$6.1M will be repaid in year 15 per project cashflow. The repayment is on a tight time schedule. Therefore, the owner must provide evidence of investor approval of the total deferred developer's fee structure in case the GP (as negotiated with the ILP) will need to make a capital contribution to pay off the remaining DDF. This will be documented in the LPA with the Tax Credit Investor to ensure that the DDF will be fully repaid by year 15 and in line with the investor's position in Section 8.
- The final operating expense budget is subject to equity investor and CalHFA approval, and TCAC must provide a waiver to the operating expense minimum.
- Final UA will be subject to TCAC and CalHFA approval.
- Final approval is conditioned upon borrower securing both parcels (scheduled to close on or before 9/25/20).
- Receipt of a certification by the engineer on record that Project has been built to current seismic code acceptable to the Agency prior to permanent closing.
- Closing on construction financing will be subject to final LPA being substantially consistent to the assumptions made at time of final commitment and that it is acceptable to CalHFA.
- Subject to receipt of an updated appraisal reflecting the current AMI/rent structure, in CalHFA's sole discretion.
- The CalHFA subsidy will be, in the Agency's sole discretion, the lesser of 1) the principal amount as state on hereto or 2) an amount as determined by the Agency in the event the financial assumptions change prior to construction loan closing and/or permanent loan closing. For instance, if the permanent loan interest rate decreased, then the subsidy may be reduced due to additional debt generated by the lower interest rate. The debt service coverage ratio ("DSCR") shall be a maximum of 1.20. An increase of the subsidy loan will not be allowed and will be subject to Agency's approval.

10. Staff Conclusion/Recommendation:

The Multifamily Lending Division supports approval of the described financing in the amount(s) requested, subject to the above proposed terms and conditions.

MISSION & AFFORDABILITY

11. CalHFA Mission/Goals

This Project and financing proposal provide 149 units of affordable housing with a range of restricted rents between 50% AMI and 70% of AMI which will support much needed rental housing that will remain affordable for 55 years.

12. CalHFA Affordability & Occupancy Restrictions

The CalHFA Bond Regulatory Agreements will restrict a minimum of 40% of the total units at or below 60% AMI with 10% of these units at 50% of AMI for 55 year(s).

The CalHFA MIP Subsidy Regulatory Agreement will restrict 10% of total units (16 units) at or below 50% of AMI and 10% of total units (16) between 60% and 80% of AMI with a minimum average of 70% AMI. The remaining 119 of restricted units will be restricted at or below 120% of AMI. The affordability restrictions for the Mixed Income Program require at least 10% of the units be restricted to 81% to 120% of AMI, with an average of 100% of AMI, if supported by a market study. However, per an appraisal dated May 27, 2020 the Project can only support rents at a maximum of 70% AMI and still comply with the requirement that rents be 10% below market. Therefore, this project will comply with affordability requirement of 60% to 80% of AMI with an average of 70% of AMI.

TCAC Regulatory Agreement will restrict a total of 149 units between 50% and 70% AMI for a 55-years term.

If Density Bonus or CUP restricts units, the restrictions must not be deeper than MIP restrictions.

RENT LIMIT SUMMARY TABLE						
Restrictions @ AMI						
50%	75	5	23	36	11	49.67%
70%	74	5	23	35	11	49.01%
Manager's Unit	2		2			1.30%
Total	151	10	48	71	22	100.00%

NUMBER OF UNITS AND AMI RENTS RESTRICTED BY EACH AGENCY							
			Number of Units Restricted For Each AMI Category

16.	Loan Security					
• Th	The CalHFA loan(s) will be secured against the above described Project site.					
17.	Balloon Exit Analysis Applicable: 🖂 Yes 🗌 No					
o le b tl	The exit analysis assumes a 6.5% cap rate and a 3% increase of the underwriting interest rate at loan maturity. Based on these assumptions, the Project will have the ability to fully repay the balance of PWB's permanent loan but may only have the ability to repay a portion of the Agency's subsidy MIP loan in the estimated amount of \$2,354,464 leaving an outstanding balance of \$8,035,137. This is as expected by CalHFA given the requirement that the MIP loan be co-terminus with the permanent first mortgage. The primary source of repayment for both the first mortgage and the MIP subsidy loan is refinance of the project first mortgage. To the extent such a refinance is insufficient to fully repay the MIP loan, it is contemplated that any remaining balance will be paid from a general partner contribution as part of the final close out of partnership obligations to allow re-syndication.					

APPRAISAL AND MARKET ANALYSIS

18. Appraisal Review

- The Appraisal dated 5/27/20, prepared by CBRE Valuation & Advisory Services, values the land at \$5,290,000.
- The capitalization rate of 4.50% and projected \$1,479,404 of net operating income were used to determine the appraised value of the subject site.
- The as-restricted stabilized value is \$34,800,000, which results in PWB's loan to value of 72%. The stabilized value could change based on the updated appraisal with 100% affordable.
- The proposed operating expense is consistent and reasonable and consistent with the appraisal report.

Market Study: Novogradac Consulting LLP Dated: May 21, 2020 **Regional Market Overview** The Primary Market Area is the southern, western, and central portions of the city of Santa Rosa (population of 98,050, as of 2019) and the Secondary Market Area ("SMA") is Santa Rosa, CA MSA (population of 495,319, as of The general population in the PMA is anticipated to increase by 0.3% per year through 2024, and the SMA population is projected to increase by 0.3% through 2024. Unemployment in the SMA is 2.7% (as of July 2019), which evidences a strong employment area. According to Zillow.com, the majority of current listing prices for single family homes in the proposed area range from \$515,000 to \$600,000. **Local Market Area Analysis** Supply: There are currently 30 affordable project(s) in the PMA and the average occupancy is 99.5%, and all maintain wait lists. Both LIHTC and market rate properties in the PMA have had have low instances of concessions. Demand/Absorption: The project will need to capture 5.9% of the total demand for family units in the PMA. The affordable units are anticipated to lease up at a rate of 60 units per month and reach stabilized occupancy within 2-3 months of opening.

DEVELOPMENT SUMMARY

The overall market penetration rate is 21.8% for the proposed LIHTC units.

		DEVELOT MENT SOMMAN				
19.	Site Description	Requires Flood Insurance: 🗌 Yes 🔀 No				
•		contiguous parcels, 450 and 500 Kawana Springs Road, both located on the southern				
	side of Kawana Springs Road,	in the City of Santa Rosa, Sonoma County.				
•	The site is currently vacant, with level topography at street grade, measuring approximately 3.67 acres and is generally rectangular in shape.					
•	The site is zoned medium high	n density residential with permitted multifamily residential use.				
•	The subject is located in Floor	Zone X (area of minimum flood hazard). Zone X is the area determined to be outside				
	the 500-year flood and protected by levee from 100-year flood, therefore the Project will not be subject to flood insurance.					
•		cial structures which are all vacant: a main office and carport, two mobile trailer homes				
•		•				
	with enclosed carports, and a	3-car garage and concrete driveway apron.				
20.	Form of Site Control & Expira	tion Date				
The c	urrent owner. Gateway Financ	al Corporation, of the site and the Project owner, Integrated Community Development,				
	-	e agreement dated September 27, 2019 for an amount of \$3,950,000.				
Devel	loper advised that close of escr	ow will take place on or before 9/25/2020.				
21.	Current Ownership Entity of	Record				
Title i	s currently vested Gateway Fin	ancial Corporation, a California corporation, as the fee owner.				
22.	Environmental Review Findir	igs .				
•	Two Phase I ESAs (by FREY Env	ironmental, Inc. in October 2019 and May 2020) and two Phase II ESAs (by FREY				
	Environmental, Inc. in Decemb	er 2019 and by EBA Engineering in February 2020) have been conducted at the Site.				
•	The Phase I in October 2019 id	entified 3 on-site RECs, one off-Site REC, and one VEC:				
-	A 550-gallon and a 1,000-gal	Ion gasoline underground storage tank (UST) were potentially located on the				

western boundary of the Site from 1970 through at least 1985. Documentation of these

- tanks did not provide conclusive evidence of whether they were located above or underground.
- The southernmost 55-foot strip of the Site appears to have been operated by bulk fuel businesses operated at 455 Yolanda Avenue from at least 1993 and through 2006.
- The motor oil stains and surface discoloration present on the gravel surface of the carports is considered a REC.
- One off-Site REC was identified at 455/459 Yolanda Avenue (bounds the Site on the south) which has operated as a fuel storage and dispensing facility since the 1940's and has an open LUST case
- Vapor Encroachment Conditions (VECs) have been identified for 450 Kawana Springs Road (Site) and 455/459 Yolanda Avenue. (adjacent to the Site on the south). The developer has budgeted \$265,000 for demolition and environmental remediation; CalHFA will verify that the amount is enough for both demolition and remediation.
- The Phase II in December 2019 was to evaluate the presence of 1) total petroleum hydrocarbons (TPH), volatile organic compounds (VOC), and selected metals in the subsurface soils, 2) TPC and VOC in groundwater beneath the Site, and 3) VOC in soil vapor beneath the Site per the October 2019 Phase I report. The report recommended:
- Additional site assessment measures to evaluate lateral extent of petroleum hydrocarbons in soil and groundwater.
- Enrollment into the Regional Water Quality Control Board's (RWQCB) voluntary oversight program.
- The Phase II in February 2020 was to 1) advance the 12 temporary soil borings for soil and groundwater sample collection, 2) conduct a limited exploratory excavation to pothole locations of former underground storage tanks to collect soil samples and evaluate conformance with Low Threat Underground Storage Tank Case Closure Policy (LTCP), delineate source material, and comment on any remedial actions available, 3) conduct a Sensitive Receptor Survey (SRS) to document the location of water supply wells, surface waters, preferential pathways, sensitive environmental habitats, and inform on any relevant health and safety issues. The report recommended:
 - Implementation of a Work Plan for Additional Subsurface Investigation (included in report) to further analyze the presence of dissolved hydrocarbons in two of the sample areas and to confirm the existing presence of contaminated groundwater in three soil boring areas.
- The Phase I in May 2020 made the following conclusions:
 - The RECs and VECs on the southernmost portion of the Site and at the off-site property nearby had been investigated and assessed to no longer be RECs.
 - The presence of soil vapors containing TPH-gas and Perchloroethylene (PCE) in the location of the former gasoline UST and in the north-central portion of the Site necessitate a vapor barrier and gravel mat. These remediation measures are part of the proposed development plans and \$265k has been budgeted for the remediation scope of work.
 - The TPH released from the former 1,000-gallon gasoline UST into the soil and groundwater are being further investigated by RWQCB and remain a REC, however it may be more accurately classified as a CREC.

ADDITIONAL DEVELOPMENT/ PROJECT TEAM INFORMATION

30.	Borrower Affiliated Entities
JU.	Dollowei Allinatea Elitities

- Managing General Partner: Corporation for Better Housing, a California nonprofit public benefit corporation; 0.05% interest
- Administrative Limited Partner: Integrated Community Development, LLC, a California limited liability company; 0.05% interest
- Investor Limited Partner: Alliant Capital; 99.90% interest

31. Developer/Sponsor

CBH has nearly 25 years of experience building affordable housing developments in California. TCAC's mapping database of multi-family projects indicates that CBH has been involved in 66 tax credit projects (4,097 restricted units), of which 26 projects (1,953 restricted units) involved 4% tax credits. CBH currently has 3 projects (173 units) under construction, 2 projects (32 units and 36 Single Family Residences) to start construction in 2020 and 6 projects (432 units and 79 single family residences) in the pipeline. As of June 11, 2020, CBH has 2 stabilized projects and 2 under construction in the CalHFA portfolio. CalHFA staff notes on one of the stabilized projects that it is in compliance except for monthly report submissions.

CBH and ICD have a longstanding relationship with the Investor. Audited 2018 financials of CBH were reviewed and indicated assets in excess of debt for both parties; contingent liabilities did not exceed the entity's real estate assets.

Risk: CBH has had one highly troubled project in its recent history in California, arising from a deeply affordable property that was purchased one year after CBH was formed, and built with an inexperienced local partner. While having a troubled asset is not uncommon among its peers, this particular situation appears to have resulted in significant financial losses for CBH.

Mitigant: Since this project, CBH does not appear to have had any substantively similar troubled projects. In addition, CalHFA's direct experience with CBH has been positive.

32. Management Agent

The Project will be managed by Winn Residential, which has extensive experience in managing similar affordable housing projects in the area and manages several projects in CalHFA's portfolio. Winn Residential has reviewed the projected operating budget and confirms that the "numbers are sufficient for Winn Residential to manage the proposed site."

33.	Service Provider	Required by TCAC or other funding source? Yes No							
Onsite	nsite services will not be available to the residents.								
34.	Contractor	Experienced with CalHFA? Yes No							
familia confir	ar with CalHFA. BLH is affiliated wi	n, has built over seventy (70) affordable housing communities in California and is th ICD and GMP contracts will be used. The developer provided a cost breakdown neral conditions are sized at 14% of total hard costs to be consistent with TCAC							
3 5.	Architect	Experienced with CalHFA? X Yes No							
	<u>.</u>	ich has extensive experience in designing and managing similar affordable housing y's building permit process and is familiar with CalHFA.							
36.	Local Review via Locality Contrib	ution Letter							
The lo	cality, City of Santa Rosa, returned	the local contribution letter stating they strongly support the project.

MIXED-INCOME LOAN PROGRAM

The CalHFA Mixed-Income Program ("MIP") provides competitive long-term subordinate financing for new construction multifamily housing projects restricting units (tax credit or CalHFA) between 30% and 120% of county Area Median Income ("AMI").

The MIP must be paired with CalHFA's Conduit Bond Issuance Program and a CalHFA Mixed-Income Qualified Construction Lender (defined below). Additionally, the program must be paired with CalHFA's Permanent Loan product or a sponsor must work with a CalHFA Mixed-Income Qualified Permanent Lender (defined below). The Mixed-Income resources will take the form of a subordinate loan to incentivize newly developed multifamily housing projects that serve a range of very low to moderate income renters. Eligible projects must create newly constructed regulated units that meet the income and occupancy requirements reflected below.

Qualifications

APPLICATION:

Sponsors/developers must submit a complete application package which includes all items listed on the application, the application addendum and the checklist. Incomplete application packages will not be considered. The application and checklist can be found at

<u>www.calhfa.ca.gov/multifamily/mixedincome/forms/index.htm</u>. If the sponsor/developer is not able to meet the readiness timeline referenced below, MIP funds may be rescinded and reallocated.

AVAILABILITY:

Available to for-profit, non-profit, and public agency sponsors. Development teams must meet CalHFA experience requirements, as defined in the CalHFA Development Team Qualifications section below.

USES:

MIP Subsidy loans must be used in conjunction with CalHFA's Conduit Bond Issuance Program and a construction loan from a CalHFA Mixed-Income Qualified Construction Lender. MIP Subsidy loans must also be used in conjunction with CalHFA's permanent first-lien mortgage financing or financing from a CalHFA Mixed-Income Qualified Permanent Lender. CalHFA Mixed-Income Qualified Construction and Qualified Permanent Lenders are defined in the CalHFA Lender Qualifications section below.

FINANCING STRUCTURE:

Projects accessing the MIP Subsidy Loan funds must be structured as one of the following:

- 1. Tax-exempt Bond and 4% tax credit project where at least 51% of the units in each project must be tax credit financed, OR
- Qualified mixed-income project under the California Debt Limit Allocation Committee's (CDLAC) regulations (50% or fewer units designated as tax credit or tax-exempt bond restricted) utilizing an allocation of private activity bonds to finance the project, OR
- 3. Qualified mixed-income project through income averaging.

Qualifications (continued)

READINESS:

Projects must have site control and be prepared to submit for a bond and tax credit allocation and will only receive funds if bonds are issued within the issuance timeframes specified in CDLAC Regulations Section 5100.

- Site: The site must be ready for construction (all potential environmental issues have been identified, mitigation plan is in place, and costs associated with the mitigation plan have been incorporated in the development budget). Environmental issues may include but not be limited to receipt of clearances for CEQA, NEPA, and applicable tribal land environmental reviews.
- 2. **Construction Start:** All projects must commit to begin construction 180 days from the earlier of the date of the tax-exempt bond allocation or 4% federal/state tax credit reservation. Within the 180-day period the following items must be submitted to CalHFA in their final form:
 - a. A complete updated application (inclusive of all CalHFA Addendum Items) form along with a detailed explanation of any changes from the initial application,
 - b. An executed construction contract,
 - c. Recorded deeds of trust for all construction financing (unless a project's location on tribal trust land precludes this),
 - d. Binding commitments for any other financing required to complete project construction,
 - e. Copy of a limited partnership agreement executed by the general partner/sponsor and the investor limited partner/equity provider,
 - f. Payment of all construction lender fees,
 - g. Copies of buildings permits (a grading permit does not suffice to meet this requirement except that in the event that the city or county as a rule does not issue building permits prior to the completion of grading, a grading permit shall suffice; if the project is a design build project in which the city or county does not issue building permits until designs are fully complete, the city or county shall have approved construction to begin) or the applicable tribal documents,
 - h. Copy of the notice to proceed delivered to the contractor,
 - If no construction lender is involved, evidence must be submitted within 180 days, as applicable, that
 the equity partner has been admitted to the ownership entity, and that an initial disbursement of funds
 has occurred.
 - j. Other documentation and information necessary to close construction financing required by CalHFA.

MIP ALLOCATION LIMITS:

- 1. 10% Project Cap: No project may receive more than 10% of the total MIP allocation for the respective year.
- 2. **33% Sponsor Cap:** No sponsor (any individual, entity, affiliate and related entity) may receive more than 33% of MIP funds for the respective year.
- 3. 33% County Cap: No one county may receive more than 33% of MIP funds for the respective year.
- 4. **25% Age-Restricted Cap:** No more than 25% of MIP funds for the respective year may be received by age-restricted projects.

EVIDENCE OF COST CONTAINMENT:

A Cost Containment Analysis will be completed by CalHFA at the time of the Construction Loan Closing.

The developer/sponsor must certify that cost containment measures have been implemented to minimize construction costs. These measures may include but are not limited to 1) competitively bidding out all major subcontractor and self-performing trades 2) obtain 3 bids for all major trades and 3) engage value engineer/consultant during the design process.

Qualifications (continued)

EVIDENCE OF SUBSIDY FEEICIENCY:

A Subsidy Efficiency Analysis will be completed as part of the Application review. The analysis will be completed again prior to closing the MIP Subordinate Loan and the MIP Loan amount may be adjusted based on the final analysis. Parameters of the analysis may include but are not limited to the following:

- A maximum of 1.20 Debt Service Coverage Ratio ("DSCR"). CalHFA may allow an initial DSCR higher than 1.20 on a case by case basis, if deemed necessary;
- A project cash flow that supports the residential component of the project based on the required CalHFA permanent first lien annual debt service coverage ratio;
- A separate project cash flow that supports any commercial component of the project;
- A cashflow after debt service that is limited to the higher of 25% of the anticipated annual must pay debt service payment or 8% of gross income, during each of the first 3 years of project operation;
- Inflation factors and vacancy rates consistent with the Agency's Underwriting Standards and Reference Manual ("USRM");
- Developer Fee requirements will match those required under the 4% federal and/or state tax credit reservation.
- Capitalized reserves shall be subject to approval by Agency for reasonableness consistent with the USRM and the Investor Limited Partnership Agreement (ILPA);
- Review of Excess Sources over final Uses as approved by CalHFA resulting from any of the following:
 - · An increase in tax credit equity;
 - · An increase in permanent loan debt due to a combination of permanent loan rate reduction and/or reduction to operating expense assumptions;
- Construction Cost Savings as evidenced by final cost certification, funds shall be used to reduce the MIP loan prior to CalHFA MIP loan closing or if required by other subordinate lenders, funds may be split on a pro rata basis between CalHFA and other subordinate lenders.

CalHFA Mixed-Income Qualified Lender Qualifications

A CalHFA Qualified Construction Lender is defined as a Construction Lender that has closed at least 5 construction loans using tax-exempt bonds and 4% federal and/or state tax credits in California within the last 3 years and satisfies the requirement set forth within the application.

A CalHFA Qualified Permanent Lender is defined as a Permanent Lender that has closed at least 5 Permanent loans using tax-exempt bonds and 4% federal and/or state tax credits in California within the last 3 years and satisfies the requirement set forth within the application.

CalHFA Mixed-Income Development Team Qualifications

The **Developer/Co-Developer** must be registered to do business and in good standing in the state of California. A CalHFA Qualified Developer/Co-Developer must have developed at least three (3) comparable projects within the past five (5) years.

The proposed **Project Manager** must have personally managed the development of at least two (2) comparable projects within the past 5 years.

Financial Consultants hired to assist the Developer in meeting the minimum experience requirements must be able to provide details regarding at least three (3) comparably financed projects over the last five (5) years.

CalHFA Mixed-Income Development Team Qualifications (Continued)

Architects new to CalHFA must provide information for three (3) comparable projects they designed that were built and occupied within the past five (5) years.

General Contractor (GC) must be licensed by the State of California. GCs new to CalHFA must provide information related to three (3) comparable (in design) projects built in the past five (5) years. Similar information will be required for the proposed on-site construction supervisor. The on-site construction supervisor must have overseen three (3) comparable projects built in the past five (5) years, and they must have overseen the projects from construction start to final completion.

Management Company must have a local presence or a field office in Northern or Southern CA (depending on the location of the Project) and have experience managing at least ten (10) low to moderate income rent restricted Comparable (size and tenant types) Projects. Also required is a resume for the proposed on-site Property Manager, reflecting prior experience during the past five (5) years managing onsite project operations and compliance with rent restricted units.

Permanent First Lien Loan

Provided by CalHFA or a CalHFA Mixed-Income Qualified Permanent Lender. The permanent loan must meet an initial DSCR of at least 1.15 and must maintain a DSCR of 1.0 or higher for the term of the permanent first lien loan. CalHFA may require an initial DSCR higher than 1.15 on a case by case basis, if deemed necessary.

Construction First Lien Loan

Provided by a CalHFA Mixed-Income Qualified Construction Lender.

Limitations

- 1. MIP cannot be combined with the Tax Credit Allocation Committee's (TCAC) 9% program.
- 2. MIP cannot be combined with other state subordinate debt and/or subsidy programs (this does not include state tax credits). Inclusion of other subordinate debt and subsidy will be allowed at CalHFA's discretion.
- 3. Projects that have a below market rate component as a result of an inclusionary obligation or are 100% below market as a result of an inclusionary obligation must demonstrate master developer commitment through a dollar-for-dollar match of CalHFA's resources. Match can be obtained through a monetary match or equivalent in-kind contributions (e.g., land donation, land use fee concessions.)
- 4. At the time of MIP application to CalHFA, a project must not have already received an allocation of 4% federal and/or state tax credits from TCAC or a tax-exempt bond allocation from CDLAC.
- 5. Projects will not be eligible for other subsidy resources from CalHFA in addition to MIP.

Mixed-Income Project Occupancy Requirements

FEDERAL BOND REGULATORY AGREEMENT REQUIREMENTS (ALL PROJECTS):

Must maintain either (a) 20% of the units must be rent restricted and occupied by individuals whose incomes are 50% or less of AMI with adjustments for household size ("20% @ 50% AMI"), OR (b) 40% or more of the units must be both rent restricted and occupied by individuals whose incomes are 60% or less of AMI with adjustments for household size ("40% @ 60% AMI"): in the latter case, a minimum of 10% of the unit types must be at 50% or less of AMI ("10% @ 50% AMI").

MIXED INCOME REGULATORY AGREEMENT REQUIREMENTS (ALL PROJECTS):

Affordability Requirements:

- 1. To qualify, a project must have at least 10% of the total units restricted as follows*:
 - a. 81% to 120% of AMI with an average of 100% of AMI or greater OR if the market study does not support restrictions at these levels,

Mixed-Income Project Occupancy Requirements (Continued)

 60% to 80% of AMI with an average of 70% of AMI or greater, subject to the Maximum Allowable Rents outlined below.

*(Deviations from the average unit affordability levels of 70% AMI or 100% AMI outlined above will only be considered if market study supports such deviations.)

2. AND either

- a. Tax credit transactions that are income-averaged must not exceed an average affordability of 60% AMI across all restricted units. **OR**
- b. Mixed income per CDLAC definitions, a Qualified Residential Rental Project having 50% or fewer of its total units designated as Restricted Rental Units (as restricted by a Bond or TCAC Regulatory Agreement at 60% AMI or lower-CDLAC Regulations Article 1, Section 5000).

Note: These restrictions will remain in effect for 55 years. MIP regulatory agreement will restrict 10% of the total units at or below 80% of AMI, another 10% of the total units at or below 50% of AMI (or 80% AMI if there is an exception pursuant to Health and Safety Code Section 51335), and in addition to these restrictions, a minimum of 10% of the total units between 81% up to 120% of AMI OR (subject to the requirements identified above) 10%-29% of the total units between 60% up to 80% AMI, and the remaining units restricted at or below 120% of AMI, except for the designated manager's unit(s).

MAXIMUM ALLOWABLE RENTS:

Rents for units restricted at 80% AMI and below must be at least 10% below market rents as evidenced by a current Market Study.

Rents for units restricted between 81%-120% AMI must be at least 10% below market as evidenced by a current Market Study.

Mixed-Income Subordinate Loan

- 1. Maximum loan amount for each project shall not exceed 10% of total MIP allocation for the respective year.
 - a. Maximum loan per restricted (tax credit or CalHFA) units between 50%-80% AMI shall be \$50,000.
 - b. Maximum loan per MIP restricted units between 81%-120% AMI shall be \$100,000.
 - c. Projects located within the Highest or High Resource areas designated on the TCAC/HCD Opportunity Area Map shall be eligible for an additional 5% of the project eligible basis per 4% federal and state tax credit program. Opportunity Map Home Page
- 2. Loan size based on project need but cannot be more than 50% of the permanent loan amount.

Mixed-Income Subordinate Loan Rates & Terms

- 1. Interest Rate: 2.75% simple interest.
- 2. Loan Term: The MIP loan term shall be coterminous with the permanent first lien loan.
- 3. Loan Payment: Residual receipt repayment based on cash flow analysis and split 50% to Owner and 50% to CalHFA and other residual receipt lenders. Residual receipt is defined as 50% of surplus cash which is determined as net operating income minus total debt service and other Agency approved payments. Payments shall be applied to the current and/or accrued interest and then principal of the MIP loan.
- 4. Affordability Term: Up to 55 years.
- 5. Assignability: Consent will be considered.
- 6. Prepayment: May be prepaid at any time without penalty.

MIXED-INCOME LOAN PROGRAM

Mixed-Income 7. Subordination: A subordination and/or extension of MIP maturity request in conjunction with a re-Subordinate syndication, refinance, or ownership transfer ("capitalization event(s)") will be considered. If MIP loan is Loan Rates & outstanding at time of the capitalization event(s), the original MIP annual fee schedule will remain in place **Terms** until the earlier of MIP regulatory restriction expiration, including any extensions, or repayment of the MIP (Continued) loan. If the outstanding MIP loan is subordinated at the time of such event, the surplus cash split between borrower and CalHFA and other residual receipt lenders may be altered to reflect an increased percentage of residual receipts to CalHFA out of Borrower's share until such time as the MIP loan is paid in full. The remaining residual receipts may be split between other residual receipt lenders. Funded: Only at permanent loan conversion. **CalHFA Conduit** For more information on CalHFA's Conduit Issuer Program and the fees associated with it, visit CalHFA's website: **Bond Program** www.calhfa.ca.gov/multifamily/programs/forms/termsheet-conduit.pdf **CalHFA First Lien** For more information on CalHFA's Permanent Loan Program and the fees associated with it, visit CalHFA's **Permanent Rates** website: www.calhfa.ca.gov/multifamily/programs/forms/termsheet-perm-tax-exempt.pdf & Terms (subject to change) **Fees** Program Application Fee: \$10,000 non-refundable, due at time of CalHFA MIP application submittal. The (subject to change) application fee shall be credited towards Loan Fee at time of MIP permanent loan closing. Loan Fee: 1.00% of the loan amount (50% due at final commitment and 50% due at CalHFA MIP loan closing). Legal Fee: \$15,000, due at loan closing (applicable if CalHFA is not providing permanent financing). Ongoing Annual MIP Fee Payable in the event that CalHFA is not the Permanent Lender: 0.35% of the Permanent Loan Amount commencing at CalHFA MIP loan closing, calculated based on the principal balance of an amortization schedule with the following assumptions: i) 55 year amortization; ii) start date, interest rate and the loan amount consistent with permanent first lien loan (this fee is applicable if CalHFA is not providing permanent financing and will remain in place until the repayment of the MIP loan). 5. Annual Administrative Fee: \$7,500 per year (subject to change). Conduit Bond Program Fees: Refer to CalHFA Conduit Bond Program www.calhfa.ca.gov/multifamily/programs/forms/termsheet-conduit.pdf CDLAC Fees: Refer to CDLAC regulations for all applicable fees. If CalHFA is selected as the permanent lender, please refer to CalHFA First Lien Permanent Rates & Terms for first mortgage loan fees, credit enhancements, trustee fees, legal fees, inspection fees, administrative fees. www.calhfa.ca.gov/multifamily/programs/forms/termsheet-perm-tax-exempt.pdf

California Housing Finance Agency

CONDUIT ISSUER PROGRAM

MULTIFAMILY HOUSING BONDS

The CalHFA Conduit Issuer Program is designed to facilitate access to tax-exempt and taxable bonds ("Bond") by developers that seek financing for eligible projects that provide affordable multifamily rental housing for individuals, families, seniors, veterans or special needs tenants ("Project"). The conduit Bonds may be used to finance the acquisition, rehabilitation, and/or development of an existing Project, or they can be used for the construction of a new Project.

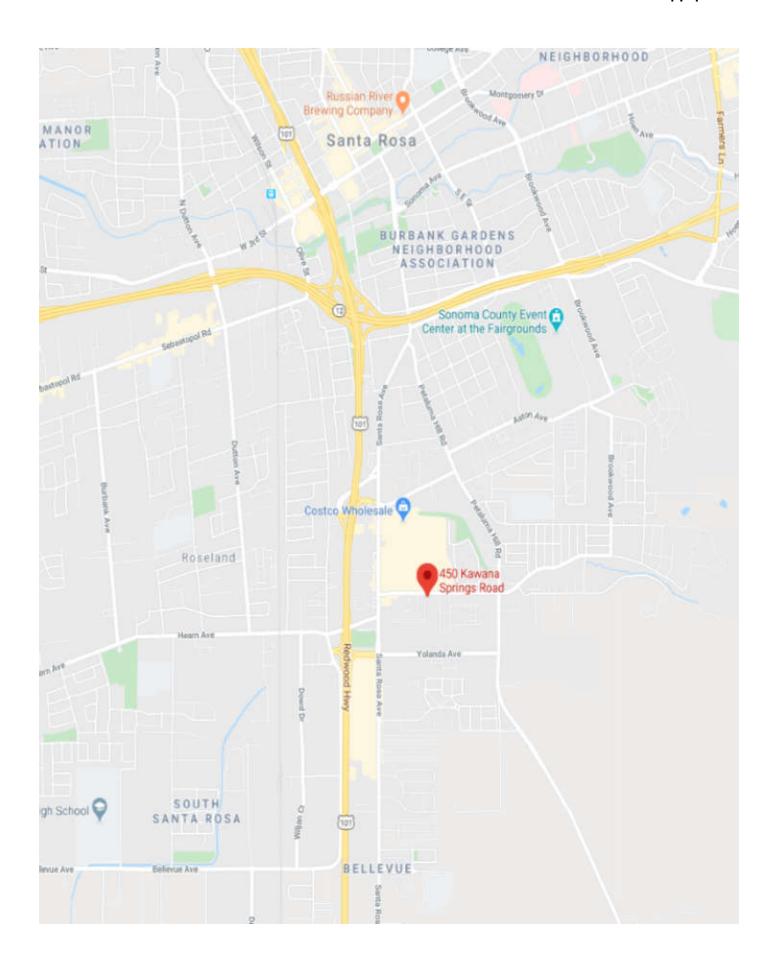

Qualifications	 Available to for-profit, non-profit or public agency sponsors. Non-profit borrowers may be eligible for 501(c)(3) bonds. If bond proceeds are utilized to pay off an existing CalHFA portfolio loan visit www.calhfa.ca.gov for the CalHFA Portfolio Loan Prepayment Policy.
Bond Amount	Bond amount is determined by the loan amount of the selected construction lender.
Fees (subject to change)	 Application Fee: \$5,000 non-refundable, due at time of application submittal (covers the cost of the TEFRA) and is credited towards the CalHFA Issuer Fee. Issuer Fee: The greater of \$15,000 or 0.20% of the Bond amount if less than \$20 million dollars If more than \$20 million dollars: \$40,000 + 0.10% of the amount above \$20 million dollars Annual Administrative Fee: \$7,500 (scattered site projects may require increased fees) due and payable in advance in annual installments commencing on Bond issuance through the term of the regulatory period. Public Sale: additional fee of \$5,000 to \$10,000 applies when Bonds are sold to the public. CDLAC Allocation Fee: 0.035% of the Bond amount, \$1,200 of which is due at time of CDLAC application submittal with the remaining fee due at construction loan closing, and is payable to CDLAC. CDLAC Performance Deposit: 0.50% of the requested Bond amount, not to exceed \$100,000, due at time of CDLAC application submittal. Deposit to be refunded after the Bond closing, upon receipt of authorization letter from CDLAC. The Borrower shall be responsible for all other costs of Bond issuance including fees of the underwriter, trustee, rating agencies, lender, compliance administrator, all Bond counsel legal fees, and any other parties required to complete the transaction.

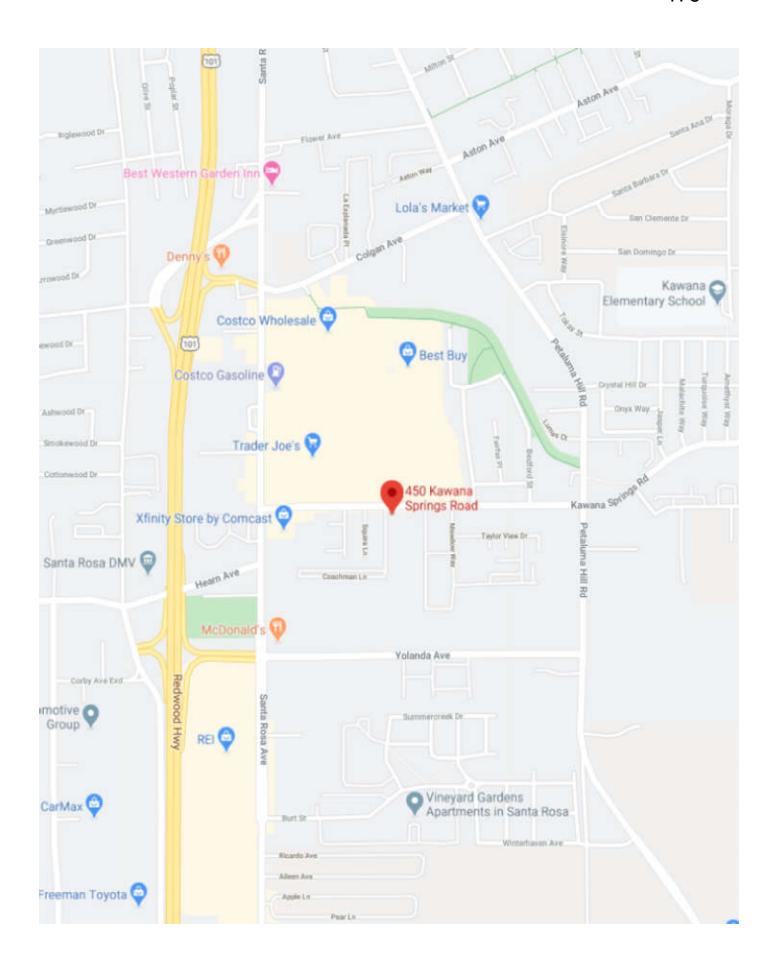

Occupancy Requirements

- Either (A) 20% of the units must be rent restricted and occupied by individuals whose incomes are 50% or less of the area median income as determined by HUD ("AMI") with adjustments for household size ("20% @ 50% AMI"), or (B) 40% or more of the units must be both rent restricted and occupied by individuals whose income is 60% or less of the AMI, with adjustments for household size ("40% @ 60% AMI"); however in the latter case, a minimum of 10% of the units must be at 50% or less of AMI.
- Borrower will be required to enter into a Regulatory Agreement which will be recorded against the Project
 for the Qualified Project Period (as defined in the CalHFA Regulatory Agreement). This includes the latter
 of the federally-required qualified project period, repayment of the Bond funded loan, redemption of the
 Bonds or the full term of the CDLAC Resolution requirements.

		Estimated Stabilization and Conve	rsion to Perm Loan(s):	7/2022	

SOURCES OF FUNDS

Construction Period Financing			
SOURCE	AMOUNT	LIEN POSITION	DEBT TYPE
PWB Construction Loan (T/E)	\$39,700,000	1	Interest Only
PWB Construction Loan (Taxable)	\$17,500,000	2	Interest Only
Tax Credit Equity	\$5,611,541	N/A	N/A
Total	\$62,811,541	\$407,867	Per Unit
Permanent Financing			
SOURCE	AMOUNT	LIEN POSITION	DEBT TYPE
PWB Conduit Loan	\$25,966,000	1	Balloon 40/17
CalHFA MIP Loan	\$7,600,000	2	Residual Receipt Loan
Tax Credit Equity (Including Solar Equity)	\$30,946,052	N/A	N/A
Deferred Developer Fee	\$6,320,837	N/A	Payable from Cash Flow
TOTAL DEVELOPMENT COST:	\$70,832,889	\$459,954	Per Unit

Subsidy Efficiency: CalHFA MIP \$7,600,000 (\$50,000 per MIP restricted units between 50% and 120% AMI).

Tax Credit Type(s), Amount(s), Pricing(s), and per TCAC restricted units:

- 4% Federal Tax Credits: \$22,821,002 assuming estimated pricing of \$0.8550 (\$148,188 per TCAC restricted units).
- 4% State Tax Credits: \$7,587,656 assuming estimated pricing of \$0.73 (\$49,270 per TCAC restricted units).
- Solar Equity Tax Credits: \$537,394 assuming estimated pricing of \$0.86850 (\$3,973 per TCAC restricted units).

Rental Subsidies: The Project will not include any operating or rental subsidies.

Other State Subsidies: The Project will not be funded by other state funds.

Other Locality Subsidies: The Project will not be funded by locality funds.

Cost Containment Strategy:

Corporation for Better Housing (CBH), a 501 (c) (3) affordable housing developer, and its selected construction contractor certifies it subscribes to acceptable industry standards for construction cost containment and review and will continue to implement these standards in future developments. Typical cost review and minimization measures used during the course of construction are:

- 1). Competitive bid process and, if necessary, self-performing trades
- 2). Three bid review
- 3). Value engineering

Competitive Bidding

The proposed contractor, BLH Construction Co. ("BLH") is a leading contracting firm in the affordable housing industry. BLH has built in excess of seventy-eight (78) affordable housing communities in California with four (4) currently under construction. BLH is familiar with both design and energy efficiency requirements required by the various affordable housing funding agencies; TCAC, CDLAC, CalHFA, USDA and other agencies. This experience and expertise in the field have allowed BLH to secure highly competitive bids.

BLH has developed eight (8) Net Zero Energy (NZE) California multi-housing communities utilizing on-site solar PV, high efficiency mechanical systems and energy efficient construction techniques. Further, BLH utilizes "PlanWell" during its bidding process. "PlanWell" is an online depository of building plans to allow all trades in the region the opportunity to review and bid on a proposed project.

Securing Bids

By utilizing "PlanWell" during the bidding process, BLH is able to secure bids for all major trades from subcontractors in the region. The collection of this data provides a benchmark for the various trades and provides scalability regarding costs in the local market and greater regional market.

Value Engineering

Value Engineering starts with the conceptual design and does not end until construction is complete. CBH's team of architects and engineers have all worked closely with one another for nearly 15 years allowing plans to be designed and developed in an efficient, cost effective and timely manner. The team of professionals, including the contractor, work closely and this allows for the "development team" to act as a single unit. This structure allows CBH to better forecast its future construction costs and monitor on-going costs at any single development.

CBH has nearly 25 years of experience building affordable housing developments in California. CBH has developed a core team of award-winning professionals who bring decades of experience in designing multifamily developments.

4. Equity – Cash Out estimate: Not Applicable

TRANSACTION FACTS

5.	Legislative Districts	Congress:	#5 Mike Thompson	Assembly:	#10 Marc Levine	State Senate:	#2 Mike McGuire	
	Brief Project Description	Santa Rosa Avenue Apartments (the "Project") is a family, mixed-income, new construction Project, consisting 1 mid-rise, 5 story, elevator serviced building. There will be 154 total units, 152 of which will be restricted between 50% and 70% of AMI. Units include 58 1-bedrooms (925 s.f.), 64 2-bedrooms (900 s.f.), 30 3-bedrooms (1150 s.f.) and two 1-bedroom units will be reserved for onsite managers.						
		bonds issued b	cture: The Project's fi by CalHFA, 4% federal a xed-Income with incor	and state tax	credits, and	d MIP Financ	ing. The project	
			d/or CDLAC Status: The ceived awards on April		pplied for	bonds and ta	x credits in	
		Ground Lease:	Not applicable.					
		Amenities: The Project includes a community room, pool, spa, courtyard, fire pits, barbeque area, fitness center, playground, computer room, lounge, laundry room and bike storage. Unit amenities will include central heating, central air, microwave, dishwasher, garbage disposal, and internet.						
		Commercial Sp	ace: The Project does	not include co	ommercial	space.		

TRANSACTION OVERVIEW

6. Proposal and Project Strengths

- The Project has received an award for 4% tax credits which is projected to generate equity representing 44% of total financing sources.
- The developer/sponsor and property management company, Winn Residential, have extensive experience in developing similar affordable housing projects and/or have experience with CalHFA.
- The Project's 50-70% AMI rents are priced at least 20% below comparable properties weighted average market rents.
- There is strong demand for the project as vacancy in the PMA is less than 1%, and the household formation in the PMA is expected to increase every year through 2023. 51.5 % of the households in the PMA are renter-occupied, with 41% of the renter-occupied households earning less than \$40,000 annually.
- The Project will include a photovoltaic solar installation which will provide electrical cost savings to the tenants, and to the project for common areas.
- The Project is projected to have strong cash flow with a first year DSCR of 1.15 increasing to 1.59 in year 17.
- The Project will serve low-income families ranging between 50% to 70% of AMI.
- The Project's 50% 70% AMI rents are priced at least 20% below comparable properties weighted average market rents.

7. Project Weaknesses with Mitigants:

• The exit analysis assumes a 6.5% cap rate (2% above 4.5%, which is based on the current appraisal report) and a 3% increase of the underwriting interest rate at loan maturity. Based on these assumptions, the Project will have the ability to fully repay the balance of PWB's permanent loan but may only have the ability to repay a portion of the Agency's subsidy MIP loan in the estimated amount of \$2,536,608 leaving an outstanding balance of \$8,054,552. This is as expected by CalHFA given the requirement that the MIP loan be co-terminus with the permanent first mortgage. The primary source of repayment for both the first mortgage and the MIP subsidy loan is refinance of the project first mortgage. To the extent such a refinance is insufficient to fully repay the MIP loan, it is contemplated that any remaining balance will be paid from a general partner contribution as part of the final close out of partnership obligations to allow re-syndication.

8. Underwriting Standards or Term Sheet Variations

- The developer will install a photovoltaic solar system that will provide saving in electrical cost to the tenants and save common area electrical cost to the Project. The proposed (reduced) Utility Allowance ("UA") of \$10 is being used for underwriting, which is consistent with the California Utility Allowance Calculator ("CUAC") report that is generally acceptable by TCAC. The final UA will be subject to TCAC and CalHFA approval.
- The MIP term sheet requires repayment of the MIP loan to be a pro rata share of 50% of net cash flow and 50% to the Developer. This would result in \$4.3M in developer fee unpaid in Year 15. As a condition to investor's pricing and estimated equity referenced on the letter of interest, the equity investor requires that the deferred developer's fee be substantially repaid by year 13 and fully repaid by year 15. The Developer has requested and the Multifamily Lending Division recommends 100% of net cash flow paid towards deferred developer fee until the deferred developer fee is fully paid off or year 15. Once either the deferred developer fee is paid off or year 15, whichever is soonest, net cash flow distribution will be split 50% to the Developer and 50% to the MIP loan.

Project Specific Conditions of Approval

Approval is conditioned upon:

- Evidence of all environmental remediation prior to Perm Loan conversion.
- Lender(s), equity investor, and borrower shall permit CalHFA to recycle all or a portion of Project's tax-exempt bonds, as applicable.
- The Project must meet the readiness requirements within 180 days from TCAC/CDLAC allocation.
- CalHFA may require a copy of the construction and/or permanent lenders proforma evidencing consistent understanding assumptions.
- CalHFA will require the developer to provide a cost containment certification that is acceptable to the Agency.
- The deferred developer fee of \$6.3M will be repaid in year 15 per project cashflow. The repayment is on a tight time schedule. Therefore, the owner must provide evidence of investor approval of the total deferred developer's fee structure in case the GP (as negotiated with the ILP) will need to make a capital contribution to pay off the remaining DDF. This will be documented in the LPA with the Tax Credit Investor to ensure that the DDF will be fully repaid by year 15 and in line with the investor's position in Section 8.
- The final operating expense budget is subject to equity investor and CalHFA approval, and TCAC must provide a waiver to the operating expense minimum.
- Final approval is conditioned upon borrower securing both parcels.
- Receipt of a certification by the engineer on record that Project has been built to current seismic code acceptable to the Agency prior to permanent closing.
- Closing on construction financing will be subject to final LPA being substantially consistent to the assumptions made at time of final commitment and that it is acceptable to CalHFA.
- Subject to receipt of an updated appraisal reflecting the current AMI/rent structure, in CalHFA's sole discretion.
- The CalHFA subsidy will be, in the Agency's sole discretion, the lesser of 1) the principal amount as state on hereto or 2) an amount as determined by the Agency in the event the financial assumptions change prior to construction loan closing and/or permanent loan closing. For instance, if the permanent loan interest rate decreased, then the subsidy may be reduced due to additional debt generated by the lower interest rate. The debt service coverage ratio ("DSCR") shall be a maximum of 1.20. An increase of the subsidy loan will not be allowed and will be subject to Agency's approval.

10. Staff Conclusion/Recommendation:

The Multifamily Lending Division supports approval of the described financing in the amount(s) requested, subject to the above proposed terms and conditions.

MISSION & AFFORDABILITY

11. | CalHFA Mission/Goals

This Project and financing proposal provide 152 units of affordable housing with a range of restricted rents between 50% AMI and 70% of AMI which will support much needed rental housing that will remain affordable for 55 years.

12. CalHFA Affordability & Occupancy Restrictions

The CalHFA Bond Regulatory Agreements will restrict a minimum of 40% of the total units at or below 60% AMI with 10% of these units at 50% of AMI for 55 year(s).

The CalHFA MIP Subsidy Regulatory Agreement will restrict 10% of total units (16 units) at or below 50% AMI and 10% of total units (16) between 60% and 80% of AMI with a minimum average of 70% AMI. The remaining 120 of restricted units will be restricted at or below 120% of AMI. The affordability restrictions for the Mixed Income Program require at least 10% of the units be restricted to 81% to 120% of AMI, with an average of 100% of AMI, if supported by a market study. However, per an appraisal dated May 27, 2020 the Project can only support rents at a maximum of 70% AMI and

still comply with the requirement that rents be 10% below market. Therefore, this project will comply with affordability requirement of 60% to 80% of AMI with an average of 70% of AMI.

TCAC Regulatory Agreement will restrict a total of 152 units between 50% and 70% AMI for a 55-years term.

The density bonus and conditional use permit affordability restrictions, if applicable, will not impact the affordability restrictions of the MIP units.

RE	NT LIM	IT SUMM	ARY TABL	E

APPRAISAL AND MARKET ANALYSIS

Appraisal Review The Appraisal dated 5/19/20, prepared by CBRE Valuation & Advisory Services, values the land at \$5,390,000.

• The capitalization rate of 4.50% and projected \$1,534,910 of net operating income were used to determine the appraised value of the subject site.

The as-restricted stabilized value is \$36,700,000, which results in the PWB's loan to value of 71%.

• The proposed operating expense is consistent with the appraisal report.

Market Study: Novogradac Consulting LLP Dated: December 4, 2019

Regional Market Overview

- The Primary Market Area is the southern, western, and central portions of the city of Santa Rosa (population of 98,948, as of 2018) and the Secondary Market Area ("SMA") is Santa Rosa, CA MSA (population of 497,217, as of 2018)
- The general population in the PMA is anticipated to decrease by 0.2% per year through 2023, and the SMA population is projected to increase by 0.3% through 2023.
- Unemployment in the SMA is 2.9% (as of July 2019), which evidences a strong employment area.
- According to Zillow.com, the majority of current listing prices for single family homes in the proposed area range from \$515,000 to \$600,000.

Local Market Area Analysis

- Supply:
 - There are currently 29 affordable project(s) in the PMA and the average occupancy is 99.1%, and all
 maintain wait lists
 - o Both LIHTC and market rate properties in the PMA have had have low instances of concessions.

Demand/Absorption:

- The project will need to capture 7.7% of the total demand for family units in the PMA. The affordable units are anticipated to lease up at a rate of 60 units per month and reach stabilized occupancy within 2-3 months of opening.
- The overall market penetration rate is 19.4% for the proposed LIHTC units and 65.2% for the proposed market rate units.

DEVELOPMENT SUMMARY

19.	Site Description	Requires Flood Insurance: 🔲 Yes 🔀 No
•	The property consists Sonoma County.	of two contiguous parcels on the western side of Santa Rosa Avenue in the City of Santa Rosa,
•		cant, with level topography at street grade, measuring approximately 3.84 acres and is
•	The site is currently zo use of no greater than maximum density of 4	ned for Commercial General use, which allows for residential development and multi-family 30 units per acre. The project is eligible to apply for a density bonus that would allow for a 0.5 units per acre (proposed project is for 40.1 units/acre).
•		in Flood Zone X (area of minimum flood hazard). Zone X is the area determined to be outside I protected by levee from 100-year flood, therefore the Project will not be subject to flood
20.	Form of Site Control 8	Expiration Date
		nta Rosa, LLC, of the site and the Project owner, Integrated Community Development, LLC, archase agreement dated September 30, 2019 for an amount of \$4,150,000.
-		ndicated a closing date of $5/18/2020$. On $5/19/20$ the developer advised that closing had not occur in the relative near future.
21.	Current Ownership En	tity of Record
Title is	s currently vested in B&	B Santa Rosa, LLC as the fee owner.
22.	Environmental Review	v Findings

ADDITIONAL DEVELOPMENT/ PROJECT TEAM INFORMATION

30. Borrower Affiliated Entities

- Managing General Partner: Corporation for Better Housing, a California nonprofit public benefit corporation; 0.05% interest
- Administrative Limited Partner: Integrated Community Development, LLC, a California limited liability company; 0.05% interest
- Investor Limited Partner: Alliant Capital; 99.90% interest

31. Developer/Sponsor

CBH has nearly 25 years of experience building affordable housing developments in California. TCAC's mapping database of multi-family projects indicates that CBH has been involved in 66 tax credit projects (4,097 restricted units), of which 26 projects (1,953 restricted units) involved 4% tax credits. CBH currently has 3 projects (173 units) under construction, 2 projects (32 units and 36 Single Family Residences) to start construction in 2020 and 6 projects (432 units and 79 single family residences) in the pipeline. As of June 11, 2020, CBH has 2 stabilized projects and 2 under construction in the CalHFA portfolio. CalHFA staff notes on one of the stabilized projects that it is in compliance except for monthly report submissions.

CBH and ICD have a longstanding relationship with the Investor. Audited 2018 financials of CBH were reviewed and indicated assets in excess of debt for both parties; contingent liabilities did not exceed the entity's real estate assets.

Risk: CBH has had one highly troubled project in its recent history in California, arising from a deeply affordable property that was purchased one year after CBH was formed, and built with an inexperienced local partner. While having a troubled asset is not uncommon among its peers, this particular situation appears to have resulted in significant financial losses for CBH.

Mitigant: Since this project, CBH does not appear to have had any substantively similar troubled projects. In addition, CalHFA's direct experience with CBH has been positive.

32. Management Agent

The Project will be managed by Winn Residential, which has extensive experience in managing similar affordable housing projects in the area and manages several projects in CalHFA's portfolio. WinnResidential has reviewed the projected operating budget and confirms that the "numbers are sufficient for Winn Residential to manage the proposed site."

33.	Service Provider	Required by TCAC or other funding source?
Onsite	e services will not be available	to the residents.
34.	Contractor	Experienced with CalHFA? 🔀 Yes 🗌 No
famili confir	ar with CalHFA. BLH is affiliated	ction, has built over seventy (70) affordable housing communities in California and is I with ICD. GMP contracts will be used. The developer provided a cost breakdown general conditions are sized at 14% of total hard costs to be consistent with TCAC
3 5.	Architect	Experienced with CalHFA? 🔀 Yes 🗌 No
	-	ch has extensive experience in designing and managing similar affordable housing ality's building permit process and is familiar with CalHFA.
36.	Local Review via Locality Con	tribution Letter
The lo	ocality, City of Santa Rosa, retur	rned the local contribution letter stating they strongly support the project.

MIXED-INCOME LOAN PROGRAM

The CalHFA Mixed-Income Program ("MIP") provides competitive long-term subordinate financing for new construction multifamily housing projects restricting units (tax credit or CalHFA) between 30% and 120% of county Area Median Income ("AMI").

The MIP must be paired with CalHFA's Conduit Bond Issuance Program and a CalHFA Mixed-Income Qualified Construction Lender (defined below). Additionally, the program must be paired with CalHFA's Permanent Loan product or a sponsor must work with a CalHFA Mixed-Income Qualified Permanent Lender (defined below). The Mixed-Income resources will take the form of a subordinate loan to incentivize newly developed multifamily housing projects that serve a range of very low to moderate income renters. Eligible projects must create newly constructed regulated units that meet the income and occupancy requirements reflected below.

Qualifications

APPLICATION:

Sponsors/developers must submit a complete application package which includes all items listed on the application, the application addendum and the checklist. Incomplete application packages will not be considered. The application and checklist can be found at

<u>www.calhfa.ca.gov/multifamily/mixedincome/forms/index.htm</u>. If the sponsor/developer is not able to meet the readiness timeline referenced below, MIP funds may be rescinded and reallocated.

AVAILABILITY:

Available to for-profit, non-profit, and public agency sponsors. Development teams must meet CalHFA experience requirements, as defined in the CalHFA Development Team Qualifications section below.

USES:

MIP Subsidy loans must be used in conjunction with CalHFA's Conduit Bond Issuance Program and a construction loan from a CalHFA Mixed-Income Qualified Construction Lender. MIP Subsidy loans must also be used in conjunction with CalHFA's permanent first-lien mortgage financing or financing from a CalHFA Mixed-Income Qualified Permanent Lender. CalHFA Mixed-Income Qualified Construction and Qualified Permanent Lenders are defined in the CalHFA Lender Qualifications section below.

FINANCING STRUCTURE:

Projects accessing the MIP Subsidy Loan funds must be structured as one of the following:

- 1. Tax-exempt Bond and 4% tax credit project where at least 51% of the units in each project must be tax credit financed, OR
- Qualified mixed-income project under the California Debt Limit Allocation Committee's (CDLAC) regulations (50% or fewer units designated as tax credit or tax-exempt bond restricted) utilizing an allocation of private activity bonds to finance the project, OR
- 3. Qualified mixed-income project through income averaging.

Qualifications (continued)

READINESS:

Projects must have site control and be prepared to submit for a bond and tax credit allocation and will only receive funds if bonds are issued within the issuance timeframes specified in CDLAC Regulations Section 5100.

- Site: The site must be ready for construction (all potential environmental issues have been identified, mitigation plan is in place, and costs associated with the mitigation plan have been incorporated in the development budget). Environmental issues may include but not be limited to receipt of clearances for CEQA, NEPA, and applicable tribal land environmental reviews.
- 2. **Construction Start:** All projects must commit to begin construction 180 days from the earlier of the date of the tax-exempt bond allocation or 4% federal/state tax credit reservation. Within the 180-day period the following items must be submitted to CalHFA in their final form:
 - a. A complete updated application (inclusive of all CalHFA Addendum Items) form along with a detailed explanation of any changes from the initial application,
 - b. An executed construction contract,
 - c. Recorded deeds of trust for all construction financing (unless a project's location on tribal trust land precludes this),
 - d. Binding commitments for any other financing required to complete project construction,
 - e. Copy of a limited partnership agreement executed by the general partner/sponsor and the investor limited partner/equity provider,
 - f. Payment of all construction lender fees,
 - g. Copies of buildings permits (a grading permit does not suffice to meet this requirement except that in the event that the city or county as a rule does not issue building permits prior to the completion of grading, a grading permit shall suffice; if the project is a design build project in which the city or county does not issue building permits until designs are fully complete, the city or county shall have approved construction to begin) or the applicable tribal documents,
 - h. Copy of the notice to proceed delivered to the contractor,
 - If no construction lender is involved, evidence must be submitted within 180 days, as applicable, that
 the equity partner has been admitted to the ownership entity, and that an initial disbursement of funds
 has occurred.
 - j. Other documentation and information necessary to close construction financing required by CalHFA.

MIP ALLOCATION LIMITS:

- 1. 10% Project Cap: No project may receive more than 10% of the total MIP allocation for the respective year.
- 2. **33% Sponsor Cap:** No sponsor (any individual, entity, affiliate and related entity) may receive more than 33% of MIP funds for the respective year.
- 3. 33% County Cap: No one county may receive more than 33% of MIP funds for the respective year.
- 4. **25% Age-Restricted Cap:** No more than 25% of MIP funds for the respective year may be received by age-restricted projects.

EVIDENCE OF COST CONTAINMENT:

A Cost Containment Analysis will be completed by CalHFA at the time of the Construction Loan Closing.

The developer/sponsor must certify that cost containment measures have been implemented to minimize construction costs. These measures may include but are not limited to 1) competitively bidding out all major subcontractor and self-performing trades 2) obtain 3 bids for all major trades and 3) engage value engineer/consultant during the design process.

Qualifications (continued)

EVIDENCE OF SUBSIDY FEEICIENCY:

A Subsidy Efficiency Analysis will be completed as part of the Application review. The analysis will be completed again prior to closing the MIP Subordinate Loan and the MIP Loan amount may be adjusted based on the final analysis. Parameters of the analysis may include but are not limited to the following:

- A maximum of 1.20 Debt Service Coverage Ratio ("DSCR"). CalHFA may allow an initial DSCR higher than 1.20 on a case by case basis, if deemed necessary;
- A project cash flow that supports the residential component of the project based on the required CalHFA permanent first lien annual debt service coverage ratio;
- A separate project cash flow that supports any commercial component of the project;
- A cashflow after debt service that is limited to the higher of 25% of the anticipated annual must pay debt service payment or 8% of gross income, during each of the first 3 years of project operation;
- Inflation factors and vacancy rates consistent with the Agency's Underwriting Standards and Reference Manual ("USRM"):
- Developer Fee requirements will match those required under the 4% federal and/or state tax credit reservation.
- Capitalized reserves shall be subject to approval by Agency for reasonableness consistent with the USRM and the Investor Limited Partnership Agreement (ILPA);
- Review of Excess Sources over final Uses as approved by CalHFA resulting from any of the following:
 - · An increase in tax credit equity;
 - · An increase in permanent loan debt due to a combination of permanent loan rate reduction and/or reduction to operating expense assumptions;
- Construction Cost Savings as evidenced by final cost certification, funds shall be used to reduce the MIP loan prior to CalHFA MIP loan closing or if required by other subordinate lenders, funds may be split on a pro rata basis between CalHFA and other subordinate lenders.

CalHFA Mixed-Income Qualified Lender Qualifications

A CalHFA Qualified Construction Lender is defined as a Construction Lender that has closed at least 5 construction loans using tax-exempt bonds and 4% federal and/or state tax credits in California within the last 3 years and satisfies the requirement set forth within the application.

A CalHFA Qualified Permanent Lender is defined as a Permanent Lender that has closed at least 5 Permanent loans using tax-exempt bonds and 4% federal and/or state tax credits in California within the last 3 years and satisfies the requirement set forth within the application.

CalHFA Mixed-Income Development Team Qualifications

The **Developer/Co-Developer** must be registered to do business and in good standing in the state of California. A CalHFA Qualified Developer/Co-Developer must have developed at least three (3) comparable projects within the past five (5) years.

The proposed **Project Manager** must have personally managed the development of at least two (2) comparable projects within the past 5 years.

Financial Consultants hired to assist the Developer in meeting the minimum experience requirements must be able to provide details regarding at least three (3) comparably financed projects over the last five (5) years.

CalHFA Mixed-Income Development Team Qualifications (Continued)

Architects new to CalHFA must provide information for three (3) comparable projects they designed that were built and occupied within the past five (5) years.

General Contractor (GC) must be licensed by the State of California. GCs new to CalHFA must provide information related to three (3) comparable (in design) projects built in the past five (5) years. Similar information will be required for the proposed on-site construction supervisor. The on-site construction supervisor must have overseen three (3) comparable projects built in the past five (5) years, and they must have overseen the projects from construction start to final completion.

Management Company must have a local presence or a field office in Northern or Southern CA (depending on the location of the Project) and have experience managing at least ten (10) low to moderate income rent restricted Comparable (size and tenant types) Projects. Also required is a resume for the proposed on-site Property Manager, reflecting prior experience during the past five (5) years managing onsite project operations and compliance with rent restricted units.

Permanent First Lien Loan

Provided by CalHFA or a CalHFA Mixed-Income Qualified Permanent Lender. The permanent loan must meet an initial DSCR of at least 1.15 and must maintain a DSCR of 1.0 or higher for the term of the permanent first lien loan. CalHFA may require an initial DSCR higher than 1.15 on a case by case basis, if deemed necessary.

Construction First Lien Loan

Provided by a CalHFA Mixed-Income Qualified Construction Lender.

Limitations

- 1. MIP cannot be combined with the Tax Credit Allocation Committee's (TCAC) 9% program.
- 2. MIP cannot be combined with other state subordinate debt and/or subsidy programs (this does not include state tax credits). Inclusion of other subordinate debt and subsidy will be allowed at CalHFA's discretion.
- 3. Projects that have a below market rate component as a result of an inclusionary obligation or are 100% below market as a result of an inclusionary obligation must demonstrate master developer commitment through a dollar-for-dollar match of CalHFA's resources. Match can be obtained through a monetary match or equivalent in-kind contributions (e.g., land donation, land use fee concessions.)
- 4. At the time of MIP application to CalHFA, a project must not have already received an allocation of 4% federal and/or state tax credits from TCAC or a tax-exempt bond allocation from CDLAC.
- 5. Projects will not be eligible for other subsidy resources from CalHFA in addition to MIP.

Mixed-Income Project Occupancy Requirements

FEDERAL BOND REGULATORY AGREEMENT REQUIREMENTS (ALL PROJECTS):

Must maintain either (a) 20% of the units must be rent restricted and occupied by individuals whose incomes are 50% or less of AMI with adjustments for household size ("20% @ 50% AMI"), OR (b) 40% or more of the units must be both rent restricted and occupied by individuals whose incomes are 60% or less of AMI with adjustments for household size ("40% @ 60% AMI"): in the latter case, a minimum of 10% of the unit types must be at 50% or less of AMI ("10% @ 50% AMI").

MIXED INCOME REGULATORY AGREEMENT REQUIREMENTS (ALL PROJECTS):

Affordability Requirements:

- 1. To qualify, a project must have at least 10% of the total units restricted as follows*:
 - a. 81% to 120% of AMI with an average of 100% of AMI or greater OR if the market study does not support restrictions at these levels,

Mixed-Income Project Occupancy Requirements (Continued)

b. 60% to 80% of AMI with an average of 70% of AMI or greater, subject to the Maximum Allowable Rents outlined below.

*(Deviations from the average unit affordability levels of 70% AMI or 100% AMI outlined above will only be considered if market study supports such deviations.)

2. AND either

- a. Tax credit transactions that are income-averaged must not exceed an average affordability of 60% AMI across all restricted units, **OR**
- b. Mixed income per CDLAC definitions, a Qualified Residential Rental Project having 50% or fewer of its total units designated as Restricted Rental Units (as restricted by a Bond or TCAC Regulatory Agreement at 60% AMI or lower-CDLAC Regulations Article 1, Section 5000).

Note: These restrictions will remain in effect for 55 years. MIP regulatory agreement will restrict 10% of the total units at or below 80% of AMI, another 10% of the total units at or below 50% of AMI (or 80% AMI if there is an exception pursuant to Health and Safety Code Section 51335), and in addition to these restrictions, a minimum of 10% of the total units between 81% up to 120% of AMI OR (subject to the requirements identified above) 10%-29% of the total units between 60% up to 80% AMI, and the remaining units restricted at or below 120% of AMI, except for the designated manager's unit(s).

MAXIMUM ALLOWABLE RENTS:

Rents for units restricted at 80% AMI and below must be at least 10% below market rents as evidenced by a current Market Study.

Rents for units restricted between 81%-120% AMI must be at least 10% below market as evidenced by a current Market Study.

Mixed-Income Subordinate Loan

- 1. Maximum loan amount for each project shall not exceed 10% of total MIP allocation for the respective year.
 - a. Maximum loan per restricted (tax credit or CalHFA) units between 50%-80% AMI shall be \$50,000.
 - b. Maximum loan per MIP restricted units between 81%-120% AMI shall be \$100,000.
 - c. Projects located within the Highest or High Resource areas designated on the TCAC/HCD Opportunity Area Map shall be eligible for an additional 5% of the project eligible basis per 4% federal and state tax credit program. Opportunity Map Home Page
- 2. Loan size based on project need but cannot be more than 50% of the permanent loan amount.

Mixed-Income Subordinate Loan Rates & Terms

- 1. Interest Rate: 2.75% simple interest.
- 2. Loan Term: The MIP loan term shall be coterminous with the permanent first lien loan.
- 3. Loan Payment: Residual receipt repayment based on cash flow analysis and split 50% to Owner and 50% to CalHFA and other residual receipt lenders. Residual receipt is defined as 50% of surplus cash which is determined as net operating income minus total debt service and other Agency approved payments. Payments shall be applied to the current and/or accrued interest and then principal of the MIP loan.
- 4. Affordability Term: Up to 55 years.
- 5. Assignability: Consent will be considered.
- 6. Prepayment: May be prepaid at any time without penalty.

MIXED-INCOME LOAN PROGRAM

Mixed-Income 7. Subordination: A subordination and/or extension of MIP maturity request in conjunction with a re-Subordinate syndication, refinance, or ownership transfer ("capitalization event(s)") will be considered. If MIP loan is Loan Rates & outstanding at time of the capitalization event(s), the original MIP annual fee schedule will remain in place **Terms** until the earlier of MIP regulatory restriction expiration, including any extensions, or repayment of the MIP (Continued) loan. If the outstanding MIP loan is subordinated at the time of such event, the surplus cash split between borrower and CalHFA and other residual receipt lenders may be altered to reflect an increased percentage of residual receipts to CalHFA out of Borrower's share until such time as the MIP loan is paid in full. The remaining residual receipts may be split between other residual receipt lenders. Funded: Only at permanent loan conversion. **CalHFA Conduit** For more information on CalHFA's Conduit Issuer Program and the fees associated with it, visit CalHFA's website: **Bond Program** www.calhfa.ca.gov/multifamily/programs/forms/termsheet-conduit.pdf **CalHFA First Lien** For more information on CalHFA's Permanent Loan Program and the fees associated with it, visit CalHFA's **Permanent Rates** website: www.calhfa.ca.gov/multifamily/programs/forms/termsheet-perm-tax-exempt.pdf & Terms (subject to change) **Fees** Program Application Fee: \$10,000 non-refundable, due at time of CalHFA MIP application submittal. The (subject to change) application fee shall be credited towards Loan Fee at time of MIP permanent loan closing. Loan Fee: 1.00% of the loan amount (50% due at final commitment and 50% due at CalHFA MIP loan closing). Legal Fee: \$15,000, due at loan closing (applicable if CalHFA is not providing permanent financing). Ongoing Annual MIP Fee Payable in the event that CalHFA is not the Permanent Lender: 0.35% of the Permanent Loan Amount commencing at CalHFA MIP loan closing, calculated based on the principal balance of an amortization schedule with the following assumptions: i) 55 year amortization; ii) start date, interest rate and the loan amount consistent with permanent first lien loan (this fee is applicable if CalHFA is not providing permanent financing and will remain in place until the repayment of the MIP loan). Annual Administrative Fee: \$7,500 per year (subject to change). Conduit Bond Program Fees: Refer to CalHFA Conduit Bond Program www.calhfa.ca.gov/multifamily/programs/forms/termsheet-conduit.pdf CDLAC Fees: Refer to CDLAC regulations for all applicable fees. If CalHFA is selected as the permanent lender, please refer to CalHFA First Lien Permanent Rates & Terms for first mortgage loan fees, credit enhancements, trustee fees, legal fees, inspection fees, administrative fees. www.calhfa.ca.gov/multifamily/programs/forms/termsheet-perm-tax-exempt.pdf

Cal HFA California Housing Finance Agency

CONDUIT ISSUER PROGRAM

MULTIFAMILY HOUSING BONDS

The CalHFA Conduit Issuer Program is designed to facilitate access to tax-exempt and taxable bonds ("Bond") by developers that seek financing for eligible projects that provide affordable multifamily rental housing for individuals, families, seniors, veterans or special needs tenants ("Project"). The conduit Bonds may be used to finance the acquisition, rehabilitation, and/or development of an existing Project, or they can be used for the construction of a new Project.

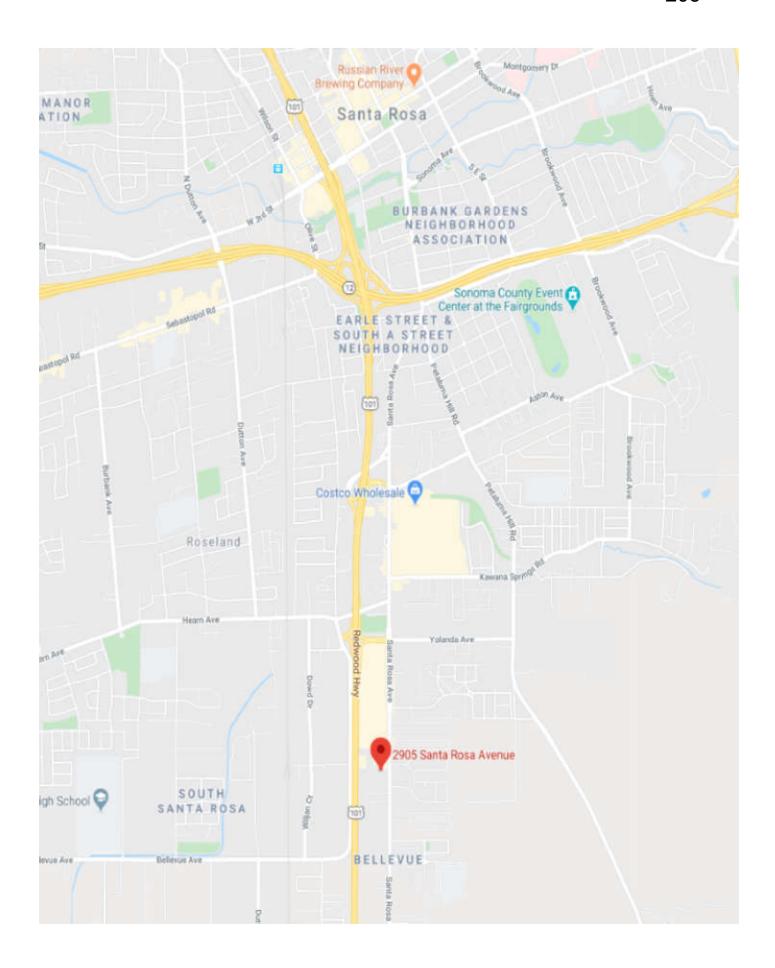

Qualifications	 Available to for-profit, non-profit or public agency sponsors. Non-profit borrowers may be eligible for 501(c)(3) bonds. If bond proceeds are utilized to pay off an existing CalHFA portfolio loan visit www.calhfa.ca.gov for the CalHFA Portfolio Loan Prepayment Policy.
Bond Amount	Bond amount is determined by the loan amount of the selected construction lender.
Fees (subject to change)	 Application Fee: \$5,000 non-refundable, due at time of application submittal (covers the cost of the TEFRA) and is credited towards the CalHFA Issuer Fee. Issuer Fee: The greater of \$15,000 or 0.20% of the Bond amount if less than \$20 million dollars If more than \$20 million dollars: \$40,000 + 0.10% of the amount above \$20 million dollars Annual Administrative Fee: \$7,500 (scattered site projects may require increased fees) due and payable in advance in annual installments commencing on Bond issuance through the term of the regulatory period. Public Sale: additional fee of \$5,000 to \$10,000 applies when Bonds are sold to the public. CDLAC Allocation Fee: 0.035% of the Bond amount, \$1,200 of which is due at time of CDLAC application submittal with the remaining fee due at construction loan closing, and is payable to CDLAC. CDLAC Performance Deposit: 0.50% of the requested Bond amount, not to exceed \$100,000, due at time of CDLAC application submittal. Deposit to be refunded after the Bond closing, upon receipt of authorization letter from CDLAC. The Borrower shall be responsible for all other costs of Bond issuance including fees of the underwriter, trustee, rating agencies, lender, compliance administrator, all Bond counsel legal fees, and any other parties required to complete the transaction.

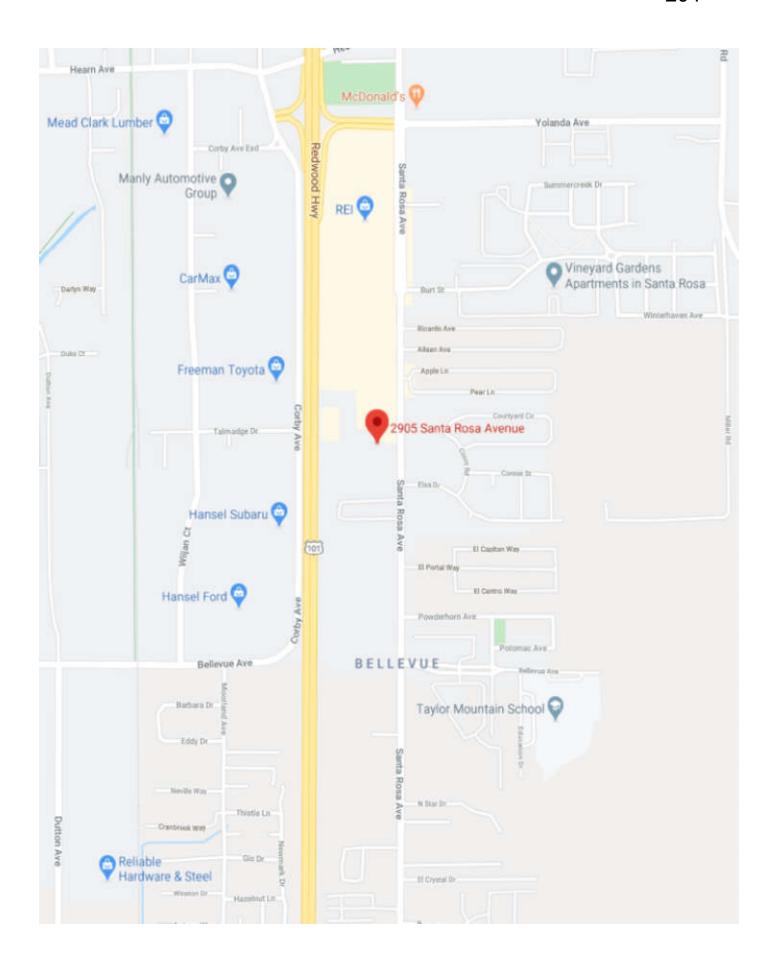

Occupancy Requirements

- Either (A) 20% of the units must be rent restricted and occupied by individuals whose incomes are 50% or less of the area median income as determined by HUD ("AMI") with adjustments for household size ("20% @ 50% AMI"), or (B) 40% or more of the units must be both rent restricted and occupied by individuals whose income is 60% or less of the AMI, with adjustments for household size ("40% @ 60% AMI"); however in the latter case, a minimum of 10% of the units must be at 50% or less of AMI.
- Borrower will be required to enter into a Regulatory Agreement which will be recorded against the Project
 for the Qualified Project Period (as defined in the CalHFA Regulatory Agreement). This includes the latter
 of the federally-required qualified project period, repayment of the Bond funded loan, redemption of the
 Bonds or the full term of the CDLAC Resolution requirements.

Non-displacement <u>and</u> **No Net Loss:** To the extent feasible, it is the Agency's priority to mitigate multifamily developments that may result in permanent displacement of existing affordable housing residents and/or net loss of existing affordable housing units. The Project is a new construction project, with no related demolition of existing affordable housing, hence no existing affordable housing units will be lost nor will existing residential households be displaced as a result of this development.

Commercial Space: The Project does not include commercial space.

TRANSACTION OVERVIEW

6. Proposal and Project Strengths

- The developer/sponsor have extensive experience in developing similar affordable housing projects and have two existing projects in the CalHFA portfolio, which are operating as agreed.
- The Project has been awarded 4% and CA tax credits which are projected to generate equity representing 51% of total financing sources.
- The property management company, ConAm Management have extensive experience in developing similar affordable housing projects and is currently managing 17 projects in the CalHFA portfolio.
- The Project will serve low-income families ranging between 50% to 70% of AMI.
- The Loan-to-Value will be 82%, which meets the Agency's minimum requirements, providing less risk to the Agency.
- The projected portion of the developer's fee that will be collected at or prior to permanent loan conversion is \$2,484,051 which could be available to cover cost overruns and/or unforeseen issues during construction.
- The developer is contributing an amount of \$1,025,337 via GP contribution to the Project.
- The exit analysis assumes 7.25% (2% above current cap rate per appraisal report) cap rate and 3% increase of the underwriting interest rate at loan maturity. Based on these assumptions, the Project will have the ability to fully repay the balance of Agency's permanent loan and a substantial amount of the remaining balance of the subsidy loan with an anticipated outstanding amount of \$320,070.

7. Project Weaknesses with Mitigants:

The Project is in a slightly higher crime area; therefore, the Project has budgeted \$21,444 annually for security patrol each night from 7:30pm-5:30am and a monthly repair cost. The security company will be uniformed and registered/licensed with BSIS. In addition, the building design includes intrusion detection elements (security camera plan, no-climb fencing/wall, gated entry/exit, controlled access to an electronic FOB system, balconies, and exterior lighting) and the project is in a business improvement district (BID) that provides daily security patrols, graffiti removal, and litter removal along Arden Way.

8. Underwriting Standards or Term Sheet Variations

- The MIP term sheet requires repayment of the MIP loan to be a pro rata share of 50% of residual receipts between the MIP and other subordinate residual receipts lenders. The investor requires that the deferred developer fee be fully paid within 13 years after the property is 100% completed. The Developer has requested, and the Multifamily Lending Division recommends a repayment restructure as follows: 75% of net cash flow paid towards deferred developer fee until it is paid in full, which is anticipated to occur in year 13, and 25% of net cash flow is paid towards the MIP loan. After the deferred developer fee is paid in full, 50% of net cash flow is paid to the developer and 50% is paid to the MIP loan.
- The MIP loan amount is more than 50% of the permanent loan amount which is a deviation from the MIP Term Sheet and an exception to policy. Approval of this exception is recommended by Multi-Family Underwriting and Credit Staff subject to CalHFA being the permanent lender and based on the following: approval facilitates the progression of a shovel ready project without delay; the project received a CDLAC Bond Allocation in April; the higher amount of MIP/unit allows the Developer to reduce their state tax credit request from \$9,598,833 (\$79,990 /unit) to \$8,399,942 (\$70,000 per unit) resulting in a much more efficient use of the limited resources of State Tax Credits.

- The MIP loan per unit is \$63,950 which exceeds the term sheet maximum of \$50,000 for a project with affordability levels between 60% and 80% AMI. Approval of this exception is recommended by Multi-Family Underwriting and Credit Staff subject to CalHFA being the permanent lender and based on the following: approval facilitates the progression of a shovel ready project without delay; the project is ready to submit for a CDLAC Bond Allocation in January; the higher amount of MIP/unit allows the Developer to reduce their state tax credit request from \$9,598,833 (\$79,990 /unit) to \$8,399,942 (\$70,000 per unit) resulting in a much more efficient use of the limited resources of State Tax Credits.
- The project meets the requirement to average 70% AMI by restricting 3-bedroom units only rather than a pro-rata share of each unit type as required by the USRM. This rent structure maximizes rents, the permanent loan amount, and lowers the subsidy request. Therefore, approval of this exception is recommended by Multi-Family staff underwriting and credit staff.

9. **Project Specific Conditions of Approval**

Approval is conditioned upon:

- Evidence of all environmental remediation prior to Perm Loan conversion.
- CalHFA may require a copy of the construction and/or permanent lenders proforma evidencing consistent underwriting assumptions.
- Lender(s), equity investor, and borrower shall permit CalHFA to recycle all or a portion of Project's tax-exempt bonds, as applicable.
- The Project must meet the readiness requirements within 180 days from TCAC/CDLAC allocation.
- CalHFA will require the developer to provide a cost containment certification that is acceptable to the Agency.
- Subject to receipt of a certification acceptable to CalHFA from the engineer on record that project was built to current seismic code prior to permanent loan closing.
- CalHFA requires that MIP affordability covenants be recorded in a senior lien position ahead of any foreclosable debt and any existing debt.
- The CalHFA subsidy will be, in the Agency's sole discretion, the lesser of 1) the principal amount as state on hereto or 2) an amount as determined by the Agency in the event the financial assumptions change prior to construction loan closing and/or permanent loan closing. For instance, if the permanent loan interest rate decreased, then the subsidy may be reduced due to additional debt generated by the lower interest rate. The debt service coverage ratio ("DSCR") shall be a maximum of 1.20. An increase of the subsidy loan will not be allowed and will be subject to Agency's approval.
- Closing on construction financing will be subject to final LPA being substantially consistent to the assumptions made at time of final commitment and that it is acceptable to CalHFA.
- Independent review of the costs by a 3rd Party consultant prior to construction loan closing

10. Staff Conclusion/Recommendation:

The Multifamily Lending Division supports approval of the described financing in the amount(s) requested, subject to the above proposed terms and conditions.

MISSION & AFFORDABILITY

11. CalHFA Mission/Goals

This Project and financing proposal provide 119 units of affordable housing with a range of restricted rents between 50% AMI and 70% of AMI which will support much needed rental housing that will remain affordable for 55 years.

12. | CalHFA Affordability & Occupancy Restrictions

The CalHFA Permanent Financing Regulatory Agreement will restrict a minimum 40% of the total units at or below 60% AMI with 10% of these units at 50% of AMI for 55 year(s).

The CalHFA MIP Subsidy Regulatory Agreement will restrict 10% of total units (12 units) at or below 50% of AMI and 10% of total units (12 units) between 60% and 80% of AMI with a minimum average of 70% AMI. The remaining 95 units will

be restricted at or below 120% of AMI. The affordability restrictions for the Mixed Income Program require at least 10% of the units be restricted to 81% to 120% of AMI, with an average of 100% of AMI, if supported by a market study. However, per an appraisal completed by Cushman and Wakefield and dated 7/14/2020, the Project can only support rents at a maximum of 70% AMI and still comply with the requirement that rents be 10% below market. Therefore, this project will comply with affordability requirement of 60% to 80% of AMI with an average of 70% of AMI.

Rent Limit Summary Table						
Restrictions @ AMI	Total	Studio	1-bdrm	2-bdrm	3-bdrm	% of Total
50%	14	1	5	4	4	11.7%

17.	17. Balloon Exit Analysis Applicable: 🖂 Yes 🗌 No				
The exit analysis assumes 7.25% cap rate and 3% increase of the underwriting interest rate at loan maturity. Based on these assumptions, the Project will have the ability to fully repay the balance of Agency's permanent loan and a substantial amount of the remaining balance of the subsidy loan with an anticipated outstanding amount of \$320,070.					

APPRAISAL AND MARKET ANALYSIS

18. Appraisal Review

- The Appraisal dated July 14, 2020, prepared by Cushman Wakefield, values the land at \$2,850,000.
- The report acknowledges that many of the metrics discussed will be impacted by "near-term uncertainty surrounding COVID-19".
- The capitalization rate of 5.25% was used to determine the appraised value of the subject site.
- The compound annual change (2019-2024) in the general population is anticipated to be .19% within 1 mile of the project site and increases to 0.36% within a 5-mile radius.
- The proposed operating expense is consistent and reasonable based on the appraisal report.
- The as-restricted stabilized value is \$15,200,000, which results in the Agency's loan(s) to value of 82%.
- The North Sacramento submarket has a vacancy rate of 2.0% for class B/C building and 2.3% overall. Overall vacancy is expected to increase to 4.5% in 2024; Reis projects that 1,364 units will be added to the market while 1,092 will be absorbed over the next five years.

Market Study:CBREDated: February 4, 2020

Regional Market Overview

- The Primary Market Area is area covering zip codes 95815 and 95838, also known as North Sacramento (population of 66,904 in 2019) and the Secondary Market Area ("SMA") is the Sacrament Metro Area (population of 2,358,443 in 2019)
- Unemployment in the CA combined MSA (El Dorado, Placer, Sacramento, Yolo, Sutter and Yuba counties) was 3.8% in June 2019, the most recent data point provided in the report. However, the report was prepared before COVID-19 affected market and employment conditions across the state; unemployment is likely much higher at the time of this writing.
- 2019 Median home value in the PMA is \$213,643. The 2019 median home value in the SMA is \$419,857. Median home values in the PMA are about 49% lower than in the SMA.

Local Market Area Analysis

Supply:

- There are currently 14 affordable housing properties in the PMA (10 family + 4 senior) with 96.4% overall occupancy and the majority of the properties maintain waitlists.
- According to TCAC and the Sacramento Planning Department, there are no proposed affordable projects in the development pipeline or under construction.

Demand/Absorption:

- The project will need to capture 9.4% of the total demand for family units in the PMA.
- The expected absorption rate to achieve stabilized occupancy is less than one year. No information was found on the per month lease-up rate to achieve stabilized occupancy.

DEVELOPMENT SUMMARY

19.	Site Description	Requires Flood Insurance: 🔲 Yes 🔀 No					
•	The property is located on the Sacramento County.	south east side of Beaumont Street and Arden Way, in the City of Sacramento,					
•	The majority of the site is currently vacant with several existing structures that will be demolished. The site is level topography at street grade, measuring approximately 2.46 acres and is generally irregular in shape. The site consists of 3 contiguous parcels that was consolidated and recorded on June 11, 2020. The site is zoned Commercial – Transit Overlay Zone (C-2-TO), with permitted multifamily residential use.						
20.	Form of Site Control & Expirat						
Districtions of \$37 transa	CHW Arden Way Development LLC purchased the property in July 2018 for \$822,500 from the Sacramento Regional Transit District (SRTD) when SRTD made the land available to not-for-profit buyers. This initial purchase was an arms-length ransaction. The land was not brought to market and no entitlements were in place at the time of purchase. CHW Arden Way Development LLC, of the site and the Project owner, Arden Way Housing Associates, LP, entered into a Purchase and sale Agreement dated 12/01/2019 which expires on 12/31/2021 for an amount of \$822,477 plus the Seller's carrying costs of \$379,509, resulting in total purchase price of \$1,201,986. This is below the appraised value of \$2,850,000. This is a ransaction between related parties and not an arms-length transaction. The parties plan to close on the property on 10/1/2020.						
21.	Current Ownership Entity of F	Record					
Title is	s currently vested in CHW Arde	n Way Development LLC, a California limited liability company, as the fee owner.					
22.	Environmental Review Findin	gs					
Su so to Sta sit • SC pro • Th	mmary Report dated April 5, 20 il vapor. SCS prepared a soil mathe Sacramento County Environate Water Resource Control Boa e qualified for multi-family redes submitted to CalHFA a letter depared for the site since 2019. e developer submitted an estincommendations in the reports.	essment performed by SCS Engineers, dated June 30, 2020 and a Limited Phase II 218 and revised on June 30, 2020 revealed the presence of residual benzene in the Site anagement plan (SMP) and a Conceptual Approach Memorandum that were submitted mental Management Department (SCEMD). Through a public process, the SCEMD, and (SWRCB) and Regional Water Quality Control Board (RWQCB) confirmed that the evelopment under the conditions presented in the SMP. Of reliance dated 6/30/2020 for the four environmental reports that they have mated remediation budget of approximately \$200,00 based on remediation. There are several existing structures on site that will be demolished and a Nursery in Site boundary was demolished in May and June 2020.					
23.	Seismic Re	equires Earthquake Insurance: 🔲 Yes 🔀 No					
This n	ew Project will be built to State	and City of Sacrament Building Codes so no seismic review is required.					
24.	Relocation	Requires Relocation: Yes Not Applicable					
The P	roject is new construction; ther	efore, relocation is not applicable.

28.	Construction/Rehab Scope	Requires Demolition:	⊠ Yes ☐ No			
 The subject site is new construction. Environmental remediation of contaminants outlined in section 22 above is included in the development budget as part of the Site Work line item. 						
29.	29. Construction Budget Comments:					
CalHFA will require an independent review of the costs by a 3 rd Party consultant prior to construction loan closing.						

ADDITIONAL DEVELOPMENT/ PROJECT TEAM INFORMATION

30. Borrower Affiliated Entities

Interest General Partner: Boxwood Street Housing LLC, a California limited liability company; 0.01% interest

o Sole Member: Community HousingWorks, a California nonprofit public benefit corporation

Interest Limited Partner: Bank of America, N.A. or its affiliates 99.99% interest Special Limited Partner: Banc of America CDC Special Holding company, Inc; 0.00%

31. Developer/Sponsor

Community HousingWorks is a 501(3) non-profit that has been developing multifamily housing across California since 1988. In addition to this project, they currently have one other project (96 units) in predevelopment as well as 6 projects (767 units) under construction, and 33 stabilized projects (2,751 units). Review of their REO schedule indicates that all of their stabilized properties are operating with DSCRs at or above 1.19. 23 out of the 33 properties involve LIHTC financing and CalHFA is the perm lender on 2 projects. CalHFA has not had any issues with the 2 projects in the CalHFA portfolio.

Esperanza Housing and Community Development Corporation is a wholly controlled affiliate 501(c) corporation of Community HousingWorks (parent company) and serves as a limited partner and sole managing member for various real estate entities in Community HousingWorks' portfolio. This structure allows Community HousingWorks to distinguish parent operational activity from portfolio investment and ownership. Esperanza's annual financial statements are consolidated with Community HousingWorks, while its Form 990 income tax return is separately filed.

32. Management Agent

The Project will be managed by ConAm, which has extensive experience in managing similar affordable housing projects in the area and manages several projects in CalHFA's portfolio. ConAm provided a letter certifying that they have reviewed the project's operating budget and can operate the property "within the proforma expectations." The Sacramento Housing and Redevelopment Authority (SHRA) in its locality contribution response stated that ConAm is managing 3 SHRA-funded properties and their work has been satisfactory and they "are not aware of any significant issues". CalHFA has not had any issues other than minor delays in compliance-related requests with the 17 projects in the CalHFA portfolio that are currently managed by ConAM.

33.	Service Provider	Required by TCAC or other funding source? 🔀 Yes 🗌 No				
	and the cost of \$30,000 for these services is currently within the approved line item operating budget. Services will be conducted both on- and off-site.					
	Services will include support from a 0.375 FTE Service Coordinator (15 hours/week) and 84 hours per year of adult education, health and wellness or skill building classes. Types of service include after-school programming, financial well-being classes, and a rental home stability program.					
34.	Contractor	Experienced with CalHFA? 🔀 Yes 🗌 No				
proj	The general contractor is Sun Country Builders, which has extensive experience in constructing similar affordable housing projects in California and is familiar with CalHFA. The investor requires that the general contractor provide a guaranteed maximum price (GMP) contract or stipulated sum with 100% payment and performance bonding.					
35.	Architect	Experienced with CalHFA? 🔀 Yes 🗌 No				
	The architect is Mogavero Architects, which has extensive experience in designing and managing similar affordable housing projects in California through the locality's building permit process and is familiar with CalHFA.					
36.	Local Review via Locali	ty Contribution Letter				
	36. Local Review via Locality Contribution Letter The locality, Sacramento Housing and Redevelopment Authority (SHRA), returned the local contribution letter stating they strongly support the project.

TAX-EXEMPT PERMANENT LOAN PROGRAM

CalHFA's Tax-Exempt Permanent Loan Program ("Perm Loan") provides competitive tax-exempt long-term financing for affordable multifamily rental housing Projects. Eligible projects include newly constructed or acquisition/rehabilitation developments that provide affordable housing opportunities for individuals, families, seniors, veterans, and special needs tenants ("Project").

Qualifications	 Available to for-profit, non-profit, and public agency sponsors. Tax-exempt bond authority must be obtained from the California Debt Limit Allocation Committee (CDLAC) or through a 501(c)(3) exemption. The Tax-Exempt Permanent Loan may be used with or without 4% low income housing tax credits. If a lender other than CalHFA is providing short-term, first-lien debt, CalHFA shall be used as the bond issuer (for more information, review the Conduit Issuer Program Term Sheet). For Section 8 Projects, a final commitment is conditioned upon review and acceptance by CalHFA of the HAP or AHAP contract. The Perm Loan will be credit-enhanced through CalHFA's HUD/FHA Risk Sharing Program. For existing CalHFA portfolio loans, the current owner is required to pay off all outstanding CalHFA debt. Visit www.calhfa.ca.gov for the CalHFA Portfolio Loan Prepayment Policy.
Loan Amount	 Minimum Perm Loan amount of \$5,000,000. Minimum 1.15x for debt service coverage ratio (include any financing with amortizing debt). Lesser of 90% of restricted value or 100% of development costs. For Projects with equity being cashed out, the Perm Loan amount will be restricted to no more than 80% of the restricted value.
Fees (subject to change)	 Application Fee: \$10,000 non-refundable, due at time of application submittal, and is credited toward the CalHFA Loan Fee. Perm Loan Fee: 1.00%, half due at final commitment, with balance due at Perm Loan closing. Cost of Issuance Fee: \$110,000, half due at final commitment, with balance due at Perm Loan Closing. Credit Enhancement Fee: included in the interest rate. Annual Administrative Fee:: \$7,500 annually (not to be duplicated if used in conjunction with CalHFA's Conduit Program). Inspection fees should be estimated at \$500 - \$1,000 per month (reports and fees can be shared with other construction lenders) Legal Fee: \$35,000 due at Perm Loan closing. Administrative Fee: \$1,000 at Perm Loan closing. Letter of Interest Fee: \$5,000 at LOI request, and is credited towards the CalHFA Perm Loan Fee See Conduit Issuer Program Term Sheet for information on conduit issuance fees.

TAX-EXEMPT PERMANENT LOAN PROGRAM

Rate & Terms Interest Rate: (subject to change) 17 Year Balloon: 15 Year "AAA" MMD (Municipal Market Data) plus CalHFA spread 30 Year Balloon and Fully Amortizing Loans: 30 Year "AAA" MMD plus CalHFA spread Estimated CalHFA Spread: 2.00% to 2.50% Rate may be locked up to 30 days prior to the construction loan closing. Rate may be locked for the term of the construction period, not to exceed 3 years. Amortization/Term: Amortization: Up to 35 Year Amortization¹ Term: Fully Amortizing, and 17 or 30 Year Balloons available² Perm Loan Reduction: up to 10% reduction at Perm Loan closing permitted at no cost. A six-month extension is permitted upon payment of a fee equal to 0.50% of the Perm Loan amount. Breakage Fee (if applicable): between construction loan closing and Perm Loan closing and calculated based on hedge termination cost. 1. The Agency may offer up to a 40 year amortization at its discretion. 2. Balloon loans subject to agency approved exit strategy. **Loan Closing** 90% stabilized rental housing occupancy for 90 days as evidenced by rent rolls. Requirements 90% of tax credit investor equity shall have been paid into the Project. Project income is sufficient to pay operating expenses, required debt service, reserves and monitoring fees. For mixed-use Projects, 100% non-residential occupancy as evidenced by executed leases or guarantees. The Perm Loan may be prepaid at par after 15 years of the Perm Loan period. However, the Perm Loan may be **Prepayment** prepaid after 10 years of the Perm Loan period subject to a yield maintenance calculation of: 5% of the principal balance after the end of year 10 4% of the principal balance after the end of year 11 3% of the principal balance after the end of year 12 2% of the principal balance after the end of year 13 1% of the principal balance after the end of year 14 All prepayments require a prior written 120-day notice to CalHFA. **Subordinate** Financing or grants are encouraged from local governments and third parties to achieve project feasibility. All **Financing** financing, leases, development and regulatory agreements must be coterminous (or have a longer term than the combined terms of any CalHFA Acq/Rehab Loan and Perm Loan) and be subordinate to CalHFA financing.

Occupancy Requirements

Must maintain the greater of (A) existing affordability restrictions, or (B) either (i) 20% of the units must be rent restricted and occupied by individuals whose incomes are 50% or less of the area (county) median gross income as determined by HUD ("AMI") with adjustments for household size ("20% @ 50% AMI"), or (ii) 40% or more of the units must be both rent restricted and occupied by individuals whose income is 60% or less of the AMI, with adjustments for household size ("40% @ 60% AMI"): however in the latter case, a minimum of 10% of the units must be at 50% or less of AMI ("10% @ 50% AMI").

CalHFA's regulated units must represent a pro-rata share of the available unit sizes (by bedroom count and square feet), and be disbursed throughout the project.

Due Diligence

The following due diligence is required to be provided at the Owner/Borrower's expense:

- Appraisal (a construction lender's appraisal may be acceptable).
- HUD-2530 previous participation clearance.
- Construction Costs Review for new construction loans (other construction lender's review is acceptable).
- Physical Needs Assessment ("PNA") for rehabilitation projects with a Replacement Reserve Needs Analysis ("RRNA") over time for the first 20-year term (other lender's PNA/RRNA may be acceptable).
- Phase I Environmental Site Assessment including but not limited to impact reviews that meet federal environmental requirements (such as historic preservation and noise remediation).
- Market Study satisfactory to CalHFA.
- NEPA Review.
- Termite/Dry Rot reports by licensed company.
- Seismic review and other studies may be required at CalHFA's discretion.

Required Impounds and Reserves

- Replacement Reserve: Initial cash deposit required for existing Projects, with annual deposits between
- \$250 and \$500 per unit/per year depending on the Project type and PNA/RRNA findings.
- Operating Expense Reserve: 3-6 months of operating expenses, reserves, debt service, and monitoring fees due at Perm Loan closing (letter of credit or cash) and held for the life of the CalHFA Perm Loan.
- Impounds held by CalHFA: One year's prepaid earthquake, hazard and liability insurance premiums, and property tax assessments are collected at loan closing. An earthquake insurance waiver is available for Projects which have met CalHFA earthquake waiver standards during rehabilitation or construction.
- Transition Operating Reserve (TOR): required for Projects with rental subsidy contracts with contract terms that are less than 20 years.
- Other reserves as required (at CalHFA's discretion).

Last revised: 4/2019

The information provided in this program description is for guidance only. While we have taken care to provide accurate information, we cannot cover every circumstance nor program nuance. This program description is subject to change from time to time without prior notice. The California Housing Finance Agency does not discriminate on any prohibited basis in employment or in the admission and access to its programs or activities. Not printed at taxpayer expense.

MIXED-INCOME LOAN PROGRAM

The CalHFA Mixed-Income Program ("MIP") provides competitive long-term subordinate financing for new construction multifamily housing projects restricting units (tax credit or CalHFA) between 30% and 120% of county Area Median Income ("AMI").

The MIP must be paired with CalHFA's Conduit Bond Issuance Program and a CalHFA Mixed-Income Qualified Construction Lender (defined below). Additionally, the program must be paired with CalHFA's Permanent Loan product or a sponsor must work with a CalHFA Mixed-Income Qualified Permanent Lender (defined below). The Mixed-Income resources will take the form of a subordinate loan to incentivize newly developed multifamily housing projects that serve a range of very low to moderate income renters. Eligible projects must create newly constructed regulated units that meet the income and occupancy requirements reflected below.

Qualifications

APPLICATION:

Sponsors/developers must submit a complete application package which includes all items listed on the application, the application addendum and the checklist. Incomplete application packages will not be considered. The application and checklist can be found at

<u>www.calhfa.ca.gov/multifamily/mixedincome/forms/index.htm</u>. If the sponsor/developer is not able to meet the readiness timeline referenced below, MIP funds may be rescinded and reallocated.

AVAILABILITY:

Available to for-profit, non-profit, and public agency sponsors. Development teams must meet CalHFA experience requirements, as defined in the CalHFA Development Team Qualifications section below.

USES:

MIP Subsidy loans must be used in conjunction with CalHFA's Conduit Bond Issuance Program and a construction loan from a CalHFA Mixed-Income Qualified Construction Lender. MIP Subsidy loans must also be used in conjunction with CalHFA's permanent first-lien mortgage financing or financing from a CalHFA Mixed-Income Qualified Permanent Lender. CalHFA Mixed-Income Qualified Construction and Qualified Permanent Lenders are defined in the CalHFA Lender Qualifications section below.

FINANCING STRUCTURE:

Projects accessing the MIP Subsidy Loan funds must be structured as one of the following:

- Tax-exempt Bond and 4% tax credit project where at least 51% of the units in each project must be tax credit financed, OR
- Qualified mixed-income project under the California Debt Limit Allocation Committee's (CDLAC) regulations (50% or fewer units designated as tax credit or tax-exempt bond restricted) utilizing an allocation of private activity bonds to finance the project, OR
- 3. Qualified mixed-income project through income averaging.

Qualifications (continued)

READINESS:

Projects must have site control and be prepared to submit for a bond and tax credit allocation and will only receive funds if bonds are issued within the issuance timeframes specified in CDLAC Regulations Section 5100.

- Site: The site must be ready for construction (all potential environmental issues have been identified, mitigation plan is in place, and costs associated with the mitigation plan have been incorporated in the development budget). Environmental issues may include but not be limited to receipt of clearances for CEQA, NEPA, and applicable tribal land environmental reviews.
- 2. **Construction Start:** All projects must commit to begin construction 180 days from the earlier of the date of the tax-exempt bond allocation or 4% federal/state tax credit reservation. Within the 180-day period the following items must be submitted to CalHFA in their final form:
 - a. A complete updated application (inclusive of all CalHFA Addendum Items) form along with a detailed explanation of any changes from the initial application,
 - b. An executed construction contract.
 - c. Recorded deeds of trust for all construction financing (unless a project's location on tribal trust land precludes this),
 - d. Binding commitments for any other financing required to complete project construction,
 - e. Copy of a limited partnership agreement executed by the general partner/sponsor and the investor limited partner/equity provider,
 - f. Payment of all construction lender fees,
 - g. Copies of buildings permits (a grading permit does not suffice to meet this requirement except that in the event that the city or county as a rule does not issue building permits prior to the completion of grading, a grading permit shall suffice; if the project is a design build project in which the city or county does not issue building permits until designs are fully complete, the city or county shall have approved construction to begin) or the applicable tribal documents,
 - h. Copy of the notice to proceed delivered to the contractor,
 - i. If no construction lender is involved, evidence must be submitted within 180 days, as applicable, that the equity partner has been admitted to the ownership entity, and that an initial disbursement of funds has occurred.
 - j. Other documentation and information necessary to close construction financing required by CalHFA.

MIP ALLOCATION LIMITS:

- 1. 10% Project Cap: No project may receive more than 10% of the total MIP allocation for the respective year.
- 2. **33% Sponsor Cap:** No sponsor (any individual, entity, affiliate and related entity) may receive more than 33% of MIP funds for the respective year.
- 3. 33% County Cap: No one county may receive more than 33% of MIP funds for the respective year.
- 4. **25% Age-Restricted Cap:** No more than 25% of MIP funds for the respective year may be received by age-restricted projects.

EVIDENCE OF COST CONTAINMENT:

A Cost Containment Analysis will be completed by CalHFA at the time of the Construction Loan Closing.

The developer/sponsor must certify that cost containment measures have been implemented to minimize construction costs. These measures may include but are not limited to 1) competitively bidding out all major subcontractor and self-performing trades 2) obtain 3 bids for all major trades and 3) engage value engineer/consultant during the design process.

Qualifications (continued)

EVIDENCE OF SUBSIDY FEEICIENCY:

A Subsidy Efficiency Analysis will be completed as part of the Application review. The analysis will be completed again prior to closing the MIP Subordinate Loan and the MIP Loan amount may be adjusted based on the final analysis. Parameters of the analysis may include but are not limited to the following:

- A maximum of 1.20 Debt Service Coverage Ratio ("DSCR"). CalHFA may allow an initial DSCR higher than 1.20 on a case by case basis, if deemed necessary;
- A project cash flow that supports the residential component of the project based on the required CalHFA permanent first lien annual debt service coverage ratio;
- A separate project cash flow that supports any commercial component of the project;
- A cashflow after debt service that is limited to the higher of 25% of the anticipated annual must pay debt service payment or 8% of gross income, during each of the first 3 years of project operation;
- Inflation factors and vacancy rates consistent with the Agency's Underwriting Standards and Reference Manual ("USRM");
- Developer Fee requirements will match those required under the 4% federal and/or state tax credit reservation.
- Capitalized reserves shall be subject to approval by Agency for reasonableness consistent with the USRM and the Investor Limited Partnership Agreement (ILPA);
- Review of Excess Sources over final Uses as approved by CalHFA resulting from any of the following:
 - · An increase in tax credit equity;
 - · An increase in permanent loan debt due to a combination of permanent loan rate reduction and/or reduction to operating expense assumptions;
- Construction Cost Savings as evidenced by final cost certification, funds shall be used to reduce the MIP loan prior to CalHFA MIP loan closing or if required by other subordinate lenders, funds may be split on a pro rata basis between CalHFA and other subordinate lenders.

CalHFA Mixed-Income Qualified Lender Qualifications

A CalHFA Qualified Construction Lender is defined as a Construction Lender that has closed at least 5 construction loans using tax-exempt bonds and 4% federal and/or state tax credits in California within the last 3 years and satisfies the requirement set forth within the application.

A CalHFA Qualified Permanent Lender is defined as a Permanent Lender that has closed at least 5 Permanent loans using tax-exempt bonds and 4% federal and/or state tax credits in California within the last 3 years and satisfies the requirement set forth within the application.

CalHFA Mixed-Income Development Team Qualifications

The **Developer/Co-Developer** must be registered to do business and in good standing in the state of California. A CalHFA Qualified Developer/Co-Developer must have developed at least three (3) comparable projects within the past five (5) years.

The proposed **Project Manager** must have personally managed the development of at least two (2) comparable projects within the past 5 years.

Financial Consultants hired to assist the Developer in meeting the minimum experience requirements must be able to provide details regarding at least three (3) comparably financed projects over the last five (5) years.

CalHFA Mixed-Income Development Team Qualifications (Continued)

Architects new to CalHFA must provide information for three (3) comparable projects they designed that were built and occupied within the past five (5) years.

General Contractor (GC) must be licensed by the State of California. GCs new to CalHFA must provide information related to three (3) comparable (in design) projects built in the past five (5) years. Similar information will be required for the proposed on-site construction supervisor. The on-site construction supervisor must have overseen three (3) comparable projects built in the past five (5) years, and they must have overseen the projects from construction start to final completion.

Management Company must have a local presence or a field office in Northern or Southern CA (depending on the location of the Project) and have experience managing at least ten (10) low to moderate income rent restricted Comparable (size and tenant types) Projects. Also required is a resume for the proposed on-site Property Manager, reflecting prior experience during the past five (5) years managing onsite project operations and compliance with rent restricted units.

Permanent First Lien Loan

Provided by CalHFA or a CalHFA Mixed-Income Qualified Permanent Lender. The permanent loan must meet an initial DSCR of at least 1.15 and must maintain a DSCR of 1.0 or higher for the term of the permanent first lien loan. CalHFA may require an initial DSCR higher than 1.15 on a case by case basis, if deemed necessary.

Construction First Lien Loan

Provided by a CalHFA Mixed-Income Qualified Construction Lender.

Limitations

- 1. MIP cannot be combined with the Tax Credit Allocation Committee's (TCAC) 9% program.
- 2. MIP cannot be combined with other state subordinate debt and/or subsidy programs (this does not include state tax credits). Inclusion of other subordinate debt and subsidy will be allowed at CalHFA's discretion.
- 3. Projects that have a below market rate component as a result of an inclusionary obligation or are 100% below market as a result of an inclusionary obligation must demonstrate master developer commitment through a dollar-for-dollar match of CalHFA's resources. Match can be obtained through a monetary match or equivalent in-kind contributions (e.g., land donation, land use fee concessions.)
- 4. At the time of MIP application to CalHFA, a project must not have already received an allocation of 4% federal and/or state tax credits from TCAC or a tax-exempt bond allocation from CDLAC.
- 5. Projects will not be eligible for other subsidy resources from CalHFA in addition to MIP.

Mixed-Income Project Occupancy Requirements

FEDERAL BOND REGULATORY AGREEMENT REQUIREMENTS (ALL PROJECTS):

Must maintain either (a) 20% of the units must be rent restricted and occupied by individuals whose incomes are 50% or less of AMI with adjustments for household size ("20% @ 50% AMI"), OR (b) 40% or more of the units must be both rent restricted and occupied by individuals whose incomes are 60% or less of AMI with adjustments for household size ("40% @ 60% AMI"): in the latter case, a minimum of 10% of the unit types must be at 50% or less of AMI ("10% @ 50% AMI").

MIXED INCOME REGULATORY AGREEMENT REQUIREMENTS (ALL PROJECTS):

Affordability Requirements:

- 1. To qualify, a project must have at least 10% of the total units restricted as follows*:
 - a. 81% to 120% of AMI with an average of 100% of AMI or greater OR if the market study does not support restrictions at these levels,

Mixed-Income Project Occupancy Requirements (Continued)

 60% to 80% of AMI with an average of 70% of AMI or greater, subject to the Maximum Allowable Rents outlined below.

*(Deviations from the average unit affordability levels of 70% AMI or 100% AMI outlined above will only be considered if market study supports such deviations.)

2. AND either

- a. Tax credit transactions that are income-averaged must not exceed an average affordability of 60% AMI across all restricted units. **OR**
- b. Mixed income per CDLAC definitions, a Qualified Residential Rental Project having 50% or fewer of its total units designated as Restricted Rental Units (as restricted by a Bond or TCAC Regulatory Agreement at 60% AMI or lower-CDLAC Regulations Article 1, Section 5000).

Note: These restrictions will remain in effect for 55 years. MIP regulatory agreement will restrict 10% of the total units at or below 80% of AMI, another 10% of the total units at or below 50% of AMI (or 80% AMI if there is an exception pursuant to Health and Safety Code Section 51335), and in addition to these restrictions, a minimum of 10% of the total units between 81% up to 120% of AMI OR (subject to the requirements identified above) 10%-29% of the total units between 60% up to 80% AMI, and the remaining units restricted at or below 120% of AMI, except for the designated manager's unit(s).

MAXIMUM ALLOWABLE RENTS:

Rents for units restricted at 80% AMI and below must be at least 10% below market rents as evidenced by a current Market Study.

Rents for units restricted between 81%-120% AMI must be at least 10% below market as evidenced by a current Market Study.

Mixed-Income Subordinate Loan

- 1. Maximum loan amount for each project shall not exceed 10% of total MIP allocation for the respective year.
 - a. Maximum loan per restricted (tax credit or CalHFA) units between 50%-80% AMI shall be \$50,000.
 - b. Maximum loan per MIP restricted units between 81%-120% AMI shall be \$100,000.
 - c. Projects located within the Highest or High Resource areas designated on the TCAC/HCD Opportunity Area Map shall be eligible for an additional 5% of the project eligible basis per 4% federal and state tax credit program. Opportunity Map Home Page
- 2. Loan size based on project need but cannot be more than 50% of the permanent loan amount.

Mixed-Income Subordinate Loan Rates & Terms

- 1. Interest Rate: 2.75% simple interest.
- 2. Loan Term: The MIP loan term shall be coterminous with the permanent first lien loan.
- 3. Loan Payment: Residual receipt repayment based on cash flow analysis and split 50% to Owner and 50% to CalHFA and other residual receipt lenders. Residual receipt is defined as 50% of surplus cash which is determined as net operating income minus total debt service and other Agency approved payments. Payments shall be applied to the current and/or accrued interest and then principal of the MIP loan.
- 4. Affordability Term: Up to 55 years.
- 5. Assignability: Consent will be considered.
- 6. Prepayment: May be prepaid at any time without penalty.

MIXED-INCOME LOAN PROGRAM

Mixed-Income 7. Subordination: A subordination and/or extension of MIP maturity request in conjunction with a re-Subordinate syndication, refinance, or ownership transfer ("capitalization event(s)") will be considered. If MIP loan is Loan Rates & outstanding at time of the capitalization event(s), the original MIP annual fee schedule will remain in place **Terms** until the earlier of MIP regulatory restriction expiration, including any extensions, or repayment of the MIP (Continued) loan. If the outstanding MIP loan is subordinated at the time of such event, the surplus cash split between borrower and CalHFA and other residual receipt lenders may be altered to reflect an increased percentage of residual receipts to CalHFA out of Borrower's share until such time as the MIP loan is paid in full. The remaining residual receipts may be split between other residual receipt lenders. Funded: Only at permanent loan conversion. CalHFA Conduit For more information on CalHFA's Conduit Issuer Program and the fees associated with it, visit CalHFA's website: **Bond Program** www.calhfa.ca.gov/multifamily/programs/forms/termsheet-conduit.pdf **CalHFA First Lien** For more information on CalHFA's Permanent Loan Program and the fees associated with it, visit CalHFA's **Permanent Rates** website: www.calhfa.ca.gov/multifamily/programs/forms/termsheet-perm-tax-exempt.pdf & Terms (subject to change) **Fees** Program Application Fee: \$10,000 non-refundable, due at time of CalHFA MIP application submittal. The (subject to change) application fee shall be credited towards Loan Fee at time of MIP permanent loan closing. Loan Fee: 1.00% of the loan amount (50% due at final commitment and 50% due at CalHFA MIP loan closing). Legal Fee: \$15,000, due at loan closing (applicable if CalHFA is not providing permanent financing). Ongoing Annual MIP Fee Payable in the event that CalHFA is not the Permanent Lender: 0.35% of the Permanent Loan Amount commencing at CalHFA MIP loan closing, calculated based on the principal balance of an amortization schedule with the following assumptions: i) 55 year amortization; ii) start date, interest rate and the loan amount consistent with permanent first lien loan (this fee is applicable if CalHFA is not providing permanent financing and will remain in place until the repayment of the MIP loan). 5. Annual Administrative Fee: \$7,500 per year (subject to change). Conduit Bond Program Fees: Refer to CalHFA Conduit Bond Program www.calhfa.ca.gov/multifamily/programs/forms/termsheet-conduit.pdf CDLAC Fees: Refer to CDLAC regulations for all applicable fees. If CalHFA is selected as the permanent lender, please refer to CalHFA First Lien Permanent Rates & Terms for first mortgage loan fees, credit enhancements, trustee fees, legal fees, inspection fees, administrative fees. www.calhfa.ca.gov/multifamily/programs/forms/termsheet-perm-tax-exempt.pdf

Cal HFA California Housing Finance Agency

CONDUIT ISSUER PROGRAM

MULTIFAMILY HOUSING BONDS

The CalHFA Conduit Issuer Program is designed to facilitate access to tax-exempt and taxable bonds ("Bond") by developers that seek financing for eligible projects that provide affordable multifamily rental housing for individuals, families, seniors, veterans or special needs tenants ("Project"). The conduit Bonds may be used to finance the acquisition, rehabilitation, and/or development of an existing Project, or they can be used for the construction of a new Project.

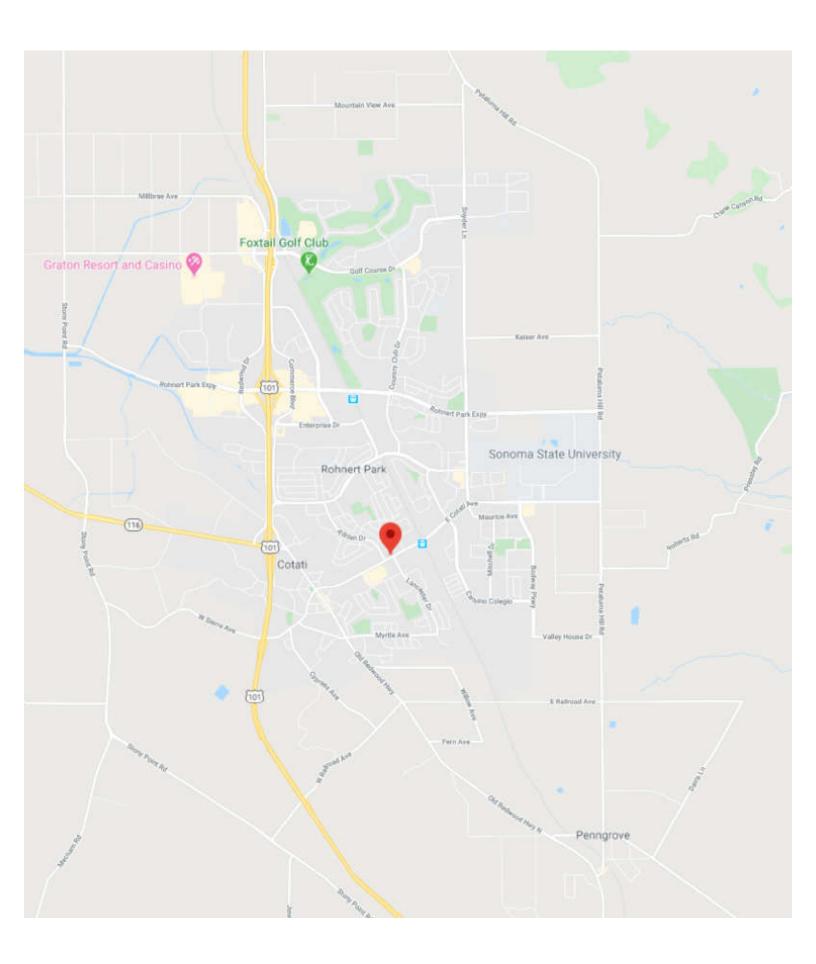

Qualifications	 Available to for-profit, non-profit or public agency sponsors. Non-profit borrowers may be eligible for 501(c)(3) bonds. If bond proceeds are utilized to pay off an existing CalHFA portfolio loan visit www.calhfa.ca.gov for the CalHFA Portfolio Loan Prepayment Policy.
Bond Amount	Bond amount is determined by the loan amount of the selected construction lender.
Fees (subject to change)	 Application Fee: \$5,000 non-refundable, due at time of application submittal (covers the cost of the TEFRA) and is credited towards the CalHFA Issuer Fee. Issuer Fee: The greater of \$15,000 or 0.20% of the Bond amount if less than \$20 million dollars If more than \$20 million dollars: \$40,000 + 0.10% of the amount above \$20 million dollars Annual Administrative Fee: \$7,500 (scattered site projects may require increased fees) due and payable in advance in annual installments commencing on Bond issuance through the term of the regulatory period. Public Sale: additional fee of \$5,000 to \$10,000 applies when Bonds are sold to the public. CDLAC Allocation Fee: 0.035% of the Bond amount, \$1,200 of which is due at time of CDLAC application submittal with the remaining fee due at construction loan closing, and is payable to CDLAC. CDLAC Performance Deposit: 0.50% of the requested Bond amount, not to exceed \$100,000, due at time of CDLAC application submittal. Deposit to be refunded after the Bond closing, upon receipt of authorization letter from CDLAC. The Borrower shall be responsible for all other costs of Bond issuance including fees of the underwriter, trustee, rating agencies, lender, compliance administrator, all Bond counsel legal fees, and any other parties required to complete the transaction.

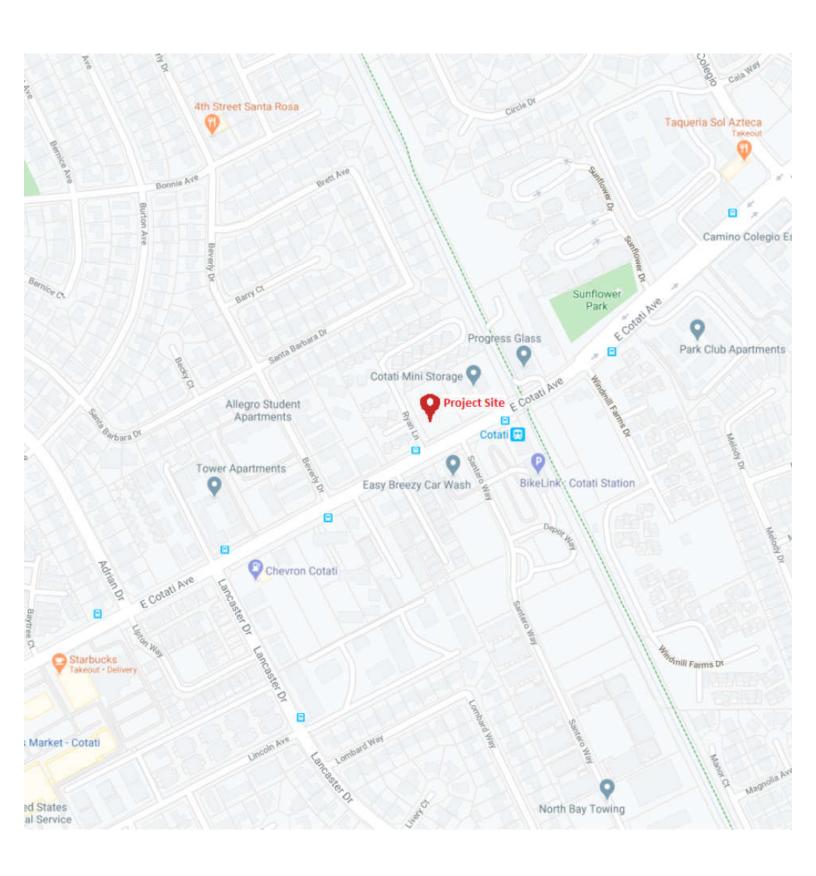

Occupancy Requirements

- Either (A) 20% of the units must be rent restricted and occupied by individuals whose incomes are 50% or less of the area median income as determined by HUD ("AMI") with adjustments for household size ("20% @ 50% AMI"), or (B) 40% or more of the units must be both rent restricted and occupied by individuals whose income is 60% or less of the AMI, with adjustments for household size ("40% @ 60% AMI"); however in the latter case, a minimum of 10% of the units must be at 50% or less of AMI.
- Borrower will be required to enter into a Regulatory Agreement which will be recorded against the Project
 for the Qualified Project Period (as defined in the CalHFA Regulatory Agreement). This includes the latter
 of the federally-required qualified project period, repayment of the Bond funded loan, redemption of the
 Bonds or the full term of the CDLAC Resolution requirements.

Tax Credit Type(s), Amount(s), Pricing(s), and per total units:

- 4% Federal Tax Credits: \$12,704,013 assuming estimated pricing of \$1.00 (\$235,260 per total units).
- 4% State Tax Credits: \$3,053,413 assuming estimated pricing of \$0.80 (\$56,545 per total units).

Rental Subsidies: The Project will not be subsidized by project-based vouchers.

Other State Subsidies: The Project will not be funded by other state funds.

Other Locality Subsidies: The Project will not be funded by locality funds.

Cost Containment Strategy: The Developer will competitively bid all trades, obtaining a minimum of 3 bids, and implement design standards that facilitate efficiency in cost and construction scheduling. Prior to construction loan closing, CalHFA will require the Developer to certify that cost containment measures have been implemented.

High Cost Explanation: The total development cost, at \$671,704per unit, is high. The reasons for this are as follows: 1) the project is located in a High Cost Area, as defined by HUD, 2) this is a small project and the cost per unit is higher than larger projects, 3) site work totals \$1,546,520 due to site conditions and 4) the permit and impact fees are over \$2,000,000. Site work and impact fees alone total 12% of the total development costs.

4. Equity – Cash Out (estimate): Not Applicable

TRANSACTION OVERVIEW

6. Proposal and Project Strengths

- The Project received a reservation of 4% federal and state tax credits on April 14, 2020 which are collectively expected to generate \$15,732,889 in equity representing 44% of total financing sources.
- The developer/sponsor and property management company, Cambridge Real Estate Services, have extensive experience in developing similar affordable housing projects and/or have experience with CalHFA.
- The Project will serve low-income families ranging between 50% to 70% of AMI.
- The Loan-to-Value will be 77%, which meets the Agency's minimum requirements, providing less risk to the Agency.
- The projected portion of the developer's fee that will be collected at or prior to permanent loan conversion is \$2,805,585, which could be available to cover cost overruns and/or unforeseen issues during construction.

7. Project Weaknesses with Mitigants:

- The exit analysis assumes 6.85% cap rate and 3% increase of the underwriting interest rate at loan maturity. Based on these assumptions, the Project will have the ability to fully repay the balance of Agency's permanent loan but may only have the ability to repay a portion of the Agency's subsidy MIP loan in the estimated amount of \$856,577, leaving an outstanding balance of \$6,884,473. This is as expected by CalHFA given the requirement that the MIP loan be coterminus with the permanent first mortgage. The primary source of repayment for both the first mortgage and the MIP subsidy loan is refinance of the project first mortgage. To the extent such a refinance is insufficient to fully repay the MIP loan, it is contemplated that any remaining balance will be paid from a general partner contribution as part of the final close out of partnership obligations to allow re-syndication.
- Project is located in a 1% annual-chance floodplain that will require the developer to elevate the residential site 1 foot above flood level (12 feet total). Once grading and elevation measures are complete, developer will submit map for revision to have site plain removed from flood plain. Developer is looking to do this prior to construction loan closing (10/1/2020). A condition of approval requiring the Letter of Map Revision prior to permanent loan closing has been included.

8. Underwriting Standards or Term Sheet Variations

- The MIP loan per unit is \$119,811 which exceeds the term sheet maximum of \$50,000 for a project with affordability levels between 60% and 80% AMI. This is an exception to Policy and is recommended by Multi-Family Underwriting and Credit Staff subject to CalHFA being the permanent lender and based on the following: approval facilitates the progression of a shovel ready project without delay; the project was ready to submit for a CDLAC Bond Allocation application in January; the higher amount of MIP/unit allows the Developer to reduce their state tax credit request from \$7,500,000 (\$138,889/unit) to \$3,023,698 (\$55,994/unit) resulting in a much more efficient use of the limited resources of State Tax Credits.
- The developer is deferring 27% of the developer fee, which impacts repayment of the MIP loan. The investor's letter of interest requires repayment of the developer fee within 13 years after construction loan closing. Therefore, the proposed repayment restructure is as follows: 75% of net cash flow paid towards deferred developer fee until 15 years, or until the fee is paid in full (subject to investor's approval) whichever is earlier, and 25% to the MIP loan. After the earlier of year 15 or when the deferred developer fee is paid in full, 50% of net cash flow is paid to the developer and 50% is paid to the MIP loan.

Project Specific Conditions of Approval

Approval is conditioned upon:

- Receipt of LOI from construction lender for amount that is consistent with developer proforma.
- Lender(s), equity investor, and borrower shall permit CalHFA to recycle all or a portion of Project's tax-exempt bonds, as applicable.
- The Project must meet the readiness requirements within 180 days from TCAC/CDLAC allocation.
- CalHFA will require the developer to provide a cost containment certification that is acceptable to the Agency.
- Subject to receipt of a certification acceptable to CalHFA from the engineer on record that project was built to current seismic code prior to permanent loan closing.
- CalHFA requires that MIP affordability covenants be recorded in first position.
- The CalHFA subsidy will be, in the Agency's sole discretion, the lesser of 1) the principal amount as state on hereto or 2) an amount as determined by the Agency in the event the financial assumptions change prior to construction loan closing and/or permanent loan closing. For instance, if the permanent loan interest rate decreased, then the subsidy may be reduced due to additional debt generated by the lower interest rate. The debt service coverage ratio ("DSCR") shall be a maximum of 1.20. An increase of the subsidy loan will not be allowed and will be subject to Agency's approval.
- Closing on construction financing will be subject to final LPA being substantially consistent to the assumptions made at time of final commitment and that it is acceptable to CalHFA.
- Development costs for the commercial space are to be paid by non-bond funds. A master lease for this space will be required prior to permanent loan closing.
- Prior to permanent loan closing, a Letter of Map Revision removing the buildings out of the current flood zone is required.
- The final non-deferred developer's fee will be subject to CalHFA and TCAC approval prior to permanent loan conversion.

10. Staff Conclusion/Recommendation:

The Multifamily Lending Division supports approval of the described financing in the amount(s) requested, subject to the above proposed terms and conditions.

MISSION & AFFORDABILITY

11. CalHFA Mission/Goals

This Project and financing proposal provide 53 units of affordable housing with a range of restricted rents between 50% AMI and 70% of AMI which will support much needed rental housing that will remain affordable for 55 years.

12. CalHFA Affordability & Occupancy Restrictions

The CalHFA Permanent Financing Regulatory Agreement will restrict a minimum of 40% of the total units at or below 60% AMI with 10% of these units at 50% of AMI for 55 year(s).

The CalHFA MIP Subsidy Regulatory Agreement will restrict 10% of total units (6 units) at or below 50% of AMI and 10% of total units (6 units) between 60% and 80% of AMI with a minimum average of 70% AMI. The remaining 41 of restricted units will be restricted at or below 120% of AMI. The affordability restrictions for the Mixed Income Program require at least 10% of the units be restricted to 81% to 120% of AMI, with an average of 100% of AMI, if supported by a market study. However, per an appraisal dated 8/3/20 the Project can only support rents at a maximum of 70% AMI and still comply with the requirement that rents be 10% below market. Therefore, this project will comply with affordability requirement of 60% to 80% of AMI with an average of 70% of AMI.

TCAC Regulatory Agreement will restrict a total of 53 units between 50% and 70% AMI for a 55-years term.

Rent Limit Summary Table								
			2-	3-	4-

18. Appraisal Review

- The Appraisal dated August 3, 2020, prepared by CBRE, Inc., values the land at \$2,000,000.
- The capitalization rate of 4.85% and projected NOI of \$819,039 was used to determine the appraised value of the subject site.
- The capture rate of 1% (53 units / 4,400 qualifying households) provides evidence that there is sufficient demand to mitigate any risk related to leasing up.
- The proposed operating expense is consistent with and is reasonable based on the appraisal report.
- The as-restricted stabilized value is \$16,900,000, which results in the Agency's loan(s) to value of 77%.

Market Study: Colliers International Dated: January 13, 2020

Regional Market Overview

partnership obligations to allow re-syndication.

- The subject is located in the San Francisco-Oakland-Hayward, CA Metropolitan Statistical Area (population of 4,679,805).
- The general population in the Area is anticipated to increase by 0.8% per year through 2024.
- Unemployment in the Area is 4.3%, which evidences a strong employment area.
- Median home value in the PMA is \$327,752. The median home value in the SMA is \$405,615. Median home values in the PMA are about 20% lower than in the SMA.

Local Market Area Analysis

- Supply:
 - There are currently 10,075 multifamily rental units in Northeast Contra Costa Country, and during the past 5 years that number has decreased by 200 units with no additions. There are currently no units under construction.
 - There is a strong rental demand the 3 comparable LIHTC properties within the PMA have vacancies of less than 1%.

Demand/Absorption:

- The affordable units are anticipated to lease up at a rate of 14 units per month and reach stabilized occupancy within 4 months of opening.
- The project will need to capture 1% of the total qualifying households within a 3-mile radius.
- Due to the strong demand for affordable housing in the area, units are expected to pre-lease during construction.

TAX-EXEMPT PERMANENT LOAN PROGRAM

CalHFA's Tax-Exempt Permanent Loan Program ("Perm Loan") provides competitive tax-exempt long-term financing for affordable multifamily rental housing Projects. Eligible projects include newly constructed or acquisition/rehabilitation developments that provide affordable housing opportunities for individuals, families, seniors, veterans, and special needs tenants ("Project").

Qualifications	 Available to for-profit, non-profit, and public agency sponsors. Tax-exempt bond authority must be obtained from the California Debt Limit Allocation Committee (CDLAC) or through a 501(c)(3) exemption. The Tax-Exempt Permanent Loan may be used with or without 4% low income housing tax credits. If a lender other than CalHFA is providing short-term, first-lien debt, CalHFA shall be used as the bond issuer (for more information, review the Conduit Issuer Program Term Sheet). For Section 8 Projects, a final commitment is conditioned upon review and acceptance by CalHFA of the HAP or AHAP contract. The Perm Loan will be credit-enhanced through CalHFA's HUD/FHA Risk Sharing Program. For existing CalHFA portfolio loans, the current owner is required to pay off all outstanding CalHFA debt. Visit www.calhfa.ca.gov for the CalHFA Portfolio Loan Prepayment Policy.
Loan Amount	 Minimum Perm Loan amount of \$5,000,000. Minimum 1.15x for debt service coverage ratio (include any financing with amortizing debt). Lesser of 90% of restricted value or 100% of development costs. For Projects with equity being cashed out, the Perm Loan amount will be restricted to no more than 80% of the restricted value.
Fees (subject to change)	 Application Fee: \$10,000 non-refundable, due at time of application submittal, and is credited toward the CalHFA Loan Fee. Perm Loan Fee: 1.00%, half due at final commitment, with balance due at Perm Loan closing. Cost of Issuance Fee: \$110,000, half due at final commitment, with balance due at Perm Loan Closing. Credit Enhancement Fee: included in the interest rate. Annual Administrative Fee:: \$7,500 annually (not to be duplicated if used in conjunction with CalHFA's Conduit Program). Inspection fees should be estimated at \$500 - \$1,000 per month (reports and fees can be shared with other construction lenders) Legal Fee: \$35,000 due at Perm Loan closing. Administrative Fee: \$1,000 at Perm Loan closing. Letter of Interest Fee: \$5,000 at LOI request, and is credited towards the CalHFA Perm Loan Fee See Conduit Issuer Program Term Sheet for information on conduit issuance fees.

TAX-EXEMPT PERMANENT LOAN PROGRAM

Rate & Terms Interest Rate: (subject to change) 17 Year Balloon: 15 Year "AAA" MMD (Municipal Market Data) plus CalHFA spread 30 Year Balloon and Fully Amortizing Loans: 30 Year "AAA" MMD plus CalHFA spread Estimated CalHFA Spread: 2.00% to 2.50% Rate may be locked up to 30 days prior to the construction loan closing. Rate may be locked for the term of the construction period, not to exceed 3 years. Amortization/Term: Amortization: Up to 35 Year Amortization¹ Term: Fully Amortizing, and 17 or 30 Year Balloons available² Perm Loan Reduction: up to 10% reduction at Perm Loan closing permitted at no cost. A six-month extension is permitted upon payment of a fee equal to 0.50% of the Perm Loan amount. Breakage Fee (if applicable): between construction loan closing and Perm Loan closing and calculated based on hedge termination cost. 1. The Agency may offer up to a 40 year amortization at its discretion. 2. Balloon loans subject to agency approved exit strategy. **Loan Closing** 90% stabilized rental housing occupancy for 90 days as evidenced by rent rolls. Requirements 90% of tax credit investor equity shall have been paid into the Project. Project income is sufficient to pay operating expenses, required debt service, reserves and monitoring fees. For mixed-use Projects, 100% non-residential occupancy as evidenced by executed leases or guarantees. The Perm Loan may be prepaid at par after 15 years of the Perm Loan period. However, the Perm Loan may be **Prepayment** prepaid after 10 years of the Perm Loan period subject to a yield maintenance calculation of: 5% of the principal balance after the end of year 10 4% of the principal balance after the end of year 11 3% of the principal balance after the end of year 12 2% of the principal balance after the end of year 13 1% of the principal balance after the end of year 14 All prepayments require a prior written 120-day notice to CalHFA. **Subordinate** Financing or grants are encouraged from local governments and third parties to achieve project feasibility. All **Financing** financing, leases, development and regulatory agreements must be coterminous (or have a longer term than the combined terms of any CalHFA Acq/Rehab Loan and Perm Loan) and be subordinate to CalHFA financing.

Occupancy Requirements

Must maintain the greater of (A) existing affordability restrictions, or (B) either (i) 20% of the units must be rent restricted and occupied by individuals whose incomes are 50% or less of the area (county) median gross income as determined by HUD ("AMI") with adjustments for household size ("20% @ 50% AMI"), or (ii) 40% or more of the units must be both rent restricted and occupied by individuals whose income is 60% or less of the AMI, with adjustments for household size ("40% @ 60% AMI"): however in the latter case, a minimum of 10% of the units must be at 50% or less of AMI ("10% @ 50% AMI").

CalHFA's regulated units must represent a pro-rata share of the available unit sizes (by bedroom count and square feet), and be disbursed throughout the project.

Due Diligence

The following due diligence is required to be provided at the Owner/Borrower's expense:

- Appraisal (a construction lender's appraisal may be acceptable).
- HUD-2530 previous participation clearance.
- Construction Costs Review for new construction loans (other construction lender's review is acceptable).
- Physical Needs Assessment ("PNA") for rehabilitation projects with a Replacement Reserve Needs Analysis ("RRNA") over time for the first 20-year term (other lender's PNA/RRNA may be acceptable).
- Phase I Environmental Site Assessment including but not limited to impact reviews that meet federal environmental requirements (such as historic preservation and noise remediation).
- Market Study satisfactory to CalHFA.
- NEPA Review.
- Termite/Dry Rot reports by licensed company.
- Seismic review and other studies may be required at CalHFA's discretion.

Required Impounds and Reserves

- Replacement Reserve: Initial cash deposit required for existing Projects, with annual deposits between
- \$250 and \$500 per unit/per year depending on the Project type and PNA/RRNA findings.
- Operating Expense Reserve: 3-6 months of operating expenses, reserves, debt service, and monitoring fees due at Perm Loan closing (letter of credit or cash) and held for the life of the CalHFA Perm Loan.
- Impounds held by CalHFA: One year's prepaid earthquake, hazard and liability insurance premiums, and property tax assessments are collected at loan closing. An earthquake insurance waiver is available for Projects which have met CalHFA earthquake waiver standards during rehabilitation or construction.
- Transition Operating Reserve (TOR): required for Projects with rental subsidy contracts with contract terms that are less than 20 years.
- Other reserves as required (at CalHFA's discretion).

Last revised: 4/2019

The information provided in this program description is for guidance only. While we have taken care to provide accurate information, we cannot cover every circumstance nor program nuance. This program description is subject to change from time to time without prior notice. The California Housing Finance Agency does not discriminate on any prohibited basis in employment or in the admission and access to its programs or activities. Not printed at taxpayer expense.

MIXED-INCOME LOAN PROGRAM

The CalHFA Mixed-Income Program ("MIP") provides competitive long-term subordinate financing for new construction multifamily housing projects restricting units (tax credit or CalHFA) between 30% and 120% of county Area Median Income ("AMI").

The MIP must be paired with CalHFA's Conduit Bond Issuance Program and a CalHFA Mixed-Income Qualified Construction Lender (defined below). Additionally, the program must be paired with CalHFA's Permanent Loan product or a sponsor must work with a CalHFA Mixed-Income Qualified Permanent Lender (defined below). The Mixed-Income resources will take the form of a subordinate loan to incentivize newly developed multifamily housing projects that serve a range of very low to moderate income renters. Eligible projects must create newly constructed regulated units that meet the income and occupancy requirements reflected below.

Qualifications

APPLICATION:

Sponsors/developers must submit a complete application package which includes all items listed on the application, the application addendum and the checklist. Incomplete application packages will not be considered. The application and checklist can be found at

<u>www.calhfa.ca.gov/multifamily/mixedincome/forms/index.htm</u>. If the sponsor/developer is not able to meet the readiness timeline referenced below, MIP funds may be rescinded and reallocated.

AVAILABILITY:

Available to for-profit, non-profit, and public agency sponsors. Development teams must meet CalHFA experience requirements, as defined in the CalHFA Development Team Qualifications section below.

USES:

MIP Subsidy loans must be used in conjunction with CalHFA's Conduit Bond Issuance Program and a construction loan from a CalHFA Mixed-Income Qualified Construction Lender. MIP Subsidy loans must also be used in conjunction with CalHFA's permanent first-lien mortgage financing or financing from a CalHFA Mixed-Income Qualified Permanent Lender. CalHFA Mixed-Income Qualified Construction and Qualified Permanent Lenders are defined in the CalHFA Lender Qualifications section below.

FINANCING STRUCTURE:

Projects accessing the MIP Subsidy Loan funds must be structured as one of the following:

- 1. Tax-exempt Bond and 4% tax credit project where at least 51% of the units in each project must be tax credit financed, OR
- Qualified mixed-income project under the California Debt Limit Allocation Committee's (CDLAC) regulations (50% or fewer units designated as tax credit or tax-exempt bond restricted) utilizing an allocation of private activity bonds to finance the project, OR
- 3. Qualified mixed-income project through income averaging.

Qualifications (continued)

READINESS:

Projects must have site control and be prepared to submit for a bond and tax credit allocation and will only receive funds if bonds are issued within the issuance timeframes specified in CDLAC Regulations Section 5100.

- Site: The site must be ready for construction (all potential environmental issues have been identified, mitigation plan is in place, and costs associated with the mitigation plan have been incorporated in the development budget). Environmental issues may include but not be limited to receipt of clearances for CEQA, NEPA, and applicable tribal land environmental reviews.
- 2. **Construction Start:** All projects must commit to begin construction 180 days from the earlier of the date of the tax-exempt bond allocation or 4% federal/state tax credit reservation. Within the 180-day period the following items must be submitted to CalHFA in their final form:
 - a. A complete updated application (inclusive of all CalHFA Addendum Items) form along with a detailed explanation of any changes from the initial application,
 - b. An executed construction contract,
 - c. Recorded deeds of trust for all construction financing (unless a project's location on tribal trust land precludes this),
 - d. Binding commitments for any other financing required to complete project construction,
 - e. Copy of a limited partnership agreement executed by the general partner/sponsor and the investor limited partner/equity provider,
 - f. Payment of all construction lender fees,
 - g. Copies of buildings permits (a grading permit does not suffice to meet this requirement except that in the event that the city or county as a rule does not issue building permits prior to the completion of grading, a grading permit shall suffice; if the project is a design build project in which the city or county does not issue building permits until designs are fully complete, the city or county shall have approved construction to begin) or the applicable tribal documents,
 - h. Copy of the notice to proceed delivered to the contractor,
 - i. If no construction lender is involved, evidence must be submitted within 180 days, as applicable, that the equity partner has been admitted to the ownership entity, and that an initial disbursement of funds has occurred.
 - j. Other documentation and information necessary to close construction financing required by CalHFA.

MIP ALLOCATION LIMITS:

- 1. 10% Project Cap: No project may receive more than 10% of the total MIP allocation for the respective year.
- 2. **33% Sponsor Cap:** No sponsor (any individual, entity, affiliate and related entity) may receive more than 33% of MIP funds for the respective year.
- 3. 33% County Cap: No one county may receive more than 33% of MIP funds for the respective year.
- 4. **25% Age-Restricted Cap:** No more than 25% of MIP funds for the respective year may be received by age-restricted projects.

EVIDENCE OF COST CONTAINMENT:

A Cost Containment Analysis will be completed by CalHFA at the time of the Construction Loan Closing.

The developer/sponsor must certify that cost containment measures have been implemented to minimize construction costs. These measures may include but are not limited to 1) competitively bidding out all major subcontractor and self-performing trades 2) obtain 3 bids for all major trades and 3) engage value engineer/consultant during the design process.

Qualifications (continued)

EVIDENCE OF SUBSIDY FEFICIENCY:

A Subsidy Efficiency Analysis will be completed as part of the Application review. The analysis will be completed again prior to closing the MIP Subordinate Loan and the MIP Loan amount may be adjusted based on the final analysis. Parameters of the analysis may include but are not limited to the following:

- A maximum of 1.20 Debt Service Coverage Ratio ("DSCR"). CalHFA may allow an initial DSCR higher than 1.20 on a case by case basis, if deemed necessary;
- A project cash flow that supports the residential component of the project based on the required CalHFA permanent first lien annual debt service coverage ratio;
- A separate project cash flow that supports any commercial component of the project;
- A cashflow after debt service that is limited to the higher of 25% of the anticipated annual must pay debt service payment or 8% of gross income, during each of the first 3 years of project operation;
- Inflation factors and vacancy rates consistent with the Agency's Underwriting Standards and Reference Manual ("USRM");
- Developer Fee requirements will match those required under the 4% federal and/or state tax credit reservation.
- Capitalized reserves shall be subject to approval by Agency for reasonableness consistent with the USRM and the Investor Limited Partnership Agreement (ILPA);
- Review of Excess Sources over final Uses as approved by CalHFA resulting from any of the following:
 - · An increase in tax credit equity;
 - · An increase in permanent loan debt due to a combination of permanent loan rate reduction and/or reduction to operating expense assumptions;
- Construction Cost Savings as evidenced by final cost certification, funds shall be used to reduce the MIP
 loan prior to CalHFA MIP loan closing or if required by other subordinate lenders, funds may be split on a
 pro rata basis between CalHFA and other subordinate lenders.

CalHFA Mixed-Income Qualified Lender Qualifications

A CalHFA Qualified Construction Lender is defined as a Construction Lender that has closed at least 5 construction loans using tax-exempt bonds and 4% federal and/or state tax credits in California within the last 3 years and satisfies the requirement set forth within the application.

A CalHFA Qualified Permanent Lender is defined as a Permanent Lender that has closed at least 5 Permanent loans using tax-exempt bonds and 4% federal and/or state tax credits in California within the last 3 years and satisfies the requirement set forth within the application.

CalHFA Mixed-Income Development Team Qualifications

The **Developer/Co-Developer** must be registered to do business and in good standing in the state of California. A CalHFA Qualified Developer/Co-Developer must have developed at least three (3) comparable projects within the past five (5) years.

The proposed **Project Manager** must have personally managed the development of at least two (2) comparable projects within the past 5 years.

Financial Consultants hired to assist the Developer in meeting the minimum experience requirements must be able to provide details regarding at least three (3) comparably financed projects over the last five (5) years.

CalHFA Mixed-Income Development Team Qualifications (Continued)

Architects new to CalHFA must provide information for three (3) comparable projects they designed that were built and occupied within the past five (5) years.

General Contractor (GC) must be licensed by the State of California. GCs new to CalHFA must provide information related to three (3) comparable (in design) projects built in the past five (5) years. Similar information will be required for the proposed on-site construction supervisor. The on-site construction supervisor must have overseen three (3) comparable projects built in the past five (5) years, and they must have overseen the projects from construction start to final completion.

Management Company must have a local presence or a field office in Northern or Southern CA (depending on the location of the Project) and have experience managing at least ten (10) low to moderate income rent restricted Comparable (size and tenant types) Projects. Also required is a resume for the proposed on-site Property Manager, reflecting prior experience during the past five (5) years managing onsite project operations and compliance with rent restricted units.

Permanent First Lien Loan

Provided by CalHFA or a CalHFA Mixed-Income Qualified Permanent Lender. The permanent loan must meet an initial DSCR of at least 1.15 and must maintain a DSCR of 1.0 or higher for the term of the permanent first lien loan. CalHFA may require an initial DSCR higher than 1.15 on a case by case basis, if deemed necessary.

Construction First Lien Loan

Provided by a CalHFA Mixed-Income Qualified Construction Lender.

Limitations

- 1. MIP cannot be combined with the Tax Credit Allocation Committee's (TCAC) 9% program.
- 2. MIP cannot be combined with other state subordinate debt and/or subsidy programs (this does not include state tax credits). Inclusion of other subordinate debt and subsidy will be allowed at CalHFA's discretion.
- 3. Projects that have a below market rate component as a result of an inclusionary obligation or are 100% below market as a result of an inclusionary obligation must demonstrate master developer commitment through a dollar-for-dollar match of CalHFA's resources. Match can be obtained through a monetary match or equivalent in-kind contributions (e.g., land donation, land use fee concessions.)
- 4. At the time of MIP application to CalHFA, a project must not have already received an allocation of 4% federal and/or state tax credits from TCAC or a tax-exempt bond allocation from CDLAC.
- 5. Projects will not be eligible for other subsidy resources from CalHFA in addition to MIP.

Mixed-Income Project Occupancy Requirements

FEDERAL BOND REGULATORY AGREEMENT REQUIREMENTS (ALL PROJECTS):

Must maintain either (a) 20% of the units must be rent restricted and occupied by individuals whose incomes are 50% or less of AMI with adjustments for household size ("20% @ 50% AMI"), OR (b) 40% or more of the units must be both rent restricted and occupied by individuals whose incomes are 60% or less of AMI with adjustments for household size ("40% @ 60% AMI"): in the latter case, a minimum of 10% of the unit types must be at 50% or less of AMI ("10% @ 50% AMI").

MIXED INCOME REGULATORY AGREEMENT REQUIREMENTS (ALL PROJECTS):

Affordability Requirements:

- 1. To qualify, a project must have at least 10% of the total units restricted as follows*:
 - a. 81% to 120% of AMI with an average of 100% of AMI or greater OR if the market study does not support restrictions at these levels,

Mixed-Income Project Occupancy Requirements (Continued)

 60% to 80% of AMI with an average of 70% of AMI or greater, subject to the Maximum Allowable Rents outlined below.

*(Deviations from the average unit affordability levels of 70% AMI or 100% AMI outlined above will only be considered if market study supports such deviations.)

2. AND either

- a. Tax credit transactions that are income-averaged must not exceed an average affordability of 60% AMI across all restricted units. **OR**
- b. Mixed income per CDLAC definitions, a Qualified Residential Rental Project having 50% or fewer of its total units designated as Restricted Rental Units (as restricted by a Bond or TCAC Regulatory Agreement at 60% AMI or lower-CDLAC Regulations Article 1, Section 5000).

Note: These restrictions will remain in effect for 55 years. MIP regulatory agreement will restrict 10% of the total units at or below 80% of AMI, another 10% of the total units at or below 50% of AMI (or 80% AMI if there is an exception pursuant to Health and Safety Code Section 51335), and in addition to these restrictions, a minimum of 10% of the total units between 81% up to 120% of AMI OR (subject to the requirements identified above) 10%-29% of the total units between 60% up to 80% AMI, and the remaining units restricted at or below 120% of AMI, except for the designated manager's unit(s).

MAXIMUM ALLOWABLE RENTS:

Rents for units restricted at 80% AMI and below must be at least 10% below market rents as evidenced by a current Market Study.

Rents for units restricted between 81%-120% AMI must be at least 10% below market as evidenced by a current Market Study.

Mixed-Income Subordinate Loan

- 1. Maximum loan amount for each project shall not exceed 10% of total MIP allocation for the respective year.
 - a. Maximum loan per restricted (tax credit or CalHFA) units between 50%-80% AMI shall be \$50,000.
 - b. Maximum loan per MIP restricted units between 81%-120% AMI shall be \$100,000.
 - c. Projects located within the Highest or High Resource areas designated on the TCAC/HCD Opportunity Area Map shall be eligible for an additional 5% of the project eligible basis per 4% federal and state tax credit program. Opportunity Map Home Page
- 2. Loan size based on project need but cannot be more than 50% of the permanent loan amount.

Mixed-Income Subordinate Loan Rates & Terms

- 1. Interest Rate: 2.75% simple interest.
- 2. Loan Term: The MIP loan term shall be coterminous with the permanent first lien loan.
- 3. Loan Payment: Residual receipt repayment based on cash flow analysis and split 50% to Owner and 50% to CalHFA and other residual receipt lenders. Residual receipt is defined as 50% of surplus cash which is determined as net operating income minus total debt service and other Agency approved payments. Payments shall be applied to the current and/or accrued interest and then principal of the MIP loan.
- 4. Affordability Term: Up to 55 years.
- 5. Assignability: Consent will be considered.
- 6. Prepayment: May be prepaid at any time without penalty.

MIXED-INCOME LOAN PROGRAM

Mixed-Income 7. Subordination: A subordination and/or extension of MIP maturity request in conjunction with a re-Subordinate syndication, refinance, or ownership transfer ("capitalization event(s)") will be considered. If MIP loan is **Loan Rates &** outstanding at time of the capitalization event(s), the original MIP annual fee schedule will remain in place **Terms** until the earlier of MIP regulatory restriction expiration, including any extensions, or repayment of the MIP (Continued) loan. If the outstanding MIP loan is subordinated at the time of such event, the surplus cash split between borrower and CalHFA and other residual receipt lenders may be altered to reflect an increased percentage of residual receipts to CalHFA out of Borrower's share until such time as the MIP loan is paid in full. The remaining residual receipts may be split between other residual receipt lenders. Funded: Only at permanent loan conversion. **CalHFA Conduit** For more information on CalHFA's Conduit Issuer Program and the fees associated with it, visit CalHFA's website: **Bond Program** www.calhfa.ca.gov/multifamily/programs/forms/termsheet-conduit.pdf **CalHFA First Lien** For more information on CalHFA's Permanent Loan Program and the fees associated with it, visit CalHFA's **Permanent Rates** website: www.calhfa.ca.gov/multifamily/programs/forms/termsheet-perm-tax-exempt.pdf & Terms (subject to change) **Fees** Program Application Fee: \$10,000 non-refundable, due at time of CalHFA MIP application submittal. The (subject to change) application fee shall be credited towards Loan Fee at time of MIP permanent loan closing. Loan Fee: 1.00% of the loan amount (50% due at final commitment and 50% due at CalHFA MIP loan closing). Legal Fee: \$15,000, due at loan closing (applicable if CalHFA is not providing permanent financing). Ongoing Annual MIP Fee Payable in the event that CalHFA is not the Permanent Lender: 0.35% of the Permanent Loan Amount commencing at CalHFA MIP loan closing, calculated based on the principal balance of an amortization schedule with the following assumptions: i) 55 year amortization; ii) start date, interest rate and the loan amount consistent with permanent first lien loan (this fee is applicable if CalHFA is not providing permanent financing and will remain in place until the repayment of the MIP loan). Annual Administrative Fee: \$7,500 per year (subject to change). Conduit Bond Program Fees: Refer to CalHFA Conduit Bond Program www.calhfa.ca.gov/multifamily/programs/forms/termsheet-conduit.pdf CDLAC Fees: Refer to CDLAC regulations for all applicable fees. If CalHFA is selected as the permanent lender, please refer to CalHFA First Lien Permanent Rates & Terms for first mortgage loan fees, credit enhancements, trustee fees, legal fees, inspection fees, administrative fees. www.calhfa.ca.gov/multifamily/programs/forms/termsheet-perm-tax-exempt.pdf

Cal HFA California Housing Finance Agency

CONDUIT ISSUER PROGRAM

MULTIFAMILY HOUSING BONDS

The CalHFA Conduit Issuer Program is designed to facilitate access to tax-exempt and taxable bonds ("Bond") by developers that seek financing for eligible projects that provide affordable multifamily rental housing for individuals, families, seniors, veterans or special needs tenants ("Project"). The conduit Bonds may be used to finance the acquisition, rehabilitation, and/or development of an existing Project, or they can be used for the construction of a new Project.

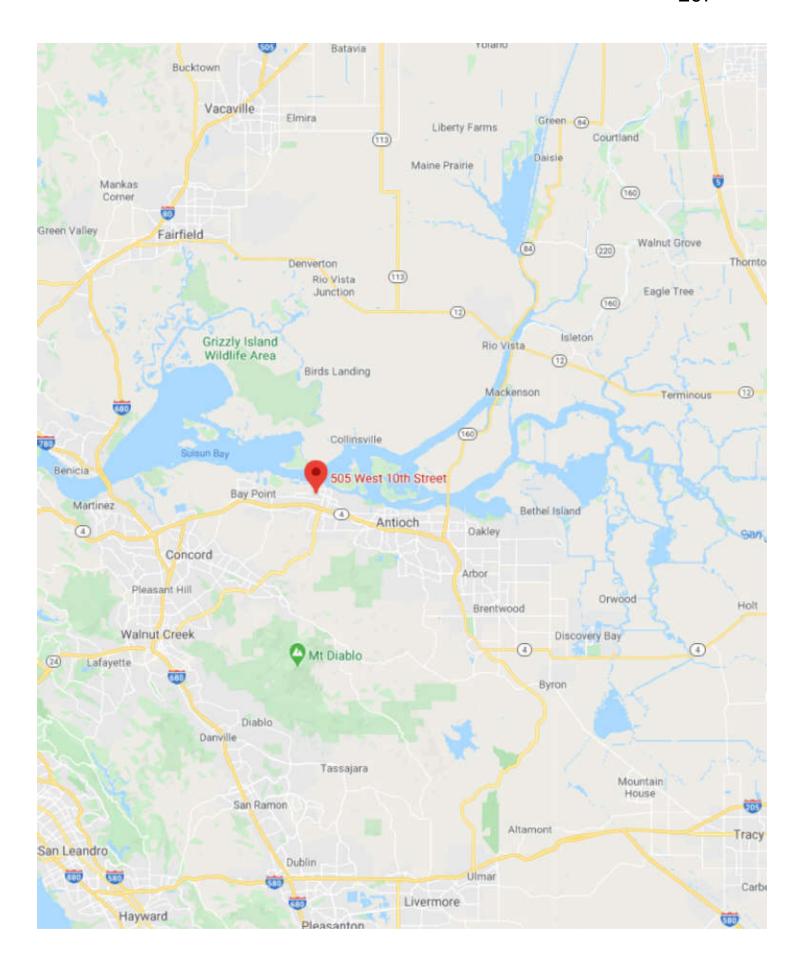

Qualifications	 Available to for-profit, non-profit or public agency sponsors. Non-profit borrowers may be eligible for 501(c)(3) bonds. If bond proceeds are utilized to pay off an existing CalHFA portfolio loan visit www.calhfa.ca.gov for the CalHFA Portfolio Loan Prepayment Policy.
Bond Amount	Bond amount is determined by the loan amount of the selected construction lender.
Fees (subject to change)	 Application Fee: \$5,000 non-refundable, due at time of application submittal (covers the cost of the TEFRA) and is credited towards the CalHFA Issuer Fee. Issuer Fee: The greater of \$15,000 or 0.20% of the Bond amount if less than \$20 million dollars If more than \$20 million dollars: \$40,000 + 0.10% of the amount above \$20 million dollars Annual Administrative Fee: \$7,500 (scattered site projects may require increased fees) due and payable in advance in annual installments commencing on Bond issuance through the term of the regulatory period. Public Sale: additional fee of \$5,000 to \$10,000 applies when Bonds are sold to the public. CDLAC Allocation Fee: 0.035% of the Bond amount, \$1,200 of which is due at time of CDLAC application submittal with the remaining fee due at construction loan closing, and is payable to CDLAC. CDLAC Performance Deposit: 0.50% of the requested Bond amount, not to exceed \$100,000, due at time of CDLAC application submittal. Deposit to be refunded after the Bond closing, upon receipt of authorization letter from CDLAC. The Borrower shall be responsible for all other costs of Bond issuance including fees of the underwriter, trustee, rating agencies, lender, compliance administrator, all Bond counsel legal fees, and any other parties required to complete the transaction.

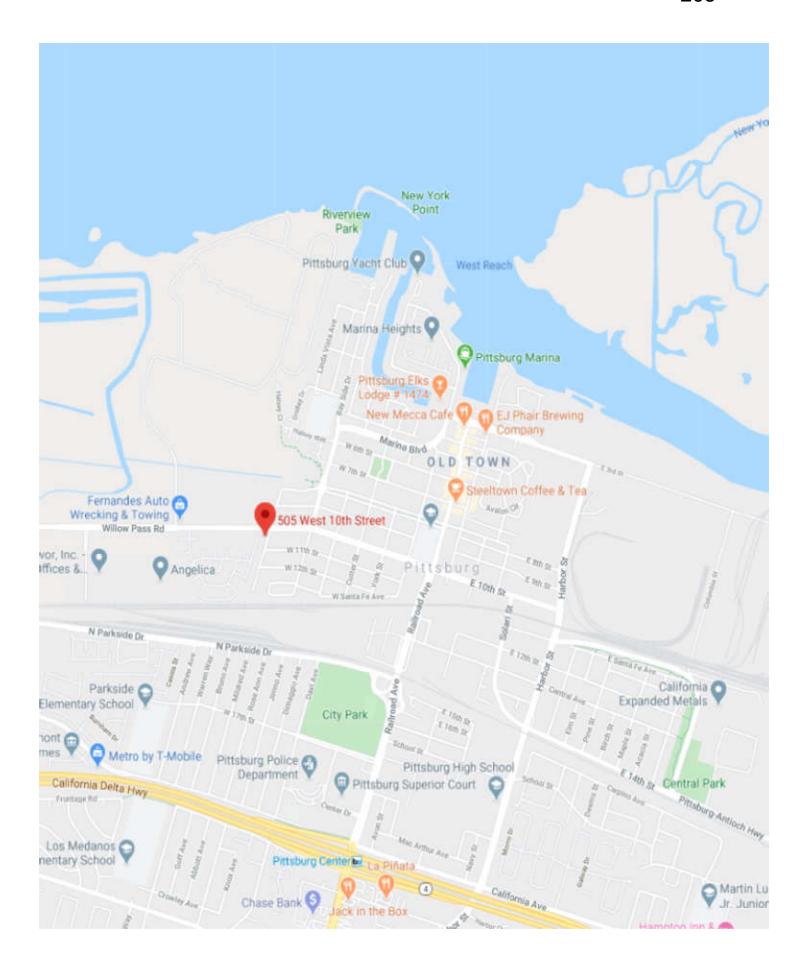

Occupancy Requirements

- Either (A) 20% of the units must be rent restricted and occupied by individuals whose incomes are 50% or less of the area median income as determined by HUD ("AMI") with adjustments for household size ("20% @ 50% AMI"), or (B) 40% or more of the units must be both rent restricted and occupied by individuals whose income is 60% or less of the AMI, with adjustments for household size ("40% @ 60% AMI"); however in the latter case, a minimum of 10% of the units must be at 50% or less of AMI.
- Borrower will be required to enter into a Regulatory Agreement which will be recorded against the Project
 for the Qualified Project Period (as defined in the CalHFA Regulatory Agreement). This includes the latter
 of the federally-required qualified project period, repayment of the Bond funded loan, redemption of the
 Bonds or the full term of the CDLAC Resolution requirements.

TRANSACTION OVERVIEW

6. Proposal and Project Strengths

- The Project will provide the opportunity of homeownership to workforce households earning between 81%-120% AMI, as dictated by CalHFA and FNMA loan program requirements.
- The City's' Affordable Housing Agreement and Performance Deed of Trust will require homes be sold to workforce households in perpetuity.
- The Project is a step forward in providing homes to families that were displaced during the recent fire disasters in Sonoma County.

- The City is contributing to the Project by donating the land to HLT and has provided a predevelopment grant of \$95,000 that has already paid for land entitlements.
- The County of Sonoma is contributing to the project by providing a grant of \$100,000 from their Transient Occupancy Tax (TOT) funds.
- It is anticipated that potential homeowners will obtain FNMA financing through CalHFA's approved lenders.

7. Project Weaknesses with Mitigants:

- The developer, HLT, and this type of financing plan are new to CalHFA. However, HLT has successfully completed 85 homes in 6 cities within Sonoma County under this financing structure. HLT has also completed 16 repurchases that did not require any additional subsidy.
- County and City funds could potentially trigger prevailing wage. To mitigate, \$79,000 has been set-aside in contingency. In the event PW is not required, contingency will go towards further lowering the initial BMR home sale price for the qualified homebuyer.

8. Underwriting Standards or Term Sheet Variations

- This financing structure is new to CalHFA which will fund site work, permit and impact fees, and a portion of architect
 and engineering costs during the initial sitework phase of the project. CalHFA will provide funds in exchange for 99-year
 restricted covenants on the land.
- CalHFA will enter into a purchase and sales agreement with HLT and record affordability covenants on the fee ownership.
- At closing, CalHFA will fund 90% of proceeds to HLT. Once HLT provides evidence these funds were used as expected, the remaining 10% will be funded to HLT.

9. Project Specific Conditions of Approval

Approval is conditioned upon:

- CalHFA approval of Affordable Housing Agreement between City and HLT.
- Receipt of current Phase I report including reliance by CalHFA.
- Approval by HLT of CalHFA purchase and sales agreement and affordability covenants to be recorded on fee ownership prior to release of CalHFA proceeds.
- Receipt of final contract between HLT and general contractor, RCX, for sitework preparation.
- Receipt of final contract between HLT and RNH for modular home construction, delivery, and sale of homes services.
- Receipt of final contract between RNH and general contractor, Sharp Construction Company, for modular home connection.
- Any cost savings will go towards further lowering the initial BMR home sale price for the qualified homebuyer(s).
- CalHFA will require HLT to enter into a Purchase & Sales Agreement that will (i) require CalHFA proceeds to be used for the Project and (ii) require HLT to enter into a regulatory agreement with CalHFA for affordable housing that will be recorded at closing against fee ownership for 99-years.

10. Staff Conclusion/Recommendation:

The Multifamily Lending Division supports approval of the described financing in the amount(s) requested, subject to the above proposed terms and conditions.

MISSION & AFFORDABILITY

11. CalHFA Mission/Goals

This Project and financing proposal will help provide much needed 5 single-family affordable homes available for purchase, totaling 15-bedrooms, to workforce households earning between 81% to 120% of AMI.

12. CalHFA Affordability & Occupancy Restrictions

- CalHFA's covenants will restrict use of the land for purposes of affordable housing for a term of 99 years.
- The City's Affordable Housing Agreement and Performance Deed of Trust will be recorded on fee ownership ahead of the recorded CalHFA affordability covenants.
- The City's Performance Deed of trust secures performance of selling and reselling homes to AMI restricted households under the Affordable Housing Agreement.

Not applicable.

APPRAISAL AND MARKET ANALYSIS

15. Appraisal Review

- Project site is currently owned by the City who will be donating the land to HLT.
- The recent comparable sales for a similar sized existing (41 years old average) market-rate home is \$640,000 average (including land costs). Homes are selling an average of 29 days on the market for 99% of the asking price.
- Home sales of new construction 3br 2ba with comparable sf (2,580 avg) average \$808,686 (\$313.44 per sf) The lower
 cost per sf is attributed to economy of scale (4 of 5 comps are located in a large community of 47 other new homes),
 the community is also subject to HOA fees of \$166 per month and CFD assessment of \$1,076 annually. Neither of these
 costs apply to the Subject Property.
- The estimated initial sales price of each BMR home is \$392,368, which is substantially lower than the market-rate homes, therefore an appraisal is not necessary. An appraisal for each home will be commissioned by the mortgage lender prior to sale.
- The initial sales price for homes will be determined by lesser of the mortgage lender or maximum initial sales price as dictated pursuant to the City's Affordable Housing Agreement.

•	•	Market Study: N/A	Dated: N/A
---	---	-------------------	------------

- Market Study is not applicable.
- HLT maintains a waitlist of potential qualified homebuyers and performs community outreach by visiting local employers in order to market their homes to individuals working in the area who receive 1st priority. The homes are expected to be sold immediately after receipt of certificate of occupancy.

DEVELOPMENT SUMMARY

16.	Site Description	Requires Flood Insurance: 🗌 Yes 🔀 No				
•						
•	The site consists of one	e parcel that will be split into 5 individual parcels prior to transfer of land to HLT.				
•	The site is zoned NM (Neighborhood, Medium), with permitted single-family residential use.					
	The subject is located in Flood Zone X (area of minimum flood hazard). Zone X is the area determined to be outside the 500-year flood area, therefore the Project will not be subject to flood insurance.					
17.	Form of Site Control &	Expiration Date				
suppo		of Cotati, has approved transferring the site at no-cost to HLT as evidenced by a letter of the City and HLT will enter into an Affordable Housing Agreement prior to CalHFA purchase of osing.				
The si	te transfer is expected t	to occur in July or August 2020.				
•	Phase 2- HLT will terminate ground lease with RCX, Inc. and enter into new ground leases for each lot with Renew Now Homes LLC in the amount of \$1 per month. The individual ground leases will be terminated once construction is completed and sold to qualified homebuyers.					
		e for a term of 99-years with an option to renew.				
Throu	gh all phases, HLT will b	pe fee owner of the land.				
18.	Current Ownership En	ritity of Record				
Title is	s currently vested in The	e City of Cotati as the fee owner.				
19.	Environmental Review	v Findings				
red	• A Phase I Environmental Site Assessment performed by Raven Research Inc., dated 12/19/2011 revealed no evidence of recognized environmental conditions, so no additional investigation was recommended. A new Phase I report will be required prior to release of CalHFA funds.					
20.	Seismic	Requires Earthquake Insurance:				
	=	uilt to FNMA, State, and City of Cotati Building Codes so no seismic review is required by				
	olHFA. The small need to meet	seismic requirements for purposes of qualifying for FNMA's MH Advantage loan program.				
21.	Relocation	Requires Relocation: 🗌 Yes 🔀 Not Applicable				
• T	he Project is new const	ruction, therefore, relocation is not applicable.

26. Seller Affiliated Entities • Seller entity: Housing Land Trust of Sonoma County, a California non-profit public benefit corporation. - Board of Directors President- David Sears 27. Developer/Guarantor The Housing Land Trust of Sonoma County ("HLT") is a non-profit organization that was founded in 2002. HLT has created homeownership opportunities for workforce families throughout Sonoma County. HLT has housed 101 families, has 85 existing homes, and currently has 32 homes under construction with an additional 82 homes in planning stages. HLT is donating their time and resources to this project and will not be collecting a fee. HLT collects up to \$95 per month per ground lease that goes towards marketing their homes and stewardship costs of running their programs. HLT performs community outreach by visiting local employers in order to market their homes to individuals working in the area who receive 1st priority and remains in regular contact with its homeowners.

28. Real Estate Builder/Broker

Renew Now Homes ("RNH") will finance, through its revolving line of credit with Bank of Stockton, and facilitate the delivery of the modular homes from Palm Harbor Homes and connection of the modular homes by Sharp Building Company (Phase 2). RNH was founded in 2017 and works with top American home manufacturers to offer newly-constructed Rapid Build modular homes to help people rebuild their lives and communities as quickly as possible after natural disasters.

Mark Westphal, the founder and principal of RNH, is a licensed Real Estate broker and loan officer that has over 27 years of experience in the single-family market.

29. Contractor

Experienced with CalHFA? Yes No

RCX, Inc. ("RCX") General Contractor for sitework was founded in 1995 and provides services in all facets of General Engineering construction including grading, paving, earthwork, and underground utilities. RCX has completed 950 single-family homes and currently has 7 projects under construction.

Palm Harbor Homes, the Manufacturer of the modular homes has been in business for over 40 years and has vast experience in manufacturing modular homes that meet HUD's design requirements.

Sharp Construction Company ("Sharp"), the General Contractor for modular installation, was founded in the 1970s and has installed over 2,000 manufactured/modular homes. Sharp is a full-service general contractor that specializes in factory-built installations, commercial and residential foundations and buildings.

30. Architect

Experienced with CalHFA? Yes No

The architect is Shawn Montoya dba. Montoya & Associates ("M&A") and has over 35 years of extensive experience in designing and managing similar projects in California through the locality's building permit process. M&A's portfolio includes hundreds of successful commercial, residential, and industrial projects throughout the Bay Area. M&A's comprehensive understanding of building codes and permitting procedures has enabled him to develop excellent working relationships with representatives of many local jurisdictions.

The Architect will also act as the Construction Manager through the building process.

31. Civil Engineer

Steven J. Lafranchi & Associates, Inc. ("SJLA") is the civil engineer for the project. SJLA was founded in 1990 and has completed numerous projects in Petaluma and Sonoma County. SJLA specializes in civil engineering, land survey, land planning, and landscape architecture.

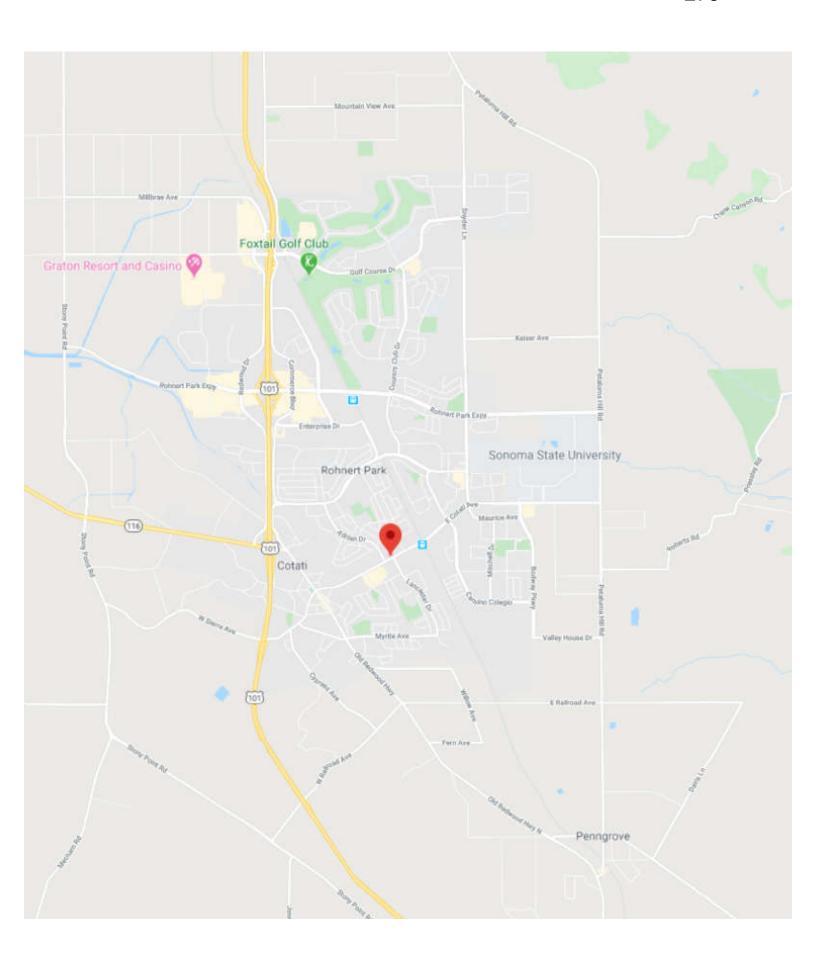

SJLA will be responsible for completing the entitlement process.

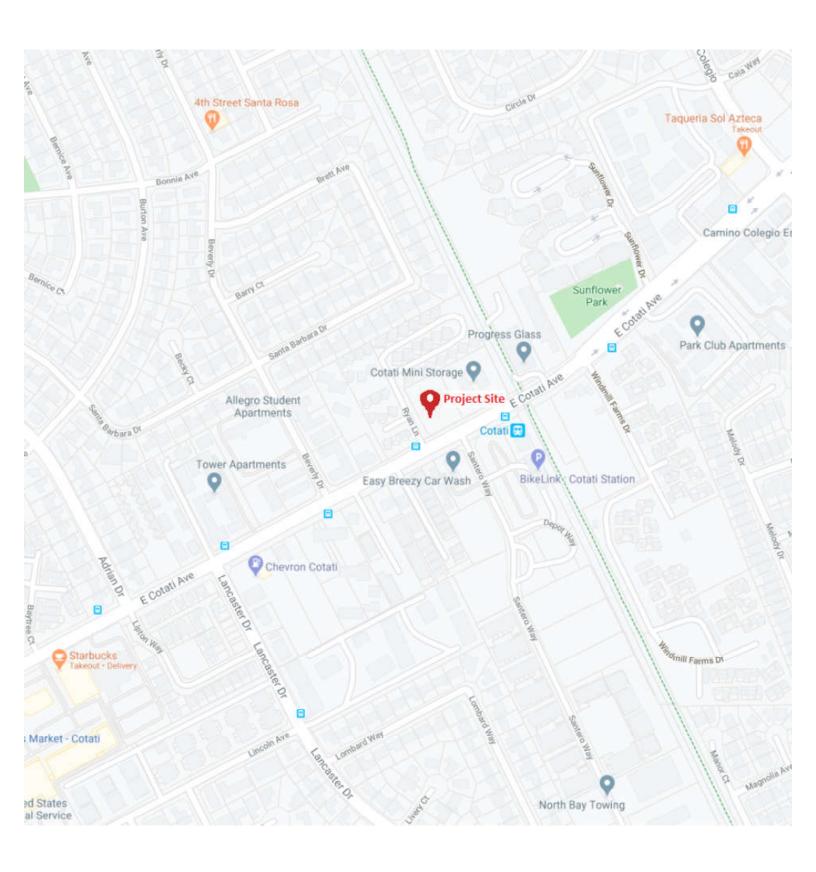

32. Local Review

On June 15, 2020 CalHFA received a letter from the City Manager of the City of Cotati expressing their support of the project.

State of California

MEMORANDUM

To: Board of Directors **Date:** August 24, 2020

Timothy Hsu, Interim Director of Financing

From: CALIFORNIA HOUSING FINANCE AGENCY

Subject: AGENCY BONDS, INTEREST RATE SWAPS, AND FINANCING RISK FACTORS REPORT

EXECUTIVE SUMMARY:

Since our last report, the variable rate debt decreased by \$37 million, from \$147 million to \$110 million; and the swap notional outstanding decreased by \$30 million, from \$525 to \$495 million.

- 1) We now have more swap notionals (\$495mn) than variable rate debt (\$110mn). This is due to our strategy of aggressively deleveraging the balance sheet by redeeming variable rate bonds. At this point we believe this mismatch is manageable.
- 2) Our collateral posting risk has been contained to around the \$20 million range--at its height, it was \$132 million.
- 3) We are continuing our general strategy of winding down our swap portfolio as quickly as we can while incurring as little cost as possible.

The following report describes our bond and interest rate swap positions as well as the related risks associated with variable rate and swap strategies. The report is divided into sections as follows:

- 1) Outstanding Bonds
- 2) Variable Rate Debt
 - a) Variable Rate Debt Exposure
 - b) Types of Variable Rate Debt
 - c) Liquidity Providers
 - d) Interest Rate Swaps
- 3) Financing Risk Factors
 - a) Unhedged Variable Rate Risk
 - b) Basis Risk
 - c) Amortization Risk
 - d) Termination Risk
 - a) Collateral Posting Risk

1) **OUTSTANDING BONDS**

Below is the Agency's outstanding debt position. This table does not include any pass-thru or conduit financings which make up an additional \$2,064 million. For the purposes of this report, this conduit/pass-thru amount will not be included in the tables or calculations.

BONDS OUTSTANDING As of August 1, 2020 (\$ in millions)

	<u>Fixed Rate</u>	Variable Rate	<u>Totals</u>
Single Family	\$337	\$109	\$446
Multifamily	<u> 154</u>	1	155
TOTALS	\$491	\$110	\$601

2) VARIABLE RATE DEBT

a) VARIABLE RATE DEBT EXPOSURE

This section describes the variable rate bonds of CalHFA and is organized programmatically by indenture as follows: HMRB (Home Mortgage Revenue Bonds--CalHFA's largest single family indenture) and MHRB (Multifamily Housing Revenue Bonds III--CalHFA's largest multifamily indenture). The total amount of CalHFA variable rate debt is \$110 million, 18% of the \$601 million of bond indebtedness as of August 1, 2020.

VARIABLE RATE DEBT (\$\\$\) in millions)

	Swapped to Fixed Rate	Not Swapped	Total Variable <u>Rate Debt</u>
HMRB (SF) MHRB (MF)	\$ 24 1	\$85 <u>0</u>	\$109 1
Total	\$25	\$85	\$110

b) Types of Variable Rate Debt

The following table shows our variable rate debt sorted by type, i.e., whether auction rate, indexed rate, or variable rate demand obligations (VRDOs). Auction and indexed rate securities cannot be "put" back to us or to a third party by investors; hence they typically bear higher rates of interest than do "put-able" bonds such as VRDOs.

TYPES OF VARIABLE RATE DEBT

(\$ in millions)

	(*			
	Auction Rate & Similar Securities	Indexed Rate Bonds	Variable Rate Demand Obligations	Total Variable Rate <u>Debt</u>
HMRB MHRB	\$0 1	\$85 0	\$24 0	\$109 1
Total	\$1	\$85	\$24	\$110

c) **LIQUIDITY PROVIDERS**

The Agency has negotiated lines of credit with private banks. Under these liquidity provider agreements, if our variable rate bonds cannot be remarketed these liquidity providers are required to buy the bonds from the bondholders. The table below shows the banks which are providing liquidity.

LIQUIDITY PROVIDERS
As of 8/1/2020
(\$ in millions)

Financial Institution	\$ Amount of Bonds
MUFG Bank, LTD	\$24

d) <u>INTEREST RATE SWAP</u>

Currently, we have a total of 51 "fixed-payer" swaps with nine different counterparties for a combined notional amount of \$495 million. All of these fixed-payer swaps are intended to establish synthetic fixed rate debt by converting our variable rate payment obligations to fixed rates. The table below provides a summary of our swap notional amounts.

FIXED PAYER INTEREST RATE SWAPS

(notional amounts)
(\$ in millions)

	(\$ 111 11111111111115)		
	<u>Tax-Exempt</u>	<u>Taxable</u>	<u>Totals</u>
HMRB	\$152	\$7	\$159
MHRB	<u>336</u>	0	<u>336</u>
TOTALS	\$488	\$7	\$495
	SWAPS (\$ in millions)		
	Hedging	Not Hedging	
	Bonds	Bonds	<u>Totals</u>
HMRB	\$ 24	\$135	\$159
MHRB	2	334	336
TOTALS	\$26	\$469	\$495

For all of our fixed-payer swaps, we receive floating rate payments from our counterparties in exchange for a fixed-rate obligation on our part. In today's market, the net periodic payment owed under these swap agreements is from us to our counterparties. As an example, on our August 1, 2020 semiannual debt service payment date we made a total of \$8.4 million of net payments to our counterparties. Conversely, if short-term rates were to rise above the fixed rates of our swap agreements, then the net payment would run in the opposite direction, and we would be on the receiving end.

The table below shows the diversification of our fixed payer swaps among the nine firms acting as our swap counterparties.

SWAP COUNTERPARTIES

	Credit	Ratings	S	al Amounts wapped of 8/1/2020	Number of
Swap Guarantor	Moody's	<u>S&P</u>		n millions)	<u>Swaps</u>
Merrill Lynch Derivative Products	Aa3	AA	\$	226	29
JPMorgan Chase Bank, N.A.	Aa2	A+		101	6
Deutsche Bank AG	A3	BBB+		62	6
Goldman Sachs Mitsui Marine Derivative Products, L.P.	Aa2	AA-		47	3
AIG Financial Products, Corp. ²	Baa1	BBB+		23	2
BNP Paribas	Aa3	A+		14	1
Dexia Credit Local New York Agency ²	Baa3	BBB		8	1
UBS AG	Aa3	A+		7	1
Citigroup Financial Products, Inc.	А3	BBB+		7	2
			\$	495 1	51

¹ \$52Mn of Basis Swaps not included in totals; (recent payments have been positive to the Agency, though they have been comparatively small)

² Swap counterparty's rating has triggered Additional Termination Event (ATE); Agency has right to terminate the associated swaps; additionally, the rating agencies no longer consider these swaps to be effective hedges see "Termination Risk" section of report

3) FINANCING RISK FACTORS

a) UNHEDGED VARIABLE RATE RISK

As shown in Sec. 2(a), the Variable Rate Debt table, our variable rate exposure (not swapped) is \$85 million. This variable rate exposure is offset by the Agency's variable rate investments and excess swap positions. The Agency's balance sheet has: i) \$214 million (six month average balance) invested in the State Treasurer's investment pool (SMIF) earning a variable rate of interest; and, ii) \$469 million notional amount of interest rate swaps in excess of the hedged bonds. From a risk management perspective, these two positions serve as a balance sheet hedge for the \$85 million of variable rate exposure.

b) **BASIS RISK**

Almost all of our swaps contain an element of what is referred to as "basis risk" – the risk that the floating rate component of the swap will not match the floating rate of the underlying bonds. This risk arises because our swap floating rates are based on indices, which consist of market-wide averages, while our bond floating rates are specific to our individual bond issues. The only exception is where our taxable floating rate bonds are index-based, as is the case of the taxable floaters we have sold to the Federal Home Loan Banks.

The floating formulas of Agency swaps are usually indexed to LIBOR or SIFMA. LIBOR is the London Interbank Offered Rate index which is used to benchmark taxable floating rate debt, and SIFMA is the Securities Industry and Financial markets Association Index to benchmark taxexempt variable rates. When the SIFMA/LIBOR ratio is very high, the swap payment we receive falls short of our bond payment, and the all-in rate we experience is somewhat higher. The converse is true when the percentage is low.

c) **AMORTIZATION RISK**

Our bonds are generally paid down (redeemed or paid at maturity) as our loans are prepaid. Our interest rate swaps amortize over their lives based on assumptions about the receipt of prepayments, and the single family transactions which include swapped bonds have generally been designed to accommodate prepayment rates between two and three times the "normal" rate. Our interest rate swaps generally have had fixed amortization schedules that can be met under a sufficiently wide ranges of prepayment speeds. In addition, swaps that were entered into after 2003 had swap termination options which allowed the Agency to terminate all or portions of the swap at par (no cost to terminate). The table on the next page shows the par terminations that the Agency has exercised to date.

_	Actual Swap Par Options Exercised (\$ in thousands)	_	Future Swap Par Options (next 5 years) (\$ in thousands)
2004	\$12,145	2021	26,465
2005	35,435	2022	7,860
2006	20,845	2023	18,985
2007	28,120	2024	19,080
2008	18,470	no ca <u>l</u>	ll options after 2024
2009	370,490	_	72,390
2010	186,465	_	
2011	288,700		
2012	361,975		
2013	243,855

2016	191,215		
2017	122,215		
2018	27,470		
2019	9,810		
2020	990		
=	\$2,175,500	•	

d) <u>Termination Risk</u>

Termination risk is the risk that, for some reason, our interest rate swaps must be terminated prior to their scheduled maturity. Our swaps have a market value that is determined based on current interest rates. When current fixed rates are higher than the fixed rate of the swap, our swaps have a positive value to us (assuming, as is the case on all of our swaps today, that we are the payer of the fixed swap rate), and termination would result in a payment from the provider of the swap (our swap "counterparty") to us. Conversely, when current fixed rates are lower than the fixed rate of the swap, our swaps have a negative value to us, and termination would result in a payment from us to our counterparty.

Our swap documents allow for a number of termination "events," i.e., circumstances under which our swaps may be terminated early, or "unwound". One circumstance that would cause termination would be a payment default on the part of either counterparty. Another circumstance would be a sharp drop in either counterparty's credit ratings and, with it, an inability (or failure) of the troubled counterparty to post sufficient collateral to offset its credit problem. It should be noted that, if termination is required under the swap documents, the market determines the amount of the termination payment and who owes it to whom. Depending on the market, it may be that the party who has caused the termination is owed the termination payment.

The termination value of our interest rate swap contracts was a negative \$380 million at its lowest in January 2012. Below is the current termination value of our swaps.

	Termination Value
Date	(\$ in millions)
6/30/2019	(\$93)
9/30/2019	(\$98)
12/31/2019	(\$85)
3/31/2020	(\$68)
6/30/2020	(\$113)

e) **COLLATERAL POSTING RISK**

Some ISDA agreements that we have entered into with the swap counterparties have collateral posting requirements. These postings are a function of the mark-to-market, ratings, threshold amounts, independent amounts and any collateral already posted. Our trades are valued weekly, and our collateral position is adjusted weekly based on those valuations. Failure to post the required collateral can result in a termination event.

The Agency's obligation to post collateral under certain of its interest rate swap contracts has declined from its peak of \$132 million at the end of January 2012. Between February 1, 2020 and August 1, 2020, the Agency's collateral posting requirements have ranged between \$20 million to \$21 million.

The table below shows the required collateral amounts currently posted to swap counterparties.

	Swap Collateral Posting as of 8/12/2020 (\$ in millions)
JPMorgan	\$15.00
BoA/Merrill Lynch	5.68
	\$20.68

State of California

MEMORANDUM

To: CalHFA Board of Directors Date: September 10, 2020

From: Donald Cavier, Chief Deputy Director CALIFORNIA HOUSING FINANCE AGENCY

Subject: FY 2019-20 Year End Business Plan & Operating Budget Report as of June 30, 2020

Background

This memorandum is intended to provide the Board with a comparison of the year end performance of our Single Family Lending and Multifamily Lending programs against the production goals adopted in the fiscal year 2019-20 Strategic Business Plan. Additionally, two attachments have been included to provide the Board with a broader perspective on the accomplishments of CalHFA in fiscal year 2019-20:

- Attachment 1 FY 2019-20 Year End Business Plan Update with Action Item Status
- Attachment 2 FY 2019-20 Lending and Agency Resources Charts & Graphs

2019-20 Business Plan (Lending Update)

Single Family Lending production exceeded its business planning goals for both loan volume and revenue generation. CalHFA's hardworking staff and our concerted efforts to streamline processes, consummate more advantageous partnerships and invest in system improvements has really paid dividends. For Single Family Lending, fiscal year 2019-20 surpassed last year's record setting year and now stands as the programs best year in the history of CalHFA. The program helped more than 13,000 low- and moderate-income first-time homebuyers achieve their dream of homeownership.

• With a goal of \$2 billion in first mortgage lending for the fiscal year, Single Family Lending securitized \$4 billion or 200% of business planning goals. Similarly, net revenues were \$74.7 million which significantly outperformed expectations.

 Subordinate lending for the Single Family Lending had a goal of \$110 million and a revenue target of \$3.5 million in administrative fees. At the end of the fiscal year, \$213.7 million in subordinate loans have been purchased and \$6.6 million of administrative fees earned representing 194% and 189% of business plan goals respectively.

Similarly, Multifamily Lending production exceeded business planning goals of \$500 million by 187%; closing \$936 million in total lending volume creating and/or preserving 3,509 units of affordable housing.

- With a goal of \$120 million in permanent lending, Multifamily Lending closed \$78 million, financing 508 units of affordable housing and generating \$7.6 million in revenues (present value of future revenues).
- The Mixed-Income Program (MIP) had a goal of \$40 million in lending activity for the fiscal year. At fiscal year end, the program closed \$36.1 million, financing 1,055 units and generating \$7.9 million.
- The conduit issuance goal was \$320.7 million for the fiscal year. At fiscal year end, the program closed \$789.5 million in conduit issuance financing 1,220 units (Conduit Only) of affordable housing and generating \$6.4 million in revenue (present value of future revenues).
- The Special Needs Housing Program (SNHP) goal was \$20 million for the fiscal year. At
 fiscal year end, the program closed \$32.9 million in transactions, financing more than
 726 affordable special needs housing units, and earning \$2.1 million in revenue from
 lending activity and administrative fees from new allocations of funding from several
 counties.

Resource and Operating Budget Update

Agency resources, which are recycled back into affordable housing efforts, are primarily generated from loan origination fees, principal and interest payments on loans, compliance monitoring fees, etc. Overall, the Agency recorded \$161 million in resources and therefore exceeded the target of \$70.5 million or 229% of goal. Conversely, Agency operating expenses for the year were \$35.8 million or 14% below the approved budget. The Agency's resource generation continues to improve each year and operating expenses have been held level despite the increased costs of healthcare, state-approved general salary increases, pension and post-retirement medical benefits. This has been achieved through a deliberate effort to improve the efficiency and effectiveness of our programs and the systems we use to administer them.

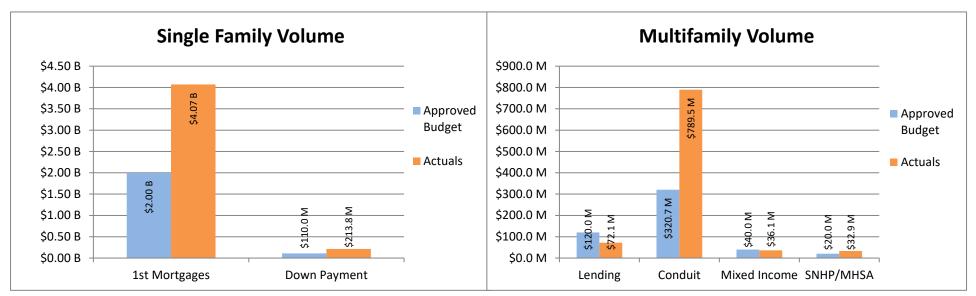

CalHFA Strategic Business Plan FY 2019-20 (Year End Update)

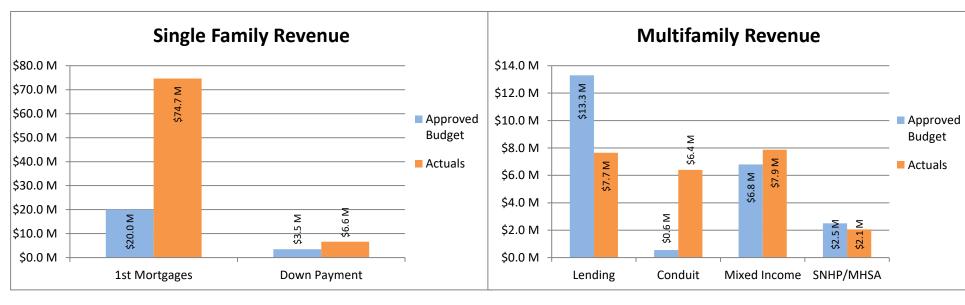

Mission: To create and finance progressive housing solutions so more Californians have a place to call home.

BUSINESS PLAN GOALS	KEY STRATEGIES	ACTION ITEMS	Initial Plan Year	Multi-Year	Expected	Progress	Item
